# COUNTY FIGURES TO STAND, VIEW

## Members of Board of Review Return From Indianapolis After Tax Hearing.

That the total valuation of nearly $225,000,000 on personal property and real estate in St. Joseph county, placed by the local board of review, will not be increased was the opinion of local members of the board who returned Thursday from Indianapolis where a hearing on the valuation for this county was held before the state board of tax commissioners Wednesday.

According to County Auditor Arthur F. Wolf, member of the board, it took the state officials only three minutes to satisfy themselves that the St. Joseph county board had made valuations according to the new true cash value law. Each member of the state board congratulated the local members on the manner in which they carried out the law in placing their valuations and told them that St. Joseph county was practically assured of receiving no increase from them when they made their final valuations on counties of the state.

**Figures Not Complete.**

The actual figures on the valuation of St. Joseph county have not yet been announced due to the great amount of work it takes to make the reappraisements in Portage township, which includes South Bend. The estimated valuation for this township, however, was $128,000. When the state board makes its assessment on railways and other public utilities of the county several million dollars will be added to the valuation, while the remaining townships in the county outside of Portage will reach more than $90,000,000.

With the $225,000,000 total valuation the county's tax rate will be lowered from $4.46 a hundred to less than $4.25, it is believed. The total valuation for this county for last year was $60,000,000.

According to figures recently compiled by the state board farm land in St. Joseph county is valued at $76 an acre, while in the adjoining counties of Laporte and Elkhart farm land is valued at $49 and $83.50 respectively.

# SARKA WOMAN IS FREED BY COURT

## Kurtz Says Police Should Clean Up "Uptown" Instead of Outskirts.

Mrs. Louisa Sarka was found not guilty of a charge of keeping a house of ill fame at 2214 W. Washington av. and Elizabeth Lattie was found guilty of a charge of being an inmate of the same house when the case against them was heard in city court before Judge Frank Gilmer Thursday morning.

The case brought out a bitter legal battle between Deputy Pros. George Schock representing the state and Atty. George Kurtz, counsel for the defendants.

The Lattie girl was fined $10 and costs and given a sentence of 30 days in jail. The jail sentence was suspended on condition that the girl find a position in another place. She will also be required to report once a week for three months to the probation officer.

In summing up the evidence Judge Gilmer declared that he felt that the Sarka restaurant was a house of bad reputation but he could not find Mrs. Sarka guilty of the charge as it was shown that her husband, not Mrs. Sarka, ran the place, paid the rent and was responsible for its character.

**Admits Relations.**

The Lattie girl admitted on the stand that she had been intimate with a man at the Sarka place and had received money for it.

Mr. Schock in argument branded the Sarka's as among that class who are "profiteering" in the trade of young girls in South Bend.

Atty. Kurtz in reply grilled the police, especially the detectives who made the arrests at the Sarka place which is conducted as a soft drink parlor and restaurant declaring that it was more their duty to clean up the "arched eyebrow, rouge besmeared, loose gowned and silk stockinged element" of the up town district than to confine their attentions to the working class on the outskirts of the city.

## City Has Big Day With Culver Cavalry and Jackies' Band.

One hundred lads in the grey-blue uniform of Culver Military academy turned South Bend into a military post Thursday, the merchants' Culver day, with a parade and the lively strains of a jackie band.

The parade at 10 o'clock in the morning started the day's activities, which included a band concert in front of the Oliver hotel at noon, speeches before the Kiwanis club immediately afterward, and a drill exhibition at Springbrook park in the afternoon, followed by a band concert there.

Maj. Robert Rossow headed the parade in the morning, accompanied by the other commissioned officers of the troop. The band followed the officers, and upon disbanding of the procession, went to the Oliver hotel.

## Notre Dame Men to Go Back to France to Join New Faculty.

After spending 16 years in America, two members of the Holy Cross Congregation, Brother Exupere, C. S. C., and Brother Josephus, C. S. C., will leave the University of Notre Dame early in September for their native land, France. Both brothers will join the faculty at an educational institute governed by the congregation of the Holy Cross at Angers, France, the school which was closed by the French government a number of years ago.

Coming to America, Brother Exupere, C. S. Brother Exupere was a member of the University of Notre Dame summer school faculty for two years. Among the others who were exiled by the French government at the time when all Catholic educational institutes, convents and churches were closed was the Very Rev. Gilbert Francais, Superior General of the Congregation of the Holy Cross. The venerable superior is now living at St. Joseph's farm.

## SEIZE 700 BAGS SUGAR AS FIRST STEP IN CAMPAIGN

By United Press:

CHICAGO, Aug. 14.—First steps in the government's campaign against hoarding and profiteers was to be taken here today in the seizure of 700 bags of sugar said to be stored in the Central Sugar Co.'s warehouse at Rockford, Ill., where it was alleged the company had been selling its stock at 14 1-2 cents a pound.

This action, announced by Henry H. Rolapp, head of the sugar distributing committee of the food administration, follows receipt of instructions from Attorney General Palmer authorizing immediate action.

Officials of the sugar company were arrested in Pittsburg last week.

Similar action will be taken in other cases, Rolapp said, prosecuting under the libel clause of the food control act which provides seizure and re-sale for hoarded food. A week will be required, Rolapp said, to effect complete clean-up of all hoarded food in the city and vicinity.

## CHICAGO AND ERIE ROAD ENJOINS TAX OFFICIALS

By United Press:

INDIANAPOLIS, Ind., Aug. 14.—Walker D. Hines, federal rail director, and the Chicago and Erie railroad late yesterday filed suit in federal court here to enjoin state officials and officials of the Indiana counties through which it passes from enforcing penalties for failure to pay taxes on the valuation as fixed by the state tax board.

The plaintiffs say that the tax board increased its valuation from $7,821,520 in 1918 to $22,947,315 this year by "unusual and unknown methods" rather than under provisions of the new state tax law.

The complaint says that the action of the tax board violates that provision of the federal constitution providing no person may be deprived of his property without process of law.

## STRIKERS FORFEIT SENIORITY RIGHTS

By United Press:

CHICAGO, Aug. 14.—The decision of Federal Judge Alschuler, arbiter in the stockyards labor dispute, that the men cannot strike without arbitration, under penalty of forfeiture of all rights and abrogating concessional agreements, was seen today as a victory for the packers.

The dispute arose over action of employes after the recent riots, when they went on strike. The packers contend they thereby lost their seniority rights.

Judge Alschuler further ruled that the workers could not be discharged after returning to work solely for their affiliation with the yards union.

## TRUCE TEMPORARILY STOPS MINE RIOTS

By United Press:

Two others were badly injured and numerous persons bore slight wounds. The 10th regiment, state militia and four companies of Peoria guardsmen, under command of Adpt. Gen. Some damage to buildings occurred when an unknown striker threw eight sticks of dynamite into the yards last night.

This would give Bulgaria an outlet to the Aegean sea, but would cut off eastern Thrace from the Grecian mainland.

In other details the Bulgarian treaty has been completed.

# CALLS U. S. LABOR TOO CONSERVATIVE

## European Leader Declares Federation Chief "Out of Sympathy."

By United Press:

PARIS, Aug. 14.—American labor is too conservative, in the view of European workers.

Speaking of Samuel Gompers, president of the American Federation of Labor, Jean Longuet, French deputy and Pan-European labor leader, said today:

"Gompers is too conservative. We are unable to reach common grounds for action. I find him entirely out of sympathy with our cause."

The wide gulf separating the ideas, aims and plans and methods of American and European labor, so clearly emphasized at the recent international conference in Amsterdam, has been even more clearly demonstrated since Gompers came to Paris. He and the French laborites cannot attain a common viewpoint.

Gompers was here conferring with members of the American peace commission as well as the French laborites.

## CHARGES GOMPERS IS NOTHING BUT BOLSHEVIK

By United Press:

NEW YORK, Aug. 14.—Samuel Gompers' advocacy of nationalization of the railways, as stated in an interview with the United Press yesterday was assailed by Sen. Miles Poindexter, Washington, at the Waldorf-Astoria, who charged the labor leader is favoring nothing more or less than bolshevism.

"The cost of living" said Poindexter, "is due to the demands of railway employes and others for continued increase of wages. It is due in part to the abandonment of the government by the president while in Europe, and hoarding of food by the government and private dealers and vast appropriations and loans by the government to purchase fuel, food and other necessities to feed Europe, with no appropriation to feed America."

## TO START TOUR WHEN TREATY IS REPORTED

By United Press:

WASHINGTON, Aug. 14.—Pres't Wilson probably will start his speaking tour of the United States when the peace treaty is reported to the senate by the foreign relations committee, it was learend at the white house today.

This will give him opportunity while on his trip to reply to senate speeches in opposition to the League of Nations, and in fact, conduct an extended debate with those opposing him.

Wilson is said to be pleased with the prospects of early action by the foreign relations committee, as he desires to be in San Francisco during the first week of September.

Before leaving Washington, it was stated, the president wants to see a definite program for reducing living costs under good headway in congress.

## *Market Cossip*

NEW YORK, Aug. 14.—It is not an easy matter at times to point out the specific reason for a particular move in the market. Yesterday's market action is a good illustration. Some writers this morning are of the opinion that the cabled interview with Gompers was the real bearish force.

How then are we to explain the fact that A. T. & T. was a drug on the market the day before and was under pressure yesterday. When the remainder of the list was strong. The fact of the matter is that the market is narrow and many traders are treating it accordingly. They are content with and eager to accept a few points profit. This is, in my opinion, the real cause for the periods of weakness and strength. I feel conservatively bullish, at this time. I think on weak days stocks can be bought, but for the immediate future buyers should be content with moderate profits.—B. H. E.
