CITY NEWS.

WATERMELONS should come into market this week.

THE PREDICTION that the heated term was about over was dispelled yesterday.

THE CITY COUNCIL meets in regular session this evening.

JUDGE SCOTT'S Common Pleas Court is in session in Sullivan this week.

RAIN is demanded by the farmers and gardeners.

WILD BLACKBERRIES were never known to be so plentiful in this immediate vicinity as the present season.

M. C. RANKIN, the Treasurer elect takes charge of the County Treasurer's office the 22d of this month.

HARPER'S BAZAR for August 14th is received at Dooley's, 100 Main street and at Ash's Postoffice News Depot.

THE COLORED MASONS have chartered a special train for a grand excursion to Fort Knox on Thursday.

HIGH WATER.—There has been more water in the Wabash this season than has been known for many years before.

THE GAME LAW in this State prevents the shooting of prairie chickens until the 15th of August.

MAJOR O. J. SMITH was at his office and upon the street yesterday, for the first time since he was shot by Erny.

DELINQUENT city tax-payers are handing in their delinquencies at quite a lively rate, so one of the collectors informs us.

BASTARDY.—Mayor Cookerly came near having a bastardy case yesterday, but on going for the man found he had suddenly left town.

MR. CRANE, who was injured by the fall of the scaffold at the National Bank building, on Saturday, is improving, and will be able to be out in a few days.

OLD SAM LATHROP, the oldest clown in the circus business, is with DeHaven's establishment, which exhibits here next Monday.

THE DAYS are now fourteen hours and sixteen minutes in length. The sun rises at 4:58 and sets at 7:14. Twilight begins at 3:10 and ends at 9:02.

FOR COUNCILMAN in the Second Ward we hear the name of Jos. Fellenzer mentioned. Mr. F. proved an active and efficient member, the term before the last.

NOTICE.—The adjourned meeting of the Society of Alumni of the T. H. H. S. will occur this evening at 7:30 at the T. H. I. A. room, corner 5th and Main. All graduates are requested to be prompt. dlt.

PEOPLE who complain of the unusual number of dogs prowling about with lolling tongues and frothing mouths, suggestive of hydrophobia, should bear in mind these are *dog-days*.

THE CRIMINAL COURT convened yesterday and set the Grand Jury to work inquiring into such crime as could be unearthed. N. F. Cunningham was placed on the jury in place of P. B. O'Reilly, who did not appear at roll call.

BELIGERENT.—A woman of good moral character paid six dollars into the Mayor's Court yesterday for the privilege of blacking a man's eye with her fist. The trouble arose from a misunderstanding as to something the man had said about her, in the neighborhood.

EXCURSION TO CHICAGO.—All those who are going to attend the Turner Festival at Chicago, are hereby requested to procure their tickets of Hugo Duenweg at the U. S. Collector's Office, until Thursday, August 5th inclusive.

Tickets for round trip $8.00. Good from August 6th to August 20th inclusive. THE COMMITTEE.

EDUCATIONAL.—We invite attention to the advertisement of the St. Mary's Academic Institute, conducted by the Sisters of Providence, at St. Mary's. The character of this institution is too well known as one of the very best in the country, to demand even a word of endorsement from us. The next session commences on the 1st proximo.

THE ACTS of the late regular and special sessions of the Legislature, bound in one volume, were received by County Clerk Hollenger, yesterday morning, to whom we are indebted for a copy. All justices of the peace and township trustees are entitled to a copy, and can obtain the same on calling at the clerk's office.

OUT DOOR SHOW.—A couple of Italians with an organ, two dogs and a remarkably well trained monkey created quite a sensation upon the streets last evening, drawing large crowds of men, boys and girls, wherever they exhibited their unique performances.

THISTLES.—A law of the State makes it imperative on farmers to cut down and destroy thistles, nettles and other noxious weeds growing along the highway in front of their premises. This law is disregarded by many farmers, in this county, as a ride in almost any direction will show. This fall and winter they will scatter their millions of seeds in every direction. Cut them down, by all means.

ECLIPSE EXCURSION.—Speaking of the great eclipse which is to occur next Saturday, the Indianapolis Journal says:

Terre Haute and Vincennes are, we believe, in the belt of total observation, and an excursion to the former at least, to return after dark, might be made a pleasant thing for the excursionists, and profitable to the person or company getting it up. Here the obscuration will cover about twenty-three out of twenty-four parts of the sun's disk.

THE IDEA that the interception of the Sun's rays when eclipsed produces any considerable chillness is quite imaginary. Of course there is a perceptible effect, as the interception occurs outside of the Earth's atmosphere, but it can by no means be so marked as some suppose. As the Moon passes over the Sun's disc, the released light of the latter reaches the Earth—from a distance of 240,000 miles—in the incredible brief space of only about 1½ seconds; or at the rate of 12,000,000 of miles per minute. So we need not look for any opportunity for replenishing our ice houses from the congealation that will follow or expect that vegetation will be nipped with frost during the obscuration of next Saturday evening.
