Cottolene as a Trade-Mark.

An important and interesting trade-mark suit, which has been before the courts for some time, has recently reached a decision in the United States Circuit Court for the Southern District of New York. The suit was for an injunction against the infringement of complainant's (The N. K. Fairbank Company, Chicago) trade-mark "Cottolene" by the use of the word "Cottoleo." The validity of Cottolene as a trade-mark was made permanent by an injunction, the case being summarized by the court as follows:

"It seems to be the law that when manufacturers have educated the public to ask for a certain article by its trade-mark name, they have acquired the right to insist that products manufactured by others shall not be given to the public under that name. It is just that it should be so for the benefit derived from such name can only be obtained by faithful service in furnishing articles of recognized value. Moreover, if the trade-mark name might be adopted by others, inferior articles might then be produced and sold under it; and thereby the value to manufacturers of the reputation of the name used by them as a trade-mark would be destroyed."

PHYSICAL STRENGTH,

cheerful spirits and the ability to fully enjoy life, come only with a healthy body and mind. The young man who suffers from nervous debility, impaired memory, low spirits, irritable temper, and the thousand and one derangements of mind and body that result from unnatural, pernicious habits usually contracted in youth, through ignorance, is thereby incapacitated to thoroughly enjoy life. He feels tired, spiritless, and drowsy; his sleep is disturbed and does not refresh him as it should; the will power is weakened, morbid fears haunt him and may result in confirmed hypochondria, or melancholia and, finally, in softing of the brain, epilepsy, ("fits"), paralysis, locomotor ataxia and even in dread insanity.

To reach, re-claim and restore such unfortunates to health and happiness, is the aim of the publishers of a book of 136 pages, written in plain but chaste language, on the nature, symptoms and curability, by home-treatment, of such diseases. This book will be sent sealed, in plain envelope, on receipt of this notice with ten cents in stamps, for postage. Address, World's Dispensary Medical Association, Buffalo, N. Y.

For more than a quarter of a century physicians connected with this widely celebrated Institution have made the treatment of the diseases above hinted at, their specialty. Thousands have consulted them by letter and received advice and medicines which have resulted in permanent cures.

Sufferers from premature old age, or loss of power, will find much of interest in the book above mentioned.

"WHEN I grow up, mom, I want you to make a minister of me." "Why, Johnny, I am glad that such is your desire. I will speak to your father about it." "Yes'm; I want to go to Europe every summer."

KENNEDY'S MEDICAL DISCOVERY.

DONALD KENNEDY, of ROXBURY, MASS.,

Has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, from the worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston. Send postal card for book.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the right quantity is taken.

When the lungs are affected it causes shooting pains, like needles passing through them; the same with the Liver or Bowels. This is caused by the ducts being stopped, and always disappears in a week after taking it. Read the label.

If the stomach is foul or bilious it will cause squeamish feelings at first.

No change of diet ever necessary. Eat the best you can get, and enough of it. Dose, one tablespoonful in water at bedtime. Sold by all Druggists.

For twenty years folks all over the world have cured rheumatism, neuralgia, and all other pains and aches by using St. Jacobs Oil. There must be something in it, for you couldn't fool all the people for so many years.
