How Women Suffer.

Silently and Alone They Bear With Patience Burdens That Would Crush Strong Men.

In this country to-day there are thousands of women whose days are filled with constant suffering. There is the dull headache, the dragging backache, the hot flushes, that awful tired feeling, too sick and faint to work, too well to go to bed. Men have little knowledge of the suffering their women go through day after day. Many times such illness is attributed to biliousness, the after-effect of a cold, when it is really a derangement of the nervous system caused by female weakness or disease of the genital organs. It seems a shame that women should suffer so when there is a safe, harmless remedy that will restore to them the splendid health that makes perfect womanhood.

Zoa Phora is a remedy that cures all nervous disorders of women, because it regulates the menses and relieves them of pain. It cures prolapsus because it strengthens the muscles supporting the parts, and renews the nerve force. It is marvelous in its tonic effects and women who have been tired, listless, with headaches and backaches marring their every pleasure, have in a single week been changed from suffering, morose, irritable beings to bright, happy, cheerful women who find a pleasure in their household duties because they have a new and natural strength to perform them without fatigue, simply by use of the wonderful Zoa Phora.

Zoa Phora is sold by all druggists in one dollar bottles. Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed.

ALTON RAILROAD CASE MAY BE COMPROMISED

INDICATIONS THAT LAUGHLIN'S CASE WILL NOT COME TO TRIAL

A POSTPONEMENT ARRANGED

The Complainant Holds Fifty Shares, Which He is Holding for $600 a Share—May Get It.

CHICAGO, November 13.—A settlement may soon be reached in the pending litigation brought by former Judge Laughlin to compel the Chicago & Alton Railway Company to turn back the property to the Chicago & Alton Railroad Company.

Rumors to this effect were partially confirmed yesterday by an agreement between the opposing attorneys extending the time granted under the court rules to plead, answer or demur. The pleadings on the part of the Alton were due in court last Monday, but instead an agreement of counsel was filed extending the time. The extension was not necessitated through stress of business in the Alton's legal department, for it was purposed to file formal demurrer to the bill. The preparation of such a demurrer is a matter of only a few minutes' work.

Complainant Laughlin holds fifty shares of Alton stock, and it is understood that he is asking $600 a share for it. The Harriman people, he argues, bought the stock at $300 and then increased the indebtedness of the road three-fold, showing that they believed the stock worth $600. It is likely, however, that Mr. Laughlin would settle for $25,000, and it is thought that Mr. Harriman would prefer paying this amount to defending the Alton's refinancing in the courts.

The Big Four lines proper earned in the first week of October $391,193.60, an increase over the corresponding week of 1901 of $2,694. The Peoria & Eastern earned $51,282.31, an increase of $2,875.44 over last year.

FIRST HOOKHEAD SPIKES.

They Were Made by a New Albany Man for the J., M. & I. Railroad.

[Special to The Indianapolis News.]

NEW ALBANY, Ind., November 13.—During the original construction of the Jeffersonville, Madison & Indianapolis railway, from 1850 to 1853, the first hookhead railway spikes ever made in this vicinity were produced by James Byington for that corporation, and the first twenty miles laid from Jeffersonville north were spiked down with grippers from his forges. During the run of the contract, however, he invented a machine for making hookhead spikes.

At that period the T rail was fast taking the place of the old-style flat bar rail, and these required a spike of peculiar construction, which proved to be the hookhead article. Byington's machine was so constructed that, by the action of double cams, the heated rod was cut and the head and point pressed in the desired shape to suit the form of the bedplate used in laying the T rail.

A. S. Byington, Jr., now residing in Louisville, operated the spike machine to fill the first order for spikes after it was invented and set up, averaging an output of three and one-half tons a day, until the first railroad leading out of Louisville was commenced.

MAY LEVY ON ENGINES.

Wabash County will Attempt to Collect Big Four Taxes.

WABASH, Ind., November 13.—County Treasurer Dufton will make a levy on two locomotives or other property of the Big Four next week unless that company pays its delinquent taxes with penalty. Two years ago this township voted $20,000 aid to the Wabash River Traction Company to construct its interurban line to Peru. The Big Four protested against the placing of the tax on the duplicate, and declined to pay a penny of the tax into the treasury. Attempts have been made to induce the company to liquidate, but it holds that the levy is illegal and proposes to test the matter in the courts. The county treasurer has waited as long as he can, and will endeavor to realize by attaching property.

May Revive Summer Resort.

[Special to The Indianapolis News.]

RICHMOND, Ind., November 13.—The officers of the Richmond Interurban Company announce their intention of building to New Paris, O., six miles east. The line will be built by way of the Cedar Springs health resort, which was established some years ago at a great outlay of money, but which proved a financial failure because of lack of proper transportation facilities. The hotel, a large frame structure, containing one hundred or more rooms, is thoroughly modern in its equipment. It is understood that an attempt will be made to organize a company to open the resort again. Dayton capitalists own the property.

WILL BUY HOME OF SCOTT.

Ohio Millionaire to Purchase Abbotsford for Gift to Scotch Nation.

CINCINNATI, November 13.—Alexander McDonald, a millionaire, of Clifton, O., is negotiating for the purchase of Abbotsford, the magnificent house erected in southern Scotland for his home by the great poet and novelist, Sir Walter Scott. If the negotiations are successful, Mr. McDonald intends to present the house and estate to the Scotch people.

The house is just as Scott left it. It is now owned by Mrs. Maxwell, a relative of the author, who is without heirs, and, furthermore, is financially unable to retain the property.

A Cultivated Public Conscience.

[Terre Haute Tribune.]

Several weeks ago an Indianapolis brute went to the home of his wife, who, because of ill treatment had left him, and shot her dead. In just a month a jury had found him guilty and had affixed the death penalty, whereat the whole State rejoiced. Now the announcement is made that "his lawyers intend to make a hard fight for his neck, and will appeal the case to the Supreme Court." In other words, some Indianapolis shysters are plotting to delay and, if possible, to defeat the ends of justice. They want advertising, and are willing to sacrifice the interests of society to get it. What Indiana needs to-day is a cultivated public conscience, that will not tolerate the evil machinations of pettifogging shysters, and which will penalize by ostracism the vicious attorney who fights to secure more than justice for his client. If we are to eliminate mobs and mob laws, we must, as a people, demand that those accused of crime be given no more than justice. A lawyer should be made to realize that when simple justice has been done his client, his duty has been fully accomplished, and that any attempt to secure more is a sin against society which society will not easily or freely condone. The lawyer who attempts to secure the acquittal of a client he knows to be guilty is an enemy of the State, and should be so held.

A WEDDING AT MONTICELLO.

MISS FAY OLA DAVIS.

[Special to The Indianapolis News.]

MONTICELLO, Ind., November 13.—Miss Faye Ola Davis and Elvin H. Hoshour were married, at the home of the bride's mother, Mrs. Caroline Davis, yesterday, the Rev. S. P. Colvin officiating. The bridegroom is with the Monticello Herald. The couple left for a trip to Chicago, and will make their home here.

FIRE AT OLYPHANT.

Loss of $170,000 in the Mining Town.

SCRANTON, Pa., November 13.—Fire which broke out in the general store of Atherton & Co., at Olyphant, shortly before noon to-day, swept along the north side of Lackawanna street, destroying ten business blocks. The fire department of this city sent several companies to assist in checking the flames. The estimated loss is $170,000.

VIEWS OF THE STATE PRESS.

Booth Tarkington is said to regard his election to the Indiana Legislature as a joke. It is.—Michigan City Dispatch.

Thomas Taggart, S. E. Morss and several other gentlemen have decided that the United States Senate, at best, has its drawbacks.—Marion Chronicle.

In this State the people can elect whom they wish without voting machines, but the machines would save so much time, money and labor that they should be adopted.—Muncie Times.

The retirement of Judge Baker from the Federal bench will make way for some other worthy man. One drops out and another drops in and the world wags on just the same.—Lafayette Journal.

Two measures that will attract attention in the Indiana Legislature this winter will be the effort to revise the divorce laws of the State and Senator James Gray's dip into the school affairs of the State. Both questions are of more than passing interest and will be in good hands.—Evansville Journal-News.

While the announcement of a cold wave may cause apprehension to some, to the business world it comes as a piece of good news. The unseasonable summer caused a slump in retail business and a cold spell between now and the holidays would mean thousands of dollars to retailers.—Richmond Item.

Congressman Hemenway's great victory was due to the fact that he has served his district with distinction for so many years. If, after a sharp fight in the convention, some new man had been nominated by the Republicans the chances for success would have been much lessened. When Indiana Republicans learn to renominate their Congressmen as is done in Maine and Iowa, then Indiana will be just as safely Republican as those States.—Seymour Republican.

A very forcible argument in favor of voting machines is the fact that there is no long, weary wait for returns while the tired election board is slowly counting the ballots. An illustration of this quick work of the machines is furnished by Buffalo, N. Y. In thirty-seven minutes after the last vote was cast every voting precinct had been reported at the City Hall. The voting machine is the way of progress and nothing stands in the way of its adoption except the cost and the vote-buying politician. The first objection is not so formidable when it is kept in mind that fewer precincts will be needed and that there will not need to be so many members of the board, so that the saving in expense will quickly pay for the machines. The vote-buying politician will object to machines because they will put him out of business. There are no real objections to the voting machine. Delaware county should be among the first counties of the State to adopt it.—Muncie Herald.

Took in a Worthless Check.

Joseph Krauer, a butcher at 603 Massachusetts avenue, accepted a forged check in payment for meat yesterday afternoon, and gave the young man tendering the check $9.60 in change. The check purported to be signed by the Grocers' Supply Company.

"Played Out"

Is one of the curious expressions used for *worked* out. Many a woman drops into a chair, in utter weariness "all played out," and wonders why she feels so weak. She has not yet realized that the general health is so intimately related to the local health of the womanly organism, that weakness must follow womanly diseases.

Restoration of the general health invariably follows the use of Dr. Pierce's Favorite Prescription. It regulates the periods, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It tranquilizes the nerves, encourages the appetite and induces refreshing sleep.

There is no substitute for "Favorite Prescription," for there is nothing "just as good" for womanly ills.

"I wish to advise the suffering women of this great land, of the good I have received from Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Mary Shappell, of Columbus Grove, Putnam Co., Ohio. "For four years I had been a sufferer from female troubles, and at times was unable to do even the housework for three in the family. I had such pains that I suffered almost death dozens of times, but after taking five bottles of your medicines I can truthfully say that my health was greatly improved. I have a good appetite and am gaining in flesh right along. This spring is the first time in five years that I have done my house cleaning all by myself and without the least fatigue whatever. I hope all suffering women may find relief as I have done.

"My gain in weight has been just ten pounds, and I am still gaining."

Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, paper cover, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing only; or for cloth-bound book, send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

BRIEF CITY NEWS

Ladies' Aid Society of M. E. Church—

The Ladies' Aid Society of First M. E. church celebrated its seventeenth anniversary at the aid room yesterday. The society was organized in November, 1885, and has met once a week since then. The treasurer's report showed a balance in the treasury of $7.23. The disbursements for the year were $140.93. The following officers were elected: President, Mrs. Welker; first vice-president, Mrs. Olive H. Willey; second vice-president, Mrs. F. Fentor; secretary, Mrs. A. D. Crull; assistant secretary, Mrs. Roscoe Shinn; treasurer, Mrs. Charles Risner; treasurer of flower fund, Mrs. J. W. Staten; trustee, Mrs. Wm. Fogleman.

Governor will Go Along—

The legislative committee appointed by the Governor to visit State institutions and report to the next Legislature on appropriations needed, met at the Governor's office yesterday afternoon and decided to begin the tour November 24. The Governor will probably accompany the committee much of the time. Purdue University, the State Soldiers' Home, the State Prison, the Southern Insane Hospital and the State Normal are to be visited the first week. Senator Goodwine is chairman of the committee and Representative Marshall secretary.

The Floral Exhibit—

The out-of-town exhibitors at the State Florists' Association meeting, in the State House, last night, were the South Park Company, of Newcastle, which displayed two new varieties of roses, and Stuart & Haugh, of Anderson, who exhibited new chrysanthemums. In addition to Indianapolis exhibitors mentioned yesterday, T. A. Conway had a display of chrysanthemums.

Mrs. Thomas H. Spann Robbed—

Mrs. Thomas H. Spann, of 952 North Delaware street, was walking near her home, about 8 o'clock last night, when a negro darted from the shadows of a tree and snatched her purse, which she was carrying in her hand. The purse contained $250 in bills, and a pair of gold-rimmed glasses.

Lost

The Use of Arm. Heart Trouble.

Could Not Eat, Sleep or Walk.

Dr. Miles' Heart Cure Cured Entirely.

"If it hadn't been for Dr. Miles' Remedies I would not be here to write this letter. Two years ago last June I lost the use of my left arm, could not use it and could only move it with the help of my right hand. My heart was so weak I could not sleep nights for smothering spells. I was out of sorts all over and could eat nothing. I grew so weak that I could not walk without staggering like a drunken man and my home doctor said he could do nothing for me. I was in so much pain I was almost wild. I could not take morphine nor opium as they made me worse. So I got to thinking about Dr. Miles' Heart Cure and Nervine and the more I thought about it the more I wanted to try them. I wrote to the Dr. Miles Medical Co. for advice which I followed to the letter. I can say today that I am glad I did as I am a well woman now; can work and can walk two or three miles and not mind it. I even also use my arm again as well as ever. You do not know how thankful I am for those grand medicines Dr. Miles' New Heart Cure and Nervine. I think Dr. Miles' Remedies are the best in the world, and if I should get sick again I should take the same course. The remedies also helped my daughter Vida so wonderfully that I should have written you before to thank you, but I wanted to be sure that the cure was permanent, which I now know to be the case."—Mrs. Frank Loomis, Allen, Mich.

DANDRUFF CAUSED BY A GERM

A New Discovery That Kills the Germ and Prevents Baldness.

Pretty nearly all the hair preparations for dandruff have some merit in allaying itching of the scalp, and in being a fairly good dressing for the hair, but there is only one that recognizes what causes dandruff, falling hair and baldness, and that destroys the cause, a little germ—and that is Newbro's Herpicide. This germ eats its way into the scalp, down to the hair root, where it saps that vitality, causing dandruff as it digs up the scalp into little white scales. Unless it is destroyed there's no permanent stopping of falling hair and cure of dandruff and baldness. Newbro's Herpicide kills the germ. "Destroy the cause, you remove the effect."

Nature's Medicines The Only Specifics

No one medicine can be a specific for any so-called disease. For instance: There is no specific for Rheumatism, as such; but our No. 1 is always a specific for any rheumatism that is worse on motion. If worse at night, or any change of weather, then our No. 2 is the specific. If of the joints, accompanied by a sour stomach, then our No. 3 is the specific. If of a shifting character, then our No. 11 is the specific. If with swelling, then our No. 5 is the specific, etc. Each number is a specific for certain conditions and symptoms, wherever found.

Take vomiting: There is no specific to be given simply because the patient is vomiting; but if he is vomiting lumpy, undigested food, our No. 1 is a sure specific. If sour, watery substance, our No. 3 is the specific. If greenish water, or bitter, bilious matter, our No. 10 never fails. If clear, watery or frothy, our No. 6 is the specific, etc.

This is why **Nature's Medicines** are curing chronic, complicated and obstinate cases, which have resisted all other treatment; and this is why these medicines stand **distinct** and **alone.**

We can select a number or numbers which will cure any curable condition—we care nothing for the name of the disease. You have our guarantee of satisfaction, or money refunded. You can buy the set for $12 on easy terms; or you can pay for what you need individually, $1 per box.

OUR ABILITY TO CURE

We want it distinctly understood that we are engaged in no fake. We have professional talent and medicines that cure. Our head physician is a graduate of the two dominant systems of medicine, has a State license and has had a ripe experience. He is a physician and surgeon of known ability, and has thoroughly tested these medicines at the bedside with universal success.
