rather larger than a 32 pounder. It is very strange to observe the extremes of the art thus lying side by side for more than three centuries. Lieut. Symonds and his divers, by Col. Pasley's directions, employed themselves also at the wreck of the Edgar, from whence several large guns, and many curious minor relics have been brought up. Of these last, says an English paper, we have been favored with the sight of a very handsome glazed vessel called, we believe a pipkin, and the fragment of a saucer, which though they have lain at the bottom nearly 150 years, are as perfect in color and in texture as the day they were submerged when that unfortunate ship was blown up.

"Farewell, a long farewell," as the man said when he lent his umbrella.

SALE OF VALUABLE LAND.

PURSUANT to an order of the Probate Court of Martin county, Ia., I will proceed to sell, on the 13th day of November, 1840, at public

AUCTION,

To the highest responsible bidder, on the premises, the following real estate, of which William Harris, late of Martin co., Ia., died seized, viz: south fractional sections 8 and 9 and west fractions 10 and 15 in township 2, north of the base line range four, west of the miridian line of lands directed to be sold at Vincennes.

The above lands are situated about 3 miles south of Mount Pleasant, Ia., on the east fork of White river, opposite to Hindostan, and contains 560 acres; 200 of which are situate in a rich alluvial river bottom, and the remainder good up-land. Upon the above tract of land there are upwards of 100 acres in cultivation, a good Brick House, a superior Orchard, suitable barns, stables, cribs, &c. The said tract of land also embraces the *Best Water Power in Indiana*, being the falls of White river, upon which is erected a good grist mill, and a saw mill nearly completed. The tract of land is well timbered.

Terms of Sale.

A credit of twelve months will be given to purchasers, and bond and good freehold security, required; but for prompt payment, at the time of sale, a discount of ten per cent will be made. The undersigned is also authorized to sell the above lands at private sale. The attention of Manufacturers and capitalists is especially solicited, as the above is of the most valuable property in the West, and affords advantages not elsewhere to be found in Indiana. The surrounding country is healthy and well settled. White river is navigable for more than 150 miles above the said lands and of course the situation is much more valuable. It is but half a mile from the turnpike road leading from New Albany to Vincennes.

TRUTH IS POWERFUL AND WILL PREVAIL.

DR. SAPPINGTON'S VEGETABLE FEBRIFUGE AND AGUE PILLS, (IMPROVED.)

THE proprietor of these pills having for several years been a resident and practicing physician in the Western States, has become practically and intimately acquainted with all the diseases peculiarly incident to that portion of the country. These all originate in one common cause; belong to the same family; are extremely simple in their characters; and, consequently, require an equally simple mode of treatment.

He has therefore, for a long time, been convinced that much of the money annually expended in the employment of physicians, might be saved, and the public quite as well served, by putting into the hands of the people, a remedy suited to those diseases, with sufficient instructions in regard to the proper mode of applying it.

It was with this view that these medicines were got up and introduced to the public, and for the time that has elapsed since their introduction, they have had a circulation unequaled by any thing of the kind in the country, and the astonishing and uniform success attending their administration, has gained for them a reputation much to be envied, and scarcely enjoyed by any other remedy ever brought before the public. It is now, with the utmost confidence, that the proprietors of these pills offers them to the public, with every assurance that where the directions are closely followed, they will infallibly be found a safe and certain remedy for, and happily adapted to all the various forms of Fever, of Fever and Ague, Chill Fever, Dumb Ague, &c., with their concomitants and sequels, pain in the head, back, and limbs, loss of appetite, sickness at the stomach, irregularities of the bowels, enlargement of the liver and spleen, jaundice, &c.

Each box of these medicines contain three different kinds of pills, to wit: a gentle, safe, yet an efficient cathartic pill; an agreeable diaphoretic and anti-spasmotic pill; and a most powerful, yet perfectly safe and pleasant tonic pill. These are accompanied by ample instructions in regard to their application to most of the diseases of ordinary occurrence, and will enable every family to become their own physician. The extreme pressure of the times has induced the proprietor of these medicines to reduce the price of them from $2 00 to $1 50 per box, in order that they may be within the means of all, and therefore be more generally useful. They will be found for sale in most of the towns and principal settlements in the western country. Price now uniformly $1 50.

BEWARE OF COUNTERFEITS.

None are genuine unless they have an engraved fac simile of the proprietor's signature on the labels of each box. Do not purchase of any person unless they have an engraved certificate of Agency, signed by Chapman Yates, General Agent. For sale by

IMPORTANT DISCOVERY.

THE public are hereby directed to the medical advertisements of Dr. HARLICH'S celebrated *Compound Strengthening Tonic*, and *German Aperient Pills*, which are a Medicine P. Harlich, a celebrated physician of Altdora Germany, which has been used with unparalled success throughout Germany. This medicine consists of two kinds, viz: the German Aperient, and the Compound Strengthening Tonic Pills.—They are each put up in small packs, and should both be used to effect a permanent cure. Those who are afflicted would do well to make a trial of this invaluable medicine, as they never produce sickness or nausea while using. A safe and effectual remedy for

Dyspepsia or Indigestion,

and all stomach complaints; pain in the side, Liver complaints, loss of appetite, Flatulency, Palpitation of the heart, general debility, nervous irritability, sick headache, Female diseases, Spasmodic affections, Rheumatism, Asthmas, Consumption, &c. The German Aperient Pills are to cleanse the stomach and purify the blood. The Tonic or Strengthening Pills to strengthen and invigorate the nerves and digestive organs and give tone to the stomach, as all diseases originate from impurities of the blood and disordered stomach. This mode of treating diseases is pursued by all practical Physicians, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves whenever they feel the symptoms of those diseases, in which they know them to be efficacious. This is the case in all large cities in which they have an extensive sale. It is not to be understood that these medicines will cure all diseases merely by purifying the blood—this they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the directions which accompany them, will cure a great majority of diseases of the stomach, lungs, and liver, by which impurities of the blood are occasioned.

Important to Females.

Dr. O. P. Harlich's Compound Strengthening Tonic, and German Aperient Pills. Those pills remove all those distressing diseases which *Females* are liable to be afflicted with. They remove those morbid secretions which when retained, soon induce a number of diseases and oftentimes render Females unhappy and miserable all their lives. Those pills used according to directions, immediately create a new and healthy action throughout the whole system by *purifying the blood*, and *giving strength* to the stomach and bowels, at the same time relieving the pain in the side, back, and limbs, giving appetite and invigorating the system again to its proper functions and restoring tranquil repose.

Sickness not Health.

Those who enjoy Health, must certainly feel pleased when they compare themselves to those sufferers that have been afflicted for years with various diseases which the human family are all subject to be troubled with. Diseases present themselves in various forms and from various circumstances, which, in the commencement, may all be checked by the use of Dr. O. P. Harlich's Compound Strengthening and German Aperient Pills.—such as Dyspepsia, Liver complaints, Pain in the Side, Rheumatism, general debility, Female Diseases, and all Diseases to which human nature is subject, where the stomach is affected. Directions for using these Medicines always accompany them. These Medicines can be taken with perfect safety by the most delicate Female, as they are mild in their operation and pleasant in their effects.

Rheumatism.

Entirely cured by the use of Dr. Harlich's Compound Strengthening and German Aperient Pills.

Mr. Solomon Wilson, of Chester co. Pa., afflicted for two years with the above distressing disease, of which he had to use his crutches for 18 months; his symptoms were, excruciating pain in all his joints, especially in his hip, shoulder, and ancles, pain increasing always towards evening attended with heat. He was at one time not able to move his limbs on account of the pain being so great; he being advised by a friend of his to procure Dr. Harlich's Pills, sent to the agent in West Chester, and procured some; on using the medicine the third day the pain disappeared and his strength increasing fast, and in three weeks was able to attend to his business, which he had not done for 18 months; for the benefit of others afflicted, he wishes those lines published that they may be relieved, and again enjoy the pleasures of a healthy life.

Causes of Dyspepsa.

This disease often originates from a habit of overloading or distending the stomach by excessive eating or drinking, or very protracted periods of fasting; an indolent or sedentary life, in which no exercise is afforded to the muscular fibres or mental faculties, fear, grief, and deep anxiety, taking too frequently, strong purgative medicines dysentery, miscarriages, intermittent and spasmodic affections of the stomach and bowels; the most common of the latter causes are late hours and the too frequent use of spirituous liquors.

Symptoms. Dyspepsia may be described from a want of appetite or an unnatural and voracious one, nausea, sometimes *bilious vomiting*, sudden and transient distensions of the stomach after eating, acid and putrescent eructions, water brash, pains in the region of the stomach, costiveness, palpitation of the heart, dizziness and dimness of sight, disturbed rest, tremors, mental despondency, flatulency, spasms, nervous irritability, chilliness, sallowness of complexion, oppression after eating, general debility; this disease will also very often produce the sick headache, as proved by the experience of those who have suffered of it.

Treatment. The principal objects to be kep in view are 1st, to free the stomach and intestine from offending materials. 2nd, to improve the tone of the digestive organs and energy of the system in removing noxious matters from the stomach, and obviating costiveness. Violent drastic purgatives should be avoided and those aperients should be used which act gently, and rather by soliciting the peristaltic motions of the intestines to their regularity of health, than by irritating them to a laborious excitement. There is no medicine better adapted to the completion of this than Dr. Harlich's German Aperient Pills. To improve the functions of the debilitated organs and invigorate the system generally, no medicine has ever been so prominently efficacious as Dr. Harlich's Compound Tonic Strengthenidg Pills, whose salutary influence in restoring the digestive organs to a healthy action, and re-establishing health and vigor in enfeebled and dyspeptic constitutions, have gained the implicit confidence of the most eminent physicians, and an unprecedented public testimony. Remember Dr. Harlich's Compound Tonic Strengthening Pills, they are put up in small packs with full directions.
