Wilson Has Hope For The League

New Interpretation on Ambassador Johnson's Presence at San Remo.

SAN REMO, Italy, April 24. — The meeting of the inter-allied supreme council probably will break up tomorrow night without reaching any decision in regards to the Adriatic territorial dispute between Italy and Jugo-Slavia.

WASHINGTON, April 24.—The United States [illegible] ... withdraw from further participation in the affairs of the Old World.

This interpretation has been placed upon the appearance at San Remo of Robert Underwood Johnson, Ambassador to Italy, and Leland Harrison, counselor of the Paris embassy, with instructions to report to this country on what takes place at the conference of the prime ministers of Italy, France and Great Britain.

[illegible] that President Wilson is as firmly convinced as ever [illegible] the league of nations [illegible] the United States will ultimately take her place as a member in full [illegible].

A. E. Halstead Makes Strong Race

With the north part of the county sponsoring seven Republican candidates for Sheriff, Albert E. Halstead, of Merrillville, the only farmer candidate and the only one from the district south of the river is now making a strong bid for the lead in the primaries.

Halstead comes from one of the oldest families of the Calumet region. His [illegible] settled at Merrillville in 1837 and the family has played an important part in the development of the community. Two uncles of the candidate, W. O. and A. E. Halstead founded the First State Bank at Hobart. Albert was born thirty-nine years ago and has lived in the county all of his life.

ALBERT E. HALSTEAD

With the exception of eight years he has been engaged in farming and has made a success of it. These eight years were spent as a traveling salesman for the S. A. Smith Co. wholesale grocers of Gary, his territory being the entire county. This experience gained him a wide acquaintance in every locality which he found ready and willing to boost his candidacy for Sheriff. He is a member of the Farm Bureau and the Producers' Association.

Halstead has been a republican all of his life. While he has never held a public office he has always been a hard worker in the interests of the party. With the farmer vote solidly behind him, as he believes, and with the seven-way split in the vote of the more thickly populated north end of the county, Albert has an excellent chance to have his name on the ballots next fall. His number in the primary ballot will be 51.

SHEA POINTS OUT LESSONS OF STRIKE

Labor Board is Warned that Men Are Dog Tired of Delays.

(INTERNATIONAL NEWS SERVICE)

WASHINGTON, April 24.—"Men will not work when they cannot live decently on the wages they are paid," Timothy Shea, speaking for the Brotherhood of Locomotive Firemen and Enginemen, told the railroad labor board today. This, Shea said, is the lesson of the steel, coal and railroad strikes.

He declared that when he urged the striking railroad men in the western terminals to return to their jobs, their almost universal justification for going on strike was that they and their families were "starving at work."

Shea presented the demands of the firemen for a basic living wage of $6.50 per day with differentials for responsibility, skill, experience and the increased cost of living since the demands were first presented last June.

No other basis of compensation than this would be acceptable Shea said. He warned the board against the danger of further delay in settling the wage demands. "The men are fed up on promises, and dog-tired of delays," Shea declared. "We have been patient. We were patriotic, while thousands and tens of thousands of war millionaires were being created and who paused only long enough in their orgy of spending to skyrocket prices once more. Our people say they will no longer be patriotic only to be plundered and patient only to be pauperized."

MAY BOOST STREET CAR FARE AGAIN

If the Gary Street Railway is compelled to pave twenty-one feet in the center of Broadway from the Wabash to the Pennsylvania tracks, street car fare may take a jump from 6 cents to 8 cents, according to information given out yesterday. According to officials of the company, it will be necessary for them to raise the fares if they are required to pave so much of the street. It is also reported that car fares may be raised throughout the Calumet region including the cities of Gary, Hammond, Whiting, East Chicago and Indiana Harbor, as the car employes are planning on asking another increase in wages.
