OFFER 70 DWELLINGS FOR VETERANS HOMES

More than 70 frame buildings located near Dixon, Ill., will be offered for sale this month as salvage materials to be used in veterans housing, it was announced today.

Four priority groups will be given first chance to buy the buildings but few are expected to be purchased.

HH priority holders will then have a chance to send their sealed bids to the site. They must have contracts for veterans homes or must state they will use the materials for constructing homes for veterans.

The buildings were formerly guard houses, labor shelters, tool, work and warehouse shanties, and are constructed with insulated board siding.

SCHOOL MATERIALS SOUGHT FOR EUROPE

Mrs. Wayne C. Kimmel, Indiana president, American Association of University women, today issued an appeal for educational materials to be sent to devastated countries.

Pencils, pens, tablets, cards, note books and maps are among the materials needed by school children.

During November, UNRRA will provide free shipment to Greece, Italy, Albania, Yugoslavia, Austria, Hungary, Czechslovakia, Poland, Byelo-Russia, and the Ukraine.

Contributions may be made through A. A. U. W. members.
