THE DEMOCRAT.

LOCAL AND MISCELLANEOUS.

The spire on the Catholic Church has received an addition to its height, and is ornamented with a new cross.

The great Union Combination Circus and Menagerie will be here to-day. Get your quarters and halves ready.

Rev. A. H. Widney, of Argos, will deliver a Temperance Lecture at the M. E. Church in Bourbon, on Saturday evening, June 3d.

Ab. Becker has received a large lot of Queensware, Crockery, Glass ware, &c., at his Grocery Store, in Corbin's Block, which he will dispose of cheap. Call and examine.

The Great Northwestern Sanitary Fair was opened at Chicago on Tuesday last, with the most cheering prospects of success.

To day has been set apart by the President as a day of humiliation and prayer, Services will be held at the Episcopal, Presbyterian and Methodist Churches at 10½ o'clock A. M.

Mr. A. Reisecker, Merchant Tailor, requests us to say that he will remove next week to the room now occupied as the Post office, where he will manufacture Gentlemen's Clothing to order, and warrant satisfaction.

To-morrow is the day fixed by the president for the execution of Messrs. Milligan and Bowles at Indianapolis. We cannot but think that they will yet be reprieved, as to execute them would be contrary to the wish of a large number of republicans.

The state of things in portions of Missouri may be guessed at from the fact that the Lexington *union* of the sixth is laden with nearly twenty nine columns of advertisements of real estate to be sold by Sheriff of LaFayette County, at the May term of the Circuit Court.

Religious Notice.

The annual conference of the North Division of the Christian Church of Indiana, will hold their next conference in their new church, at the cross roads, six miles south of Plymouth, on the Michigan road, commencing Thursday evening June 8th, at 4 o'clock, and continue over Sunday.

The new Photograph rooms of J. R. Losey, over Rice & Bro's store, are becoming very popular in consequence of the fine tone of his pictures. Mr. L. has few superiors as an artist, and is fast acquiring the reputation his superior knowledge of the art deserves. To get a good photograph, you need not go to Chicago,—call at the rooms of Mr. Losey.

The New York Herald's Washington dispatch says: "Gen. Sherman's report will be published next week by order of the war department. Sherman will retain command of the military division of the Mississippi, comprising Kentucky, Tennessee, Alabama, Mississippi, and Louisiana, with headquarters at Cincinnati."

We paid Warsaw a short visit on last Friday, called on our friends Rippey, of the Indianian, and Zimmerman, of the Union. The former gentleman had just returned from a visit to Ohio, and looked awful happy, we thought, for an editor. Mr. Zimmerman, like ourself, don't get much time to travel, but is doing very well at home. We could not elude the vigilance of Otis Pratt, proprietor of the omnibus, but had to accept a free seat to ride up to the Exchange.—the house so long kept by that Prince of landlords, Joseph Popham. Here we felt a little lost at not meeting, as we formerly had, the genial countenances of Mr. Popham and his lady, but on inquiry we found the house had fell into other hands, well calculated to sustain its former good reputation. Our friends up there will please accept thanks for favors shown us.

Some of the Results of Indigestion.

A feeling of *over-fullness* after eating; troubled with a sinking sensation at the pit of the stomach between meals; depressed spirits; difficulty in calculating, or arranging ideas; flatulence in the stomach and bowels; rising in the morning unrefreshed; after performing a small amount of labor feeling languid, faint and dizzy; swimming of the head and sudden dimness of sight after having been intently reading or writing.

To overcome all the above do not use a powerful cathartic that will prostrate you, nor a fiery stimulant that will give you relief for the moment and be followed by a collapse; nor a violent astringent that first irritates, and, in the end, partially paralyzes the digestive organs: but use the mild cordial, "Red Jacket Bitters," which will gently *assist* instead of *attacking* the functions of nature.

SOUTH BEND TO BE A CITY.—The South Benders are jubilant over the fact that that country town is to be at once converted into a large and thriving city. They held an election up there the other day and gave 92 majority in favor of the proposition, and a week from next Monday has been selected to choose their first city officers.—*LaPorte Herald.*

It is a noticeable fact that S. & M. Becker, since their removal, sell goods much lower than before. They are determined to sell cheap, regardless of eastern prices, We see that our old fried, E. R. Shook, is behind the counter as salesman; as a gentlemanly and efficient clerk, Mr. S. ranks with the highest. The new store room is well filled with a magnificent stock, and a full corps of able clerks are on hand to accommodate customers.

Through the courtesy of our enterprising livery man, G. H. Hess, we had the pleasure of a ride about town, a few days ago, and at the same time of noticing the improvements now being made. We had no idea before of the preparations that are being made for building and otherwise improving the town the coming summer. Many new residences are in process of construction, and old ones are receiving such repairs as will make them about as good as new. Fences, walks, &c. are also receiving proper attention in many localities, and on the whole we are quite safe in saying that the coming summer will witness more improvement in the town than any previous one since its foundation.—We notice, however, that there has been no improvement made to the Court House square, the fence is in a horrible condition,—suggestive of hard times, which is not the fact; few counties in the State can boast of a better condition of finances.—A new fence is much needed to replace the old one, now tottering under the discomfort of many hard winters. Aside from this our town presents sufficient proof of enterprise. Let the Court House square be fixed up.

The Logansport Journal says that, "a certain Mrs. Wilson—a war widow we believe—on last Saturday afternoon procured a dimes worth of strychnine, went out into the woods north of Eel river, took the poison, and laid herself down to die.' At any rate, she was found there on Sunday and taken to her house, where she 'still lives;' but her recovery is considered doubtful."

A "SQUARE MEAL."—Travellers on railways frequently suffer gross impositions from unprincipled people who profess to cater to their physical wants. It is a matter of gratification to us to be able to announce an exception to what has become almost a rule, and that is at Seth Edwards' restaurant, near the railroad, Plymouth. Seth sets a good table, has attentive and accommodating waiters, and always plenty to eat.

We clip the above commendable notice from the Ft. Wayne Daily Sentinel, and feel justified in the statement that the editor of that paper properly appreciates what justly constitutes a "square meal." The above is the universal expression of all who stop there.

The Army of the Tennessee Coming West—City Quiet

WASHINGTON, May 30.

The army of the Tennessee, Gen. Logan, commanding commences to move west to morrow, over the Baltimore and Ohio railroad. The 14th corps will go first, owing to Gen. Grant's order.

There have been no disturbances during the past twenty four hours. All liquor saloons are closed.

From Indianapolis.

INDIANAPOLIS, May 27.

It is stated that all Indiana troops, about to be discharged, will be mustered out and paid off at Indianapolis. Authoritative state proclamations have been made to this effect.

Under the auspices of Gov. Morton, another meeting was held here to day for the contemplated purpose of providing a permanent home for disabled Indiana soldiers and seamen. For this county a liberal sum was subscribed, and all the other counties throughout the state are following suit.

In preparation for our returned veterans, expected daily, our citizens are exerting themselves. Provision has already been made for their physical entertainment, and platforms erected in the State House yard for Gov. Morton and others to address them.

I understand that the grand jury of the United States court, now in session here are calling witnesses before them regarding Bowles, Milligan and Horsey, with a view of indicting them and bringing them to answer before the civil courts, and demanding them of the military authorities Next Friday is the day fixed for the execution of Bowles and Milligan.

THESE Bitters are prepared, in pure Bourbon Whisky, from a combination of over twenty different kinds of roots, barks and herbs, which act in perfect concert one with the other, prepared from the original formula given by the great chief, Red Jacket, to Dr. Chapin, who used them successfully in his practice for many years, and by their use gained so great a popularity in the treatment and cure of Dyspepsia, Liver Complaint, Constipation, Sick and Nervous Headache, Fever and Ague, and all diseases arising from torpid liver or indigestion. Persons suffering from either of these loathsome diseases will find a sure cure by the use of these Bitters, which are perfectly pure and free from all those drugs and poisons usually put up in such preparations and palmed off on an unsuspecting public. A single trial will convince the most skeptical that in the RED JACKET there is virtue which no other Bitters possess.

They strengthen and invigorate the system.
They are unequaled for general debility.
They are a sure cure for dyspepsia.
They give a good and healthy appetite.
They assist digestion.
They are the best stimulant in existence.
They are a preventive of Fever and Ague.
They relieve constipation.
They cure Nervous Headache.
They are perfectly pure and palatable.

☞Aged persons and delicate females will find they can save large doctor's bills by the use of these Bitters.
