WILL NAME DAY TO RAISE FUNDS FOR CHARITY WORK

Campaign to Save Associated Charities Will be Whirlwind Affair—Propose Plan to Consolidate Philanthropic Work.

A campaign to raise a fund for the Associated Charities will be made in South Bend within the next 10 days.

As a result of the conference at the Y. M. C. A. luncheon Saturday, when it was unanimously decided that the city must have an organization for promoting charity work, plans are being made to make a day's campaign for the purpose of raising more money.

Nearly 50 South Bend business men have agreed to concentrate their efforts on some one day to be set aside in the near future for soliciting finances for the maintainance of the organization. A special meeting of the board has been called for Tuesday night by George U. Bingham and plans will be made at that time.

That the present organization can not be operated successfully unless a larger fund is contributed was the opinion of those present Saturday and plans were immediately made for enlargement. Larger quarters will be secured and plans for conducting it on a broader basis are being made.

Plans for a complete rearrangement for conducting South Bend charities are being made. The Chamber of Commerce is promoting a plan, which is now being successfully followed in Dayton and Cleveland, Ohio, and numbers of other large cities of the east, for operating all philanthropic movements.

Will Call Meeting.

Harry A. Engman, jr., president of the Commerce Chamber, in the next few days will call a meeting of the representatives of all charity movements in South Bend to arrange a more systematic plan.

It is the plan to arrange endorsement cards which would only be given to worthy movements. Business men, merchants, manufacturers and citizens, who are now harassed hundreds of times a year by charity solicitors, might then before giving demand that they see these cards, before any donation would be made.

The plan would compel charity solicitors to have such endorsement, and those solicited could refuse to give unless some sort of recommendation in the form of an endorsement was made. It has been declared that business men have not time to look into the practicability of the numbers of charity movements. It is the plain to have a special board appointed by the Chamber which will investigate thoroughly every movement.

Plans are being made to urge people to promote only one civic charity organization, as in that manner but one administrative body is required and expenses are lowered, giving increased funds for real work.

OLD SOLDIER TELLS OF FIGHT IN POST QUARTERS

Says Comrade While Enraged Struck Him Across Nose With Heavy Cane.

Henry Crocker, 1219 Michigan av., who pleaded guilty to charges of assault and battery filed by Daniel Dressler, 236 E. Elder st., Saturday morning in city court, was fined $10 and costs Monday morning by Judge Warner.

Dressler, in his story on the stand, said that the fight had taken place in the G. A. R. hall in the old courthouse. Crocker, he declared, had taken offence because some correspondence had been addressed to him at Lakeville, whereas it should have been addressed to his home in this city. For that reason and no other, declared Dressler, Crocker beat him with his fist and struck him across the nose with a heavy cane. Dressler said that Crocker was so enraged that several men from another room who came to his assistance, were powerless to restrain him.

Dressler demanded that Crocker be placed under a peace bond but his request was refused by the court.

FIFER TRIAL AGAIN DELAYED AT ELKHART

Failure to finish another case preceding it has caused further delay in the opening of the trial of Floyd Fifer, charged with the murder of E. A. Fink, a Michigan av. druggist, in the Elkhart circuit court. Pros. Montgomery stated Monday that he would not go to Elkhart until he received a summons from the court there that it was prepared to take up the Fifer matter. It is expected that the case will begin sometime during the middle part of this week unless unforseen circumstances prevent.

GUARDIAN FOR WIFE IS ASKED COURT BY HUSBAND

John N. Kline has filed a petition in the circuit court for the appointment of a guardian for his wife, Jennie M. Kline, who he alleges is of unsound mind. Kline states that he wishes to dispose of certain property valued at $857.14, belonging to himself and wife.

How to Banish Wrinkles Quickly

If the average woman only knew it, it is not at all difficult to preserve the youthful contour and velvety smoothness of complexion. Every woman hates to see her face wrinkled or baggy, and practically every one has experimented with some sort of patent remedy in the effort either to remove such condition or ward it off.

As a matter of fact, the most effective remedy in the world is one that any woman can easily make up herself at home, in a moment's time. Let her take one ounce of pure powdered saxolite, which she can purchase at any drug store, and dissolve it in a half pint of witch hazel. Apply this harmless and refreshing solution to the face every day. The results are surprising—and instantaneous. Even after the very first application a marked improvement is apparent. The wrinkles are less in evidence and the face has a comfortable, smug feeling of firmness that is most delightful.

Bury Young Woman Who Tired Of Struggle Against Poverty

Mrs. Julia P. Demski, who killed herself Friday evening by swallowing carbolic acid, was buried Monday morning in the St. Joseph cemetery. The funeral was held from the house, 521 S. Kaley st., at 8 o'clock. The woman leaves a husband, Frank Demski, and four small children.

Tired of what promised to be a lifelong strife in behalf of herself and her family, Mrs. Demski, who was but 22 years old, mother of four little children, gave up the battle against apparently hopeless odds. Discouraged by barrier after barrier in the path from poverty to prosperity, seeing the home for which she had saved and economized gradually slipping from her, she decided that the task was fruitless. Without a hint of her intention, the defeated little woman left her home and children Friday evening at supper time, apparently to see a creditor. She did not return, and at 8 o'clock her husband, Frank Demski, began a search for her. For three hours he traveled about through the heavy rain, but with no result.

At 11 o'clock he went to the shed in the rear of their home and there he found his wife dying from the effects of a large dose of carbolic acid. While being rushed to a hospital a few minutes later, the disappointed mother passed from existence, her life ended by her own act.

Loss of Money Cause of Act.

According to her relatives, Mrs. Demski's suicide was the direct result of the shock which she experienced on coming home from her work one evening last week to find that the furniture which was bought on the installment plan, had been taken back because of a lapse in payments. The loss of $400 which was secreted in one of the bureau drawers added the final touch to her tragedy.

The furniture men who took the goods from the home as well as the proprietor, discredit the story of the $400, declaring that they found but $10 in one of the locked drawers, which amount was returned immediately to the Demskis. Friends and relatives of the woman, however, maintain stoutly that they had seen the money which Mrs. Demski is said to have taken from a bank in her fear that a financial crash was imminent.

The replevin suit filed by the furniture company will never be tried, but Demski has declared he intends to press action in the effort to find the $400.

RALLY DAY IS OBSERVED AT CONFERENCE CHURCH

U. B. Congregation is Entertained by Lectures—Much enthusiasm and Large Attendance.

Rally day was observed Sunday at the Conference Memorial United Brethren church and members of the congregation and the Sunday school stated that it surpassed in point of attendance, enthusiasm and collection, anything ever before attempted in the history of the church. Prof. M. A. Honline was the chief speaker of the day.

At the morning service Prof. Honline spoke on the subject, "The Sunday School as an Educational Institution." He said that every child in any community is an assest to the community and as such should receive attention from the people, both religious and moral.

"Problems of Religious Education" was the topic of his afternoon address. He stated that in his opinion there were four divisions of life—physical, intellectual, social and religious. He also made the statement that if the young people of this generation were brought into the faith the young people of the generations to come would be of the faith."

Attendance at both lectures was large.

The theft is said to have occurred when Popielski was at work and the two boys were left in charge of the house. Marciniak is but 16, while the younger Popielski is only 14 years old. Both were lodged in the county jail until their apuearance in city court Saturday morning.

They were placed under bond of $200 and their cases set for Tuesday. Young Popielski's case will be taken over by Juvenile Officer Miller.

Dr. Edwin A. Martin, republican candidate for county coroner, has been ordered by Judge Vernon W. Van Fleet to appear in the superior court Tuesday, Oct. 13, and state why he has failed to pay a weekly allowance to his divorced wife, Verna Martin, and children. When the divorce was granted the husband was ordered to pay $6 per week toward the support of his family, but according to a complaint by the plaintiff she has received but $19 since July 20 when she should have had $60. The court cited Martin to appear for a hearing as to why he should not be punished for contempt for failure to abide by its orders.

Suit to collect $1,500 was filed in the superior court Monday by the National Water Main Cleaning Co., of New York, against George A. Harrop, secretary and treasurer of the National Co. of this city. It is alleged by the plaintiff that a contract was made with Harrop on Dec. 27, 1913, to clean and repair a system of mains in North Baltimore, O. The plaintiff states that the work was accomplished and that the bill amounted to $4,091.73. Of this sum it is alleged that but $2,805.40 has been paid, leaving a balance of $1,286.33 due. PATROLMAN JENNINGS IS GIVEN HEAVY FINE

Receives Reprimand From the Safety Board for Dringing While on Duty.

Patrolman Harry Jennings of the local police department, was fined one month's pay and received a severe reprimand from the board of public safety at a special meeting held Monday morning to hear charges preferred against the officer by Chief of Police Kerr.

In the affidavit filed with the clerk of the board, Jennings was accused of entering the saloon of Clarence Elliott on Polk st. while in full uniform and while on duty. While in the saloon he was said to have drunk intoxicating liquor. He pleaded guilty to the charge, thus dispensing with the testimony of the two witnesses. John A. Hibberd, member of the board, and his chauffeur, Orville Matthews, were the witnesses.

Hibberd stated to the board that he had seen Jennings in the saloon while in the neighborhood on personal business. He reported the affair to Chief Kerr and the charges were immediately filed.

Pres. Augustine, of the board of safety, in his reprimand to the officer, said that at the beginning of the present administration he laid laid special stress upon the rule in the police department manual which absolutely forbids an officer to partake of liquor while in discharge of his duty.

"The dignity of the department," said Augustine, "rests largely upon the conduct of its officers. An officer in a saloon while in uniform is a bad example. Jennings also broke rule No. 37, which forbids a patrolman to enter a saloon under any condition except while in strict discharge of his duty."

Jennings in his own behalf stated that the offense had been committed just before he had started home at the noon hour. He held, he declared, that he was off duty at the time. The board, however, felt that an officer's working hours included his meal hours.

MISS SPAIN IS HONORED

It is the first time in the history of the school that a girl has held the position of assistant in the sport department and the position was given her because of her exceptional interest in things athletic. She is an expert amateur tennis player and has played on the girls' basketball team for several years, and is intensely fond of all outdoor sports. Miss Spain with her younger sister, Miss Margaret, spent several weeks this summer with her aunt, Mrs. Derr. Both have visited here frequently and are very popular among the younger set. TWO CRIMINAL CASES COME UP NEXT TERM

Mrs. August Suhl and Ben Kahn Will be Tried During November Session.

Neither the trial of Augusta Suhl, charged with poisoning her husband, Charles Suhl, nor that of Ben Kahn, once convicted of arson, will come up in the circuit court this term but both cases are expected to be tried during the November session. The Suhl case was stricken from the docket for the September term at the Friday setting and Pros. C. A. Montgomery stated Monday that the Kahn case will not be taken up until next term.

Kahn was convicted of burning his store on S. Michigan st. by a jury in the circuit court a year ago, the trial being one of the most sensational in recent years. The alleged firebug was granted a new trial and will again defend himself from a sentence to the penitentiary. Several of the alleged "arson ring" with headquarters in Chicago, are involoved in the case. Nathan Spira, the insurance adjustor who figured prominently in the gun fight between detectives and a number of crooks in the loop there last week, being one of the witnesses for the defense when the Kahn case was tried here.

Ben Fink, named the "human torch" of the "arson ring," who has confessed to having started many fires over the country, is being used by the Chicgao authorities in the prosecution of the cases there but will be brought to South Bend by Pros. Montgomery when the Kahn case is tried in the circuit court. Fink is said to have played a prominent part in the Kahn fire and will be one of the most important witnesses for the state.

GET GAME WITH "AGGIES"

High School Team Will Play Winona College Nov. 21.

After much corresponding and dickering, Coach Metzler has secured the Winona Agricultural college football eleven as opponents for the local team on Nov. 21. The date has been open since the beginning of the season, although Metzler has tried East Chicago, Benton Harbor and a host of other high schools, but none could make arrangements to meet the locals.

The Winona management wrote to Metzler asking for Nov. 14, but that date being taken by Hammond, Metzler offered the college team the following Saturday, and they accepted.

The strength of the collegians is an unknown quantity, but without a doubt they will be stronger than any high school team that the locals could hook up with.

PETTY ROBBERIES ARE REPORTED TO POLICE

William H. Swintz, manager of the National Grocery Co., reported to the police Monday morning that some time Saturday or Sunday night thieves had entered the St. Joseph st. warehouse of the company and stolen $6 worth of cigars. E. F. Woofters, 728 Robertson st., reported to the police that several valuable tools including saws, chisels, braces and hammers, had been stolen from his shop. No trace of them has been found.

The chief of police at Dowagiac and the sheriff at Cassopolis, Mich., have asked the local police department to search for a four-passenger Ford touring car which was stolen from Hartford, Mich. Two men are supposed to have stolen it.

The Mishawaka Trust and Savings Co. has filed suit against Arthur Z. Ball and Mary O. Ball in the superior court, for foreclosure of a mortgage and judgment of $1,136.06 on two promissory notes. The company alleges that the defendants gave them their five-year note for $850 on Sept. 29, 1909, and another for $100 on Aug. 28, 1911, and that neither has been paid. The plaintiff holds a mortgage on certain property as security and asks that this be foreclosed to satisfy its claim.

CHAMBER GIVEN NEW PROMISES OF STRONG SUPPORT

(CONTINUED FROM PAGE ONE)

is destroyed when intense individualism prevents public issues from being settled as they arise.

"The chamber can create or encourage the elements that make for cooperation. It can create the spirit of appreciation. It can establish the habit of giving. It can generate the atmosphere of enterprise.

"Out of these three intangible things comes a complete regeneration of public spirit. The atmosphere of enterprise is that peculiar condition of the public mind which influences men to launch out. It may be called confidence, in the future, or self reliance or optimism.

"A young man full of energy and in possession of a shoe string may start business in Spokane or Seattle with the fullest approbation from the public and with the general belief that success will attend his effort. The same young man with the same shoe string would be ridiculed out of business if he tried to start in Meridan, Conn., or some small town in even this vicinity.

Can Create Atmosphere.

"In the small town the public looks on tomorrow skeptically. It may bring storms, wars or other troubles. But the prospect is too far remote to induce the conservative little town to take any chances.

"The Chamber of Commerce can create an atmosphere of enterprise that will stimulate men to do the best that is in them instead of the least."

Harry A. Engman, jr., president, introduced Rev. Mr. Lippincott, who presided at the luncheon. Following the address Mr. Wilson talked and Mr. Engman made a brief speech which was applauded most enthusiastically by those present.

Mr. Engman Said in Part.

"When I recahed my office this morning I was struck with a message which an advertising post card at the top of my mail carried. Here is what it said: 'Nothing doing is the result of doing nothing.'

Must Get to Work.

"Coming up here to this luncheon and listening to Dr. Lippincott and Mr. Wilson gets us part of the way, but it don't take us all of the way. Your work, men, has got to do this.

"And when I say work, I don't mean walking into a man's office asking him if he will join the Chamber of Commerce and then walking out if he says no. That is exercising your legs. In this campaign you have got to exercise your heart and convictions and your head.

"You cannot get men to join this Chamber of Commerce unless you feel that the Chamber of Commerce is doing splendid work in South Bend. You can not get him to join unless you know that they are going to do still more splendid work. With this feeling in your heart, no man can turn you down without a battle and it will be a battle in which you have every advantage because you know that it is a good citizen's duty to join that organization which is working for the best interests of the town, and, if you will go out with this spirit tomorrow morning, carrying this conviction into the hearts of the men on whom you call, they are sure to join with you in the magnificent work which we are going to do for this community.

"In addition to the duty you owe South Bend as a citizen of South Bend, the South Bend Chamber of Commerce is going to give you distinctive service which is going to be a benefit to you."

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup. Advt.

CONFESS TO ROBBERY OF FREIGHT CARS IN LAKEVILLE COLLISION

Sidney Rosenberg of New York city, and Bert Hunley were arrested Sunday night by Detective Dives and Patrolman Wesolek after, it is alleged, they were caught peddling goods stolen from wrecked freight cars in Lakeville. They were members of a large gang of hoboes who were in empty freight cars when the two trains collided Friday night, and after the crowd had diminished, are said to have taken lace curtains and other goods from one of the cars and to have peddled them through the country.

Both confessed at police headquarters that they were guilty of the charge. They will be arraigned in city court Tuesday morning upon charges of petit larceny.

Authorities of the railroad are said to be taking steps to learn the cause of the accident and punish the guilty parties. Advices from Lakeville are to the effect that Engineer Hurtt's innocence of blame is being investigated as is also the crew of the other train.

The crews of both engines were hurt, the most seriously being Hurtt. All are improving at their homes in Montpelier.
