FIRST PREMIUM COOK STOVE.

This Stove took the First Premium over all oher Cook Stoves at the State Fair, held at Rochester, on the 1st day of October, 1862.

Also at the New York State Fair of 1863.

ECONOMY IS WEALTH.

This maxim will be fully demonstrated by buying an

AMERICAN HOT AIR

COOKING STOVE.

As it will take, boil or roast better than any other Stove, with a saving of 25 per cent. in fuel, and a very large percentage in convenience.

They have the following advantages:

1st. They are constructed with view of great durability; all the plates exposed to the fire are made of an even thickness.

2d. The fires are lined with non-conducting cement, thereby applying the heat directly to the oven, and the oven can be heated and kept in baking order with less fuel than any other stove.

3d. They have a hot air vault, which not only makes the fuel burn clearer and last longer, but adds a very pleasing and looking facilities.

4th. They consume all the gases from the fuel, thereby adding largely to the amount of heat obtained from the quantity of fuel used.

5th. The stove is made in neatness and finished in the most substantial manner. The oven is large and well ventilated. The stove comes out in front and it is the easy to adjust the baking of range who have used this Stove, will add do our work with less fuel than any other Stove." In confirmed the following testimony:

From the Auburn Advertiser.

AMERICAN HOT AIR COOKING STOVE. —Housekeepers have noticed an advertisement in our columns of the American Hot Air Cooking Stove, manufactured by Shear, Packard & Co., Albany, N. Y. This Stove took the First Premium at the last State Fair, and at our last County Fair. It is worthy of the high commendation bestowed it. We have used the Stove for some time, and can recommend it to persons wishing to buy the best Cook Stove we have met with yet. It seems to be perfect in every respect. We anticipate that it will give good satisfaction to all who purchase it. Bidwell & Cheel have it for sale.

MR. SPOCKWELL.—My Dear Sir: In reply to your inquiry, I can say that the general working of the "American Cooking Stove" which you sold us, this W. and which seems to me, that in the matter of baking, it is the good bread we have ever seen. Cook Stove, the American is perfect. Nothing seems wanting to complete the satisfaction and comfort in cooking, and I shall be pleased to recommend it to all who may inquire of me. Yours, &c., J. V. WILLIS.

Fairfield Cent., April 6th, 1863.

MR. ROBERT P. SPOCKWELL.—Dear Sir: Last fall we purchased from you the "American Hot Air Cooking Stove." We have seen nothing since the first which is comparable on each of the principles—securing the thorough consumption of the fuel—giving the greatest amount of heat possible at a small expense, and so distributing it as to secure all the results for which a Cooking Stove is required. We can safely say that we realize all the expectations which we had formed from the recommendation, we had seen, and we can therefore heartily recommend it to any person in search of such an article, as combining economy and utility.

Yours, &c., ALEX. McLEAN, JR.
