FIRST PREMIUM COOK STOVE.

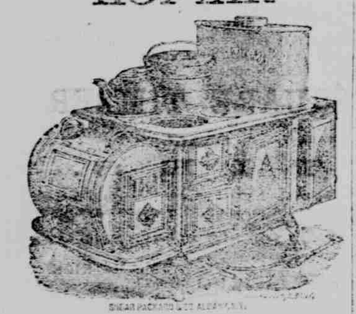
This Stove took the First Premium over allother Cook Stoves at the State Fair, held at Rocherter, on the 1st dayof October, 1862.

Also at the New York State Fair of 1863.

ECONOMY IS WEALTH.

This maxim will be fully demonstrated by buying an

AMERICAN HOT AIR



COOKING STOVE.

AS it will bake, broil or roast better than any other Stove, with a saving of 25 per cent. in fuel, and a very large percentage in convenience.

They have the fyllowing advantages:

1st. They are constructed with a view of great durability; all the plates exposed to the fire are made of an extra thickness.

2d. The flues are lined with non-conducting cement, thereby applying the heat directly to the oven, and the oven can be heated and kept in baking order with less fuel than any other Stove.

3d. They have a hot air draft, which not only makes the fuel burn freely, and last longer, but adds to the heating and baking facilities.

4th. They consume all the gases from the fuel, thereby adding largely to the amount of heat obtained from the quality of fuel used.

5th. The stove is made, mounted and finished in the most superior manner. The oven is large and well ventilated. The Stove is convenient in form, and made for use; to adopt the language of some who have used this Stove, "it will do more work with less fuel than any other Stove." In proof we add the following testimony:

From the Auburn Advertiser.

AMERICAN HOT AIR COOKING STOVE.—Our readers have noticed an advertisement in our columns of the American Hot Air Cooking Stove, manufactured by Shear, Packard & Co., Albany, N. Y. This Stove took the First Premium at the last State Fair, and at our last County Fair. It is worthy of the high compliment thus paid it. We have used the Stove for three months past, and have no hesitation in pronouncing it the best Cook Stove we have any knowledge of. It seems to be perfect in every respect. We guarantee that it will give good satisfaction to any family who purchase it. Baldwin & Chodell have it for sale.

MR. STOCKWELL—MY DEAR SIR: In reply to your inquiry as to the practical working of the "American Cooking Stove" which you sent up for us, Mrs. W. authorizes me to say, that in the matter of *baking*, which is the great desideratum in a Cook Stove, the American is *perfect*, baking evenly in whatever part of the oven the article is placed and requiring no turning of the pans to insure an equal heat on all sides. She pronounces it the most economical in fuel, and the most easily regulated of any she has ever seen. Very truly yours,

Bridgeport, April 21st, 1863 J. A. WILLEY

FAIRFIELD, CONN., April 17th, 1863.

MR. GEO. P. STOCKWELL—Dear Sir: Last December we purchased from you the "American Hot Air Cooking Stove." We have seen nothing of the kind which is constructed on such scientific principles—insuring the thorough consumption of the fuel—obtaining the greatest amount of heat possible at a small expense, and so distributing it as to secure all the results for which a Cooking Stove is required. We can safely say that it fully realizes all the expectations which we had formed from the recommendations we had seen, and we can therefore honestly recommend it to any person in search of such an article, as combining economy and utility.

Yours, &c, ALEX. McLEAN, JR.

ROOMS

PLYMOUTH, MARSHALL COUNTY, INDIANA

The proprietor of this establishment having purchased the late interest of A. J. Hassler in the same, and having made expensive additions thereto is now prepared to do all kinds of Photographing, Ambrotyping, Ferrotyping and Melainotyping in the highest style of the art. His large sky and side lights enable him to take all kinds of pictures in all kinds of weather.

He is now having an immense run of those beautiful Carte de Visites, that are all the rage in the cities. They are just the thing and everybody should have a dozen at once.

Life sized Photographs as true to nature as nature is true to herself, and very popular Pictures of all kinds copied and enlarged.

Don't fail to procure a life likeness of your Father, Mother, Son, Daughter, Husband or Wife before their dear faces are hidden from your view by the grave. Money could not buy from you the poorest and faintest Photographic image of the lost loved one. Then delay not a day lest the substance fade ere you secure the shadow.

The undersigned having had years of experience in the picture business, and having recently become familiar with all the late improvements in the art, flatters himself that his work will compare favorbly with the best done in the cities.

New and beautiful pictures, Stereoscopic views etc., will constantly be added to the already respectable stock; so that this establishment will indeed be a "Fine Art Gallery." Call and see the pictures. F. H. HALL, AGENT.
