LOCAL AND MISCELLANEOUS.

The wife of Mr. John Gilson died last Thursday.

We omit the state ticket this week to make room for other matter

Want of space compels us to defer a notice of the several candidates on the Republican ticket until another time.

A train of movers passed through this place last Tuesday, *en route* to Missouri.

S. R. Edwards is in town, looking hale and hearty. His present place of business is at Kansas City, Mo.

Misses Kinney and Nichols will open their school for young ladies on the 1st of September. Particulars hereafter.

There is a good deal of sickness in this vicinity at this time—mostly summer complaints.

There will be religious services at Benson's hall next Sunday at 10:30 a. m., Elder S. A. Chaplin, officiating.

The Democrats who were nominated last Saturday at the "peoples convention" have concluded not to accept.

D. Nolan & Miss Logan, tailors, have an unusual amount of work in the shop for this season of the year—the result of doing good work.

Doc Evans lost $29 in greenbacks, on the streets, one day last week. He begins to fear that he may not get it again!

Democrats should recollect that their convention to select delegates to the congressional convention will be held next Saturday.

A dispatch was received by the Reeves brothers, last Monday morning, stating that their mother had died in Ohio. They took the first train to attend her funeral

The statement of James O. Parks, that the *Republican* don't tell the truth, agrees with the general estimate placed upon it by those who know the managers of that sheet.

Engineers on the night trains of the Pittsburgh & Ft. Wayne road have an execrable habit of sometimes blowing their whistles long and loud when there is no apparent necessity for it.

The "people" were threshing and cleaning wheat last Saturday. In a short time they will "thresh and clean" out the radical party remaining in Marshall county.

The head and front of the Republican party in Marshall county says the *Republican* don't tell the truth,—which statement goes to prove that said "head and front" sometimes will.

The *Republican* thinks $1,472 44 a large sum for Marshall county to pay for stationery, but says nothing of the $2,335 70 expended by Laporte county for the same purpose.

The Columbia City *Post* desires to be let alone on the congressional question. A Democratic paper supporting Hascall is such an anomaly that we are half inclined to accede to its request.

Judge Fuller told the Republicans last Saturday that their convention was "wishy-washy." The Judge is evidently acquainted with the definition of the term, and made a proper application of it.

Arrangements have been made with E. R. Shook to sell the celebrated Danforth Petroleum Burning Fluid—the safest, most beautiful, and the most economical light ever introduced into this or any other town.

H. C. Miller & Bro., photographers, of Warsaw, have executed a fine 11x14 inch photograph of D. McDonald, for the Masonic lodge of Bourbon. Considering the fact that they had a very poor subject they did remarkably well.

We have heard the name of M. Nye, Esq., of Laporte, mentioned in connection with the candidacy for congress. If he should receive the nomination, he would make a good canvass, and run well.

During the week we have had the pleasure of meeting, in our town, Judges Breckenridge, of Ft. Wayne, Bradley, of Laporte, and Anthony, of Valparaiso, Maj. Calkins, Capts. Cole and Crawley and T. J. Merrifield.

It seems to be the general opinion that the ticket nominated last Saturday is distinguished more for its weakness than anything else. Men who have the ability to make an efficient canvass were too sharp to be put on the ticket merely for the glory of the thing.

The express office will be moved next week to the post-office building, in the room occupied by Pershing & Miller as a grocery store. This location will be more convenient for the public, and will afford better facilities for the transaction of the increasing business of the company at this station.

The members of St. John's Orphan Aid society will hold a pic-nic at Klinghammer's grove next Monday, Aug. 8. Carriages will run to the ground at all hours of the day. The Plymouth Cornet band has been engaged for the occasion.

Milo S. Hascall proposes to be a candidate for congress in the 10th district, if the Democrats will promise him their support. A modest proposition for such a man—donkey we mean. We would rather support a "yaller dorg."

The "canary bird" proposes to "smile" on the people of this district this fall. We will give him a hearty welcome and a "hot" season. Hope he wont forget to bring his "garden seeds" with him. Schuyler, without garden seeds, is an engine without a boiler.

If there is one nuisance more intolerable than other nuisances, that one particular nuisance is the dog nuisance. If there is a dog in town that doesn't deserve instant killing, we don't know it. We desire to have it understood that we are opposed to the dog nuisance.

Wheat has been coming in at a lively rate since our last issue. The price has ranged from $1 20 to $1 30—most of it being bought at $1 25. The quality of the wheat is far superior to the crop of last year, and the yield more than average.

The directors of the Plymouth, Kankakee & Pacific railroad held a meeting in this place last Monday evening. The meeting resulted satisfactorily to the friends of the enterprise. We learn from those who have means of knowing that the entire line will be under contract in a short time.

The modesty which Mr. James O. Parks exhibited at the Republican convention, last Saturday, in selecting his son, S. D. Parks, as a member of the central committee, was an exhibition of filial affection rarely to be met with in these days of crusty *pater familias*.

For a pleasant time go to Maxenkuckee, August 10th. Fishing, boat-riding, dancing &c., are on the bill, and with Dr. Burkett as host no one can doubt the certainty of a good time.

Syl. Beals, formerly of Bourbon, but now of Warsaw, was in town last Saturday. Syl. never fails to drive away melancholy wherever he finds it. The "people's convention" came near being too much for him; but he finally excited the risibles of that "serious family."

From the manner in which the "people" "enthused" last Saturday, it is evident that the corporal's guard who still adhere to the radical party in Marshall county will soon number enough to conduct a third-class funeral; and if radicalism is worth burying this fall, they will have an opportunity for a muster.

Circuit court is in session this week, Judge Osborn presiding. A fearful array of legal talent surrounds the bar. None of the important criminal cases will likely be heard before next week. The following named gentlemen compose the grand jury: W. C. Edwards, foreman; G. Blain, E. K. Earl, James Brooke, J. H. Williams, John Garver, E. Dwinnell, A. Vories, L. B. Boggs, D. Gould, C. J. Wright, Wm. Worthington.

The huckleberry trade at this point has been nothing short of enormous the present season. Mr. Ryan, the express agent, informs us that the shipments have frequently exceeded two hundred bushels per day, and that the earnings of the express company on shipments from this station will be more than two thousand dollars the past month. The citizens of this county have received, at the lowest estimate of those posted in the trade, more than five thousand dollars for huckleberries since the first of July. Prices have ranged from $1 50 to $3 per bushel, the bulk of the purchases being made at $2 to $2 50. The greater part of this money went into the hands of poor people, who are greatly benefitted in consequence.

War in Europe, and all kinds of goods will soon advance. S. & M. Becker still continue to sell their goods at low prices having received new, they have nicest prints for fall styles ever exhibited in Plymouth. We received some beautiful dress goods, and still continue to sell black alpacas at great bargains. A full stock of clothing, made of good cassimere always on hand, warranted to give satisfaction. A full assortment of hats, caps, trunks and gents' furnishing goods always on hand. S. & M. BECKER.

Sweet Quinine Versus Bitter.

For the following REASONS *Sweet Quinine* should replace the old form of *Bitter Quinine.*

Sweet Quinine is WARRANTED *medicinally identical* in effect with *Bitter Quinine.*

Sweet Quinine has NONE of the *intense* and *persistent bitterness* of common Quinine.

Sweet Quinine is made from Peruvian Bark only, the source of Bitter Quinine.

In Sweet Quinine the bitterness is perfectly concealed, but may be instantly developed if desired.

Sweet Quinine will not sicken, as very *bitter* substances often do.

Sweet Quinine is readily taken, and without the least hesitation, by old and young.

Sweet Quinine entirely obviates that unconquerable dislike which children have to Bitter Quinine.

Sweet Quinine requires no elaborate preparation to take, is ready for instant use.

Sweet Quinine, in its agreeability and prompt efficacy, disabuses the public mind of much prejudice against Quinine, and aids the efforts of the intelligent Physician in its administration.

Sweet Quinine costs no more than the Bitter Quinine.

Sweet Quinine can be had at the Drug Stores in two forms, viz: *fluid*, for convenience of families and the general public, and *powder*, for use of Physicians and Druggists.
