Residence and Office, near Shilt's Mill

Bremen, Marshall Co., Ind.

D. MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON.

And aperient and Stomachic preparation of IRON purified by combustion in Hydrogen.—Sanctioned by the highest Medical authorities, both in Europe and the United States, and prescribed in their practice.

The experiences of thousands daily proves that no preparation of iron can be compared with it.—Impurities of the blood, depression of vital energy pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

Inaccuracies in all metallics in which it has been tried, it has proved absolutely curative in each of the following complaints, viz

In debility, nervous affections, emaciation, dyspepsia, constipation, diarrhœa, dysentery, incipient consumption, scrofulous Tuberculosis, Salt Rheum, amenorrhœa, menstruation, whites, chlorosis, liver complaints, chronic headaches, rheumatism, intermittent fevers, pimples on the face, &c.

In case of general debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful which no description or attestation would render credible. Invalids so long bedridden so long as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for all of which physicians have no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inducing a disagreeable sensation.

It is this latter property among others which makes it so remarkably effective for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant costiveness.

In unchecked Diarrhœa, even when advanced to Dysentary, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough and remittent hectic, which generally indicate incipient consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities

The attention of females cannot be too confidently directed to this remedy and restorative, in the cases peculiarly affecting them

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine which exerts such prompt happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box: for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

BLOOD PURIFIER AND BLOOD PILLS

DR. ROBACK'S

Scandanavian Remedies.

When Dr. ROBACK, the celebrated Swedish Physician, introduced his Blood Purifier and Blood Pills in the United States, he set forth in plain language their curative properties. This was years ago. The task of recommending them has since been *taken out of his hands*. Enlightened men whose character for sound judgment and philosophy, gives their opinions weight in the community, men who observe, reflect, and make assurance doubly sure! before they decide—so everywhere recommend and use the use of these wonderful Preparations. All who confide in the wisdom and honesty of this class, or who choose to investigate for themselves are now of *one mind* on this important subject.

Dr. Roback invites the attention of the sick to the ORIGINAL LETTERS.

from members of the Medical Profession, Editors of public Journals, well known Merchants and Farmers, and Ladies of the highest respectability, giving accounts of extraordinary cures wrought by the remedies, of which cures they themselves were EYE WITNESSES.

These testimonies may be consulted personally or by letter, by those who have any doubt upon the subject. The evidence in the possession of Dr. Roback, which is at all times accessible to the public, establish the following

FACTS!

THAT the BLOOD PURIFIER and BLOOD PILLS have been proved by experience to

CONTAIN NO MINERAL,

That they cure the almost universal complaint,

DYSPEPSIA,

with astonishing promptitude, and in a very short time. That above all other medicines have proved most powerful in

LIVER COMPLAINT,

and restore the health and strength of the sufferer.

THAT SICK FEMALES,

who have languished for years in helpless weakness and languidness, recuperate with rapid strides under their invigorating operation. That all sexual troubles are removed by their constitutional gentle regulating properties, but they restore

SHATTERED CONSTITUTIONS,

however they may have been afflicted with a disease, that their direct tendency is to lengthen life, and render it enjoyable. They act directly upon the *poison of the disease in the blood* they

CAUSE SOON TO HEAL

and discharge from the system, every taint of Scrofula, whether hereditary or otherwise. That they

RECRUIT THE DEBILITATED,

and there is no disease of the Stomach and Bowels, the Liver and Nervous System, the Skin, Glands or Muscles,

ARISING FROM IMPURITIES OR OBSTRUCTIONS OF THE BLOOD OR SECRETIONS,

in which they do not give *prompt relief*, and, (if administered before the very citadel of life has been invaded,) *effect a painless and perfect cure.*

Bear in mind that the SCANDINAVIAN VEGETABLE BLOOD PILLS are endorsed by the experience of thousands of living witnesses, who, in letters, affidavits, medical works and by word of mouth, proclaim them to be the very best preparation of the kind ever offered to the broken down victims of ill health. They hunt disease through every avenue and organ of the system, and expel it thoroughly and permanently.

No one can doubt their superiority after one single trial—they are not only better, but in fact, cheaper than any other Pills, for it takes a less number of them to produce a better effect.

Price of the Scandinavian Vegetable Blood Purifier, $1 per bottle, or $5 per half dozen. Of the Scandinavian Vegetable Blood Pills, 25 cents per box, or 5 boxes for $1.

Read Dr. Roback's Special Notices and Certificates, published in a conspicuous part of this Paper from time to time.

Dr. Roback's Medical Almanac and Family Adviser, containing a great variety of interesting and valuable Medical information, can be had gratis of his Agents throughout the country

In difficult or complicated Cases, Dr. Roback may be consulted personally or by letter enclosing one stamp for the reply.

LIVES SAVED

BY THE USE OF

St. John's Cough and Consumption

SYRUP.

TWO Bottles of Syrup cured Mrs. E. D. Fife, Sycamore Office, of a cough and pain in her side of three years standing.

This battle cured the wife of C. Zimmerman, Esq., Commissioner of Seneca county, Ohio, of a cough and pain in her side and breast of three years' standing.

One bottle cured Mrs. John Resick, Wolfcreek township, of a cough, with severe pain in her side and breast of two years' standing.

Two bottles cured Mrs. Martin, Otter, of a cough with severe pain in her side and breast of two years' standing.

Two bottles cured Mrs. G. W. Zeigler, Fort Seneca, Ohio, of a cough and pain in her side and breast, and general debility, of four years' standing. She had been under the care of the physician, all of whom pronounced her case incurable.

Two bottles cured Mrs. Small, of Fort Ball, Ohio, of a cough of three years' standing. She took it when it was thought she was having her last cough.

Five bottles cured a young lady in the family of Judge Miller, Eden township, Seneca Co., O., of a cough and pain in her side and breast of three years' standing, which the lady herself, her father and mother, and the physicians pronounced the worst case they had ever seen.

Two bottles cured Mrs. E. Schell, Campbell, and had prevented years of her life. Mention, Ohio, of a cough which had been suffering several years.

Two bottles cured C. L. Johnson, Esq., Cashier of the Seneca County Bank, of a cough and general weakness, of several months' standing, which it was feared would terminate in consumption.

One bottle cured C. K. Watson, Member of Congress, from Ohio. He wrote from Washington City to his family to procure a second bottle of St. John's Cough and Consumption Syrup, which I want for my family. He had laboured the day I left home, cured my very severe cold, and also cured a friend."

Two large bottles cured Mr. J. Shaffer, near Geneva, Ohio, of a disease of three years' standing, which prevented him from doing hard work. One particular case was for dyspepsia and another for constipation, after taking everything else without affording any relief.

St. John's Cough and Consumption Syrup," says the Sandusky Register, "is not recommended by strangers or interested parties, but we do not know its equal. Numerous cures have come under our observation, in which the patients, despairing, were taking consumption, and been restored to health. We have tried it in our own family."

Six bottles cured Dr. Shaffer, a respectable old school physician, of Ohio. He was about to give up his practice and retire to his bed with a disease of the lungs, when a friend recommended him, and agreed in the belief that it would do him good.

One bottle cured—Mr. Edward H. Kaylor, New Haven, Connecticut, writes Dec. 15, 1859: "Having purchased through a great portion of the Western country, I have spoken well with your popular Cough and Consumption Syrup, and have very extensively recommended it to my friends. I wish to know if you have an agent in New York City. If so, please inform me by return mail, who it is, and what price, and I want some for myself and friends, who are suffering with coughs and colds. If you have no agency in New York, I shall send for the unused half of a case. Please inform me what will be the expense of three dozen small bottles, delivered in New York City. My business is with Hartford and New Haven Railroad. I value your Syrup the greatest article in the world for coughs and colds. My wife says she knows it saved her life twice in Michigan, and says she don't want to be without it in the house."

IOWA.—Mr. E. W. Hooks, a well-known wealthy citizen of Newton, Iowa, said to the proprietor of St. John's Cough and Consumptive Syrup: "I wish you would send me a dozen more bottles for the sale of your Syrup. I consider it greatly superior to any preparation in the world for a similar purpose. It has saved my life and I believe it will be instrumental in restoring my health, which I was as far gone with consumption as to be considered beyond the reach of medicine. If you don't establish an agency in our place, I will carry back with me a supply for myself and friends. You must not wonder at my order for more than a gross of the large bottles. I could sell that quantity in a week."

Tributes.—Messrs. Williams & Adams, of Huntington, Ind., wrote April 1, 1859: "Send us a supply of your Cough and Consumption Syrup. We are entirely out. It is considered by those who have used it as the very best cough medicine in use."

Mr. John Gaffard, Indian Township, Seneca Co., O., was cured of a cough of ten years' standing by the use of St. John's Cough and Consumption Syrup.

Mr. Wm. Yates—"I was troubled with a very severe cough and could not sleep. Your Syrup cured me. I shall always recommend it."

Mr. Wm. Yates—"I was troubled with a very severe cough and could not sleep. Your Syrup cured me. I shall always recommend it." Twelve bottles of L. L. St. John's Cough and Consumption Syrup, and I am now free from the cough, and have recovered my usual health and strength. I consider your Syrup the most valuable medicine I have ever used, and the most high character of any medicine I ever used. It gives me pleasure to recommend it as an article of great value. E. M. Hall.
