From Washington.

WASHINGTON, May 13.

The Star says it has reason to believe there is no truth in the story that General Halleck designs taking the field in person in the next movement of the Army of the Potomac.

The Secretary of War has directed that, while the Army of the Potomac remains in its present position, no passes shall be granted to persons to visit it with the view of obtaining the bodies of deceased friends.

NEW YORK, May 14.

The Tribune has direct advices from the army to Tuesday. All reports of movements since Hooker crossed to the north side of the Rappahannock are unfounded.—The army occupies its old camps. The troops are in good spirits, though some disappointment exists among rank and file of the retreat, but no demoralization.

Stoneman's raid has been overrated. The Richmond and Fredericksburg road was so little injured that it was repaired in twenty-four hours.

Our losses exceed 17,000 men, while Lee is said to admit a loss of 18,000. Our army still outnumbers that of the Rebels.

(Times' Special.)

WASHINGTON, May 13

It is understood that Secretary Chase received, by the last steamer, official advices from Robert J. Walker, to the effect that he would probably negotiate, within the ensuing week, a loan of $100,000,000 on satisfactory terms, the interest payable in London.

A letter received to-day by a Secessionist here, from a Rebel Major confined in Fort Delaware, says that the Rebel force in the recent engagement at Chancellorville, did not exceed 70,000. The writer admits the Rebel loss to be much greater than the Federal.

HEADQUARTERS NORTHERN VIRGINIA, May 11,

Gen. Lee issued General Orders announcing the death of Stonewall Jackson, who expired on the 10th instant.

(Special to the Philadelphia Inquirer.)

WASHINGTON, May 13.

Vallandigham was convicted of charges and sentenced to Tortugas till the close of the war.

Burnside approved it, but the President changed it by sending him South. (This is evidently a canard.—ED TIMES.)

NEW YORK, May 14.

The Express understands that McClellan, last week, sent a request to the President to either accept his resignation or place him in active service. Rumor says that the reply stated that the active service of McClellan would be required at an early day.

The Tribune states that Gen. Sigel returned from Washington, after ineffectual effort to be assigned to duty even on the commanding General's staff.

The Herald's special states that arrangements are making for the immediate release and exchange of prisoners captured during recent operations in Virginia and elsewhere.

WASHINGTON, May 14.

A gentleman from the Rappahannock says there are no indications of a movement to the South side of the river.

The censorship over telegraphic messages, instead of being relaxed, has, if possible, become more stringent.

The following flattering notice is taken from the Portsmouth (Ohio) Scioto Valley Republican, of April 2, 1858.

SCANDINAVIA.—A friend writes to us for our "real opinion" of Dr. Roback's Scandinavian Remedies,—where he can obtain them—and why they are called "Scandinavian," and we are frequently asked the same questions. Scandinavia is the ancient name of Sweden and Norway, and a Scandinavian, that is a Swede or Norwegian, affectionately calls his country "Scandinavia," in the same sense as we speak of "Columbia," or "The Union." By the way, there are over nine thousand Scandinavian families in Dane County, Wisconsin. Although a citizen of this country for many years, Dr. Roback still is Swede by birth, and compounds his Bitters of Swedish herbs, we think the name is very appropriate. We have the very highest opinion of the Medicines, and of Dr. Roback himself, who is not only a singularly skillful physician, but a gentleman of the Old School, as we know personally. Our advertisement columns will answer the rest of our friend's letter. See advertisement.

To Consumptives.

THE advertiser having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge,) which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Notice

Is hereby given that there was left at my Tavern in Ferdinand Dubois Co. Ind. on the 25th, day of April 1863, a light bay mare, 8 or 9 years old, both hind feet white, with a small black spot on the inside of the right hind foot, and a small lump on the inside of the front of the left fore leg below the pastern joint. Said mare is square built, about 15½ hands high with a few saddle marks and shod before.

Said mare was left by a man whose name is not known. Said man is about 36 or 37 years old, full face, high forehead, wore a full set of black whiskers and mustach, square built, and would weigh about 170 or 180 pounds. Said man had on a low crowned white hat, a soldier's jacket, black cassinet pants, and I think a gray vest, and pair of shoes, and I think wore a white shirt.

Notice is therefore given that if the owner thereof does not appear, prove property, and pay charges by the 1st of June, 1863 that said property will be advertised for sale at Public Auction, to satisfy said charges and costs, as provided by law in such cases.

GREAT CURE.

DR. LELAND'S
ANTI RHEUMATIC BAND,
IS THE ONLY KNOWN REMEDY FOR
RHEUMATISM, GOUT AND NEUBALGIA
AND A SURE CURE FOR
All Mercurial Diseases.

It is a conveniently arranged Band, containing a medicated compound, to be worn around the waist, without injury to the most delicate persons. No change in habits of living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of powerful internal medicines, which weaken and destroy the constitution and give temporary relief only. By this treatment the medicinal properties contained in the Band come in contact with the blood and reaches the diseases, through the pores of the skin, effecting in every instance a perfect cure, and restores the parts afflicted to a healthy condition. This band is also a most powerful ANTI-MERCURIAL agent, and will entirely relieve the system from the pernicious effects of Mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy in aggravated cases of long standing.

Price $2 00, to be had of Druggists generally, or can be sent by mail or express with full directions for use, to any part of the country, direct from the Principal Office
