THE DEMOCRAT.

LOCAL AND MISCELLANEOUS.

There will be Divine service regularly hereafter at the Episcopal Church every Sunday, morning and evening, at the usual hours; Wm. Lusk, Jr., officiating.

The blessings of this life should lead us to endure its evils with becoming fortitude and patience.

Never speak evil of the *absent*, because they cannot defend themselves; nor of those *present*, because that would be rude and ungentlemanly.

The Constitution of Nevada provides that in civil cases three fourths of a jury may render a verdict, the same as if the whole panel agreed.

Three years ago the Navy took New Orleans, and eleven thousand men held Louisiana. To-day the Navy holds New Orleans, and thirty thousand men cannot hold Louisiana. This is the way in which Mr. Lincoln conquers, keeps and pacifies the South.

The abolition majority in Iowa, on the home vote, is between 20,000 and 25,000 instead of from 40,000 to 50,000 as heretofore claimed.

The new Passenger house built by the P. F. W. & C. R. W. Co. at this place is now about completed and will prove a great convenience to the traveling public. We are informed that a portion of the building is to be occupied as an eating house, and will be under the supervision of that prince of good fellows, S. R. Edwards, Esq. Success to the enterprise say we, no man of our acquaintance is better calculated to cater to the wants of those who visit such an establishment than Mr. Edwards. We understand that he will take possession in a few days,—may we be there to see.

Gold is fluctuating and no one, not even the best informed can tell to-day what it will be worth to-morrow. The past week has witnessed almost all prices from 2,10 to 2,40. When shall we have a uniform currency?

Wealth does not afford happiness; many a man worth his thousands is discontented and unhappy, while many who earn their bread from day to day, possess a cheerful and contented spirit. Then too, "riches take to themselves wings and fly away," leaving their possessor to reflect with bitterness perhaps on the methods by which they were accumulated, while the poor man of integrity thanks God for his daily bread and is content withal.

Sore Throat, Cough, Cold, and similar troubles, is suffered to progress, result in serious pulmonary affections, oftentimes incurable. *"Brown's Bronchial Troches"* are compounded so as to reach directly the seat of the disease and give almost instant relief.

The Best and Safest Stimulant. The RED JACKET BITTERS are free from all acidities usually found in ordinary tonics and stomach bitters of the present day. They are made from sound and fresh materials; nothing that is not entirely wholesome and healthy enter into the composition of them. They are a combination of rare herbs and plants, with the purest and mildest of all stimulants—fine old ripe Bourbon Whisky. Call for the Red Jacket Bitters, and do not let any one persuade you to take any other.

Gov. Morton was at last accounts still at Washington, figuring in behalf of his party friends who were recently arrested by military authority, among whom are said to be Mr. Holloway, of the Indianapolis Journal.

Hon. Pars C. Dunning, elected as a democrat to the State Senate, has recently in a public speech given in his adhesion to the administration party. This makes the Senate a tie, and it is thought that unless the dominant party can buy another Senator, they will, just before the Legislature convenes, arrest some democratic member in order to give them a clear majority, in the Senate.

There has been a rebel raid at Rouse's Point, on Lake Champlain. The raiders fired a volley at the "Picket Guard," which was returned by the latter, when the former "skedaddled." Federal loss, none; rebel loss (suppositive), one.

Lincoln and Fred Douglas have had an interview, during which the former urged the latter to take some steps by which the negroes of the south would be encouraged to come north. Fred. obligingly consented to do what he could in the matter.

MUSIC.

LET your daughter cultivate music by all means. Every woman who has an aptitude for singing should bless God for the gift and cultivate it with diligence; not that she may dazzle strangers or win applause from a crowd, but that she may bring gladness to her own fireside. The influence of music in strengthening the affections is far from being perceived by many of its admirers; a sweet melody binds all hearts together as it were with a golden chord; it makes the pulses beat in unison and the heart thrill with sympathy. But the music of the fireside must be simple and unpretending it does not require brilliancy of execution, but tenderness of feeling—a merry tune for the young—a subdued strain for the aged, but none of the noisy claptrap which is popular in public.

The President assumes to punish men in New York for tampering with soldiers' votes, regarding their acts as crimes against the general Government. We have not heard of any thing being done with those who voted illegally for Lincoln & Co. at Indianapolis. Perhaps that was no offense in the eyes of our patriotic President.

The Union Leagues if only a political organization, as its members pretended before the election, should now suspend their regular meetings and turn their attention to soothing the excited feelings, and softning down the asperities incident to the campaign just ended. There can be no necessity now for a continuance of these League meetings, unless their object is other than a mere political one. We see in the *Tribune* and other administration papers however, frequent calls of these secret associations to transact what is styled "important business"—what that may be we have no means of knowing, but if it is the disbanding of the Leagues we heartily say, amen. What will the members of the order here do? Will they cease their secret conclaves, or will they continue as heretofore?

Roback's Stomach Bitters.

SOLDIER'S HME,
SUPERINTENDENT'S OFFICE,
INCINNATI, June 4, 18 3.

TO DR. W. ROBACK—

MY DEAR SIR: I am dispensing a second invoice of your Stomach Bitters among the large number of men who daily arrive at this institution for refreshment and rest. The universal testimony is that these Bitters are the best made. For the various summer complaints which afflict so many I know of no remedy so safe and so sure. Plutarch says: "To ask a physician what is easy and what is hard of digestion, and what will agree wit the stomach, is about as sensible as to ask what is sweet or bitter, or sour." Persons who look out for breakers—and have your Stomach Bitters in the house—I am sure will never ask any one the foolish question spoken of by the great philosopher. I must not omit a word or two for your Catawba Brandy. I have many men here who had brandy prescribed for them by distinguished Army Surgeons. The effect of yours on such are most beneficial, far more so than from any previously taken. Persons who desire a really pure Brandy cannot fail in their purchase if they get your brand.

I am, Doctor, with much respect,
Your servant,
G. W. D. ANDREWS, Superintendent.

These Bitters are prepared, in pure Bourbon Whisky, from a combination of over twenty different kinds of roots, barks and herbs, which act in perfect concert, one with the other, prepared from the original formula given by the great Chief, Red Jacket, to Dr. Chilson, who used them successfully in his practice for many years, and by whose skill they gained a great popularity in the treatment and cure of dyspepsia, Liver Complaint, Constipation, Weak and Nervous Debility, Fever and Ague, and all diseases arising from torpidity of the Liver. For those suffering from either of these troublesome diseases we find a sure cure by the use of these Bitters, which are perfectly pure and free from all the medicinal poisons usually put up in such form, and now offered with confidence that will convince the most skeptical that in the RED JACKET there is virtue which no other Bitters possess.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.

Aged persons and delicate females will find they contain large doctor's bills by the use of these bitters.

U. S. 7-30 LOAN,

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent, gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charged as soon after the receipt of the original certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one-quarter of one per cent, which will be paid by the Treasury Department upon the receipt of a bill for the amount certified to by the officer with whom the deposit was made. No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government paper.

It is equally convenient as a temporary or permanent investment. The notes can always be sold for within a fraction of their face and accumulated interest, and are the best security with banks as collaterals for discounts

CONVERTIBLE INTO A SIX PER CENT. 5-20 GOLD BOND.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. premium, and before the war the premium on six per cent U. S stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

ITS EXEMPTION FROM STATE & MUNICIPAL TAXATION

But aside from all the advantages we have enumerated a special Act of Congress exempts all bonds and Treasury notes from Local taxation.—On the average, this exemption is worth about two per cent per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States

While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism of the people.

Duplicate certificates will be issued for all deposits. The party depositing must endorse upon the original certificate the denomination of notes required and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States at Washington, the several Assistant Treasurers and designated Depositaries and by the
