ACT OF 1852-1903

Coal Strike Commission Resumes Its Hearings.

Philadelphia, Jan. 6.—The anthracite coal strike commission resumed its hearings in this city today. The sessions are being held in the United States circuit courtroom in the federal building. All of the commissioners, the assistant recorders and other officials of the commission, as well as the attorneys for both sides, are quartered at the Continental hotel, which will be headquarters of the commissioners while here. President John Mitchell of the miners' union, accompanied by Clarence S. Darrow of Chicago, his leading counsel, and other assistants, arrived last night.

When the hearings were adjourned at Scranton for the holidays the attorneys for the non-union men were engaged in presenting evidence, through these men, of violence, boycotting and intimidation alleged to have been carried on by members of the miners' union who were on strike. A large number of witnesses has already been heard on this feature of the strike, and the lawyers have still a large number to be called. They continued to bring these witnesses before the commission today. Several days will be consumed in hearing them, after which the large coal companies will present their case.

A NEW SCHEME

Now Proposed to Merge Arizona and New Mexico.

Santa Fe, N. M., Jan. 1.—W. A. Rogerswell, chairman of the territorial central committee of the Democratic party in New Mexico, announces himself in favor of admitting Arizona and New Mexico as one state with three representatives in congress, the capital to be fixed for ten years at Santa Fe. He has just returned from Chicago, where he had an interview with Senator W. H. Andrews, a close friend of Senator Quay, and his announcement in favor of joint statehood is taken to represent the views of Senator Quay in case it should not be practicable to force the pending statehood bill through the senate. President Roosevelt also declared to New Mexico workers for statehood that he is in favor of joint statehood for Arizona and New Mexico. Mr. Rogerswell says a bill effecting the merging of the two territories into one state will be introduced probably some time next week.

Hawaii Connected Up.

Honolulu, Jan. 2.—At midnight the splicing of the shore end with the San Francisco end of the Pacific cable was completed and communication by wire was opened up between this city and the world. The cable ship Silvertown finished the first stage of her long journey safely, and the splicing of the cable was effected without mishap. There is much rejoicing here over the result, and the celebration of the momentous event is general throughout the islands.

Philippine Report.

Washington, Jan. 5.—The annual report of the Philippine commission and a separate report by Governor W. H. Taft, made public at the war department Sunday, gives a review of the results of the year's work of the commission and contains recommendations for legislative action by congress deemed essential to the welfare of the islands.

Remarkable Record.

Toledo, O., Jan. 6.—Mrs. Francis Spyhalski, aged twenty-two, wife of Stanislaus Spyhalski, aged twenty-nine, yesterday gave birth to quadruplets, two girls and two boys, ranging in weight from three to six pounds. Six years ago the woman gave birth to twins and about a year later to triplets. All of these died. There is another child nine and a half months old.

Deadly Toy Pistols.

Louisville, Ky., Jan. 6.—According to the estimate made by a conservative physician of Louisville, the number of children wounded during the Christmas holidays with blank cartridges is thirty. Of this number two have died and several are now in such a critical condition that grave fears for their recovery are felt.
