It is suggested by a jockey, that the season seems to have the spring-halt.

STILL THEY COME.—J. M. Dale & Co. are selling good prints at from ten to fifteen cents. Heavy sheetings at twenty-eight cents.

We are without our Bourbon letter this week, in consequence of the absence of our correspondent at that place.

Persons who are desirous of purchasing a few splendid Picture Frames, or a fine Photograph Album, will hear of a rare opportunity of securing superior articles, at a bargain, by calling at this office.

Why is not the dog ordinance rigidly enforced? The numerous "curs of low degree" infesting our streets should either be securely muzzled, kept up or killed. It is positively dangerous to permit dogs to run at large.

FIRE.—The house of Mrs. Fitzgerald, of Polk township, this county, was partially destroyed by fire recently. The loss of personal property and damage to building is about $200. The origin of the fire is unknown.

The Corporation Trustees have passed an ordinance to prevent the running at large of swine upon the streets within the Corporate limits, which will be found in our columns today. We trust it will be strictly enforced and not allowed to remain a dead letter upon the ordinances of the town.

MAY VS DECEMBER.—It would seem that this month is trying to surpass the blustering month of December in cold and dreariness, and certainly May has a decided advantage over December, as she can keep up a distressing appearance of balmy spring, and at the same time call into lively requisition hot fires and winter clothing.

Messrs. Pyle & Bro. have a large and splendid assortment of Clocks, Watches and Jewelry, which they have marked down to the lowest possible figures consistent with a fair living profit. Their store in all its appointments, is complete, attractive and elegant.—They do repairing in a manner that renders entire satisfaction to all their patrons.

CROPS.—From nearly all sections of the State we have the cheering intelligence that the prospects for good crops are most excellent. The weather has been unfavorable for planting corn, and but comparatively little has been planted. Fruit, with perhaps the exception of cherries, currants and strawberries, is, as yet, uninjured. The weather has been cold and wet, which greatly retarded the operations of farmers.

SAD CASUALTY.—Edward Canary, a boy employed in the steam stave factory at this place, was seriously, if not fatally injured on Tuesday afternoon about 2 o'clock. He was caught by the main shaft of the machinery and several times carried around by its revolutions before the engine could be stopped.—One of his legs was broken and the foot torn off the other. He received some internal injury, but to what extent we are uninformed. He was still alive yesterday morning. His parents reside in this place.

On the first page of to-day's paper, will be found an article from the pen of Rev. Dr. Bacon, of Connecticut, to which we call the special attention of the reader. Dr. Bacon, though a Republican, differs from his political friends and associates, in that he justly regards the reserved rights of the States as the palladium of liberty, while the leaders of the Republican party are in favor of the centralization of all power in one federal head, and thus convert a government of limited powers into an imperial despotism. No intelligent friend of the Union can view without alarm, the proposed obliteration of State lines, by the party in power.

Westervelt & Co. are at home again in their own room, with stacks and piles of New Goods, en route and being received—some of them already opened, especially of Boots & Shoes, which they say cannot be beat in qualities and prices, in this or any other market at retail.

We refer our readers to the advertisement of Carter & Baird, grocers, in another column. They have an excellent stock.

The schools at Richmond have been closed, it being deemed unsafe to send children, on account of the prevalence of mad dogs.

The annual session of the Indiana Grand Lodge of F. & A. M. convened at Indianapolis on the 28th inst. A large number of delegates attended.

Buckwood, the oldest hunter in the Rocky Mountains, and at one time, Chief of the Crow Nation, died lately while on a hunting excursion in Colorado.

MARRIED.—On the 22nd instant, at the residence of Mrs. Hewitt, by Rev. N. L. Lord, Mr. GEORGE H. WILBUR, of Milwaukee, and Miss JENNIE HAWLEY, of this place.

With the above announcement, we received a magnificent bride's cake, for which the happy couple will please accept our thanks, and our best wishes for their future happiness and prosperity.

The near approach of summer should suggest to all the necessity of preparing for the warm season and its attendant diseases, by a thorough cleaning up of our streets and premises. Some of our back streets abound with various kinds of debris, collected during the winter, so conducive to malarious diseases.

We hope all will interest themselves in keeping up a healthy appearance in our town, remembering that "an ounce of preventive is better than a pound of cure."

The thorough cleansing of streets and alleys, the removal of rubbish and decayed vegetable matter, and the free use of disinfectants about sinks, outhouses, and such places where garbage is deposited, should not be neglected a day longer; and if this duty is not voluntarily performed, the proper authorities should compel its performance.

Last Friday an attempt at insurrection was made at the Jeffersonville penitentiary. The plot was for one Lloyd to get the storeroom door open on a pretense of obtaining a new pair of shoes, when the others were to rush in and escape. One man proved a traitor to the conspiracy, and the ring leaders were whipped, according to the laws of Indiana

General Rousseau will act as Chief Marshal at the ceremonies of unveiling the statue of Henry Clay, on the 30th, at Louisville. Great preparations are making to make the occasion a splendid demonstration of veneration for the deceased statesman. Governor Wood, of North Carolina, Millard Fillmore, the Blairs, and a host of celebrities, have signified that they will be present.

TAKE NO MORE UNPLEASANT AND UNSAFE REMEDIES for unpleasant and dangerous diseases. Use Helmbold's Extract Buchu and improved Rose Wash.

HELMBOLD'S EXTRACT BUCHU gives health and vigor to the frame and bloom to the pallid cheek. Debility is accompanied by many alarming symptoms, and if no treatment is submitted to, consumption, insanity or epileptic fits ensue.

An adjourned meeting of the Marshall County Agricultural Society will be held at the Court House on Saturday, June 1, 1867, at 1 o'clock, P. M.

Henry S. Benson, Secretary.

USE CAUTION.—In calling for that excellent Saleratus, D. B. DeLand & Co.'s best Chemical, be sure you get what you call for, as in consequence of its success there are many imitations in the market. It is better than soda. tf

Those of our readers who lack a growth of hair upon the head, or whose hair is falling out or have become bald, would do well to try "Dr. Sevigne's Restaurateur Capillaire." THE WHITE PINE.—It has long been known that this tree contained many excellent medicinal qualities, but it is only of comparatively recent date that they have been analyzed and combined into remedies for popular use. Dr. J. W. Poland, formerly a clergyman of high repute, a few years since prepared such a medicine, which he called the "White Pine Compound," and so efficacious has it proved in all throat, lung and kidney diseases, wherever it has been used, that the popular demand for it rapidly increased until the discoverer was obliged to devote his whole attention to the business of preparing it for the market, and it now stands in the front rank of the medical specifics of the day. Dr. Swett, of the New England Botanic Depot in Boston, has become proprietor of the Compound, and his advertisement in this paper gives an interesting account of its origin and success, substantiated by a large number of certificates from well known citizens of the New England States. The medicine is specially popular in Maine, New Hampshire and Vermont, where the virtues of the white pine are as familiar as household words. 35m3

A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the *CIRCASSIAN BALM*, and considered it an invaluable acquisition to a Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its action on the cuticle it draws from it all impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. DUPLEX ELLIPTIC

(OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great comfort and pleasure to any LADY wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for promenade and house dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For children, misses and young ladies they are superior to all others.

They will not bend or break like the Single Spring but will preserve their perfect and graceful shape when three of four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread and the bottom rods are not only double springs, but twice (or double) covered: preventing them from wearing out when dragging down stoops, stairs, etc.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the FASHION MAGAZINES as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, enquire for J. W. BRADLEY'S Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION—To guard against IMPOSITION be particular to notice that skirts offered as "Duplex" have the red ink stamp, viz, "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also notice that every Hoop will admit a pin being passed through the center, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt

MAGNETISM is the vital principal of life. When by transgressing the laws of nature we impair the workings of that beautiful mechanism which God made perfect, nature, through her great Electrical Battery, makes a powerful effort to remove the impediment which clogs the circulation of the magnetic forces. To assist Nature, use the "Electro Magnetic Fluid," prepared by the Swain Manufacturing Company, which is nothing less than Electricity in liquid form, and is undoubtedly the most wonderful as well as most useful chemical discovery of this age of fruitful research. It is composed of the most powerful ingredients known to chemistry, and when combined by this, the only known process, and applied to the human form, it supplies the deficiency of magnetic power, needed to banish disease.

Palsy of long standing, Scrofula, and Epileptic fits have been cured in a few minutes, while Rheumatism and Neuralgia, those giant diseases which have for ages baffled medical skill, and caused untold suffering, yield at once to the healing influence of this powerful fluid. It is warranted to heal the following diseases when used according to directions *as a bathing lotion*: Rheumatism, Neuralgia, Palsy, Fits, Swelled Joints, Scrofula, Stiff Limbs, Spasms, Deafness, Cancer, White Swelling, Salt Rheum, Sore Eyes, Female Weak Back, Spinal Affections, Prolapsus, and other Female Diseases.

Remember that its use involves no long tedious, uncertain, and costly experiment, but its good effects will be seen almost instantly while in no case can it possibly do harm.

Send to the proprietors for circular containing certificates from well known citizens of remarkable cures, effected by this medicine after all other remedies had failed to relieve.

One bottle will be sent to any part of the United States on receipt of one dollar.
