DOTY'S WASHING MACHINE

LATELY IMPROVED—And the NEW

UNIVERSAL CLOTHES WRINGER.

Improved with Rowell's Patent Double Cog-wheels, and the Patent-Stop, are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—Rev. L. Scott, Bishop M. E. Church.

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—Rev. Theodore L. Cuyler.

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—N. Y. Observer.

"I heartily commend it to economists of time, money, and contentment."—Rev. Dr. Bellows.

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our Machine,' after a year's use, is thought more of to-day than ever and would not be parted with under any circumstances."—So on Robinson.

The N. Y. Weekly Tribune, of Dec. 15, 1869, in answer to a correspondent, says: "If Washers, there is none to be compared with Doty's."

Prices—A Fair Offer.

If the Merchants in your place will not furnish, or send for the Machines, send us the retail price, Washer $14, Extra Wringer, $9, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines free of freight, after a month's trial, according to directions.

No husband, father or brother should *permit* the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Sold by dealers generally, to whom liberal discounts are made.
