IN SHADOW OF CHAIR MAN GETS PARDON FROM GOVERNOR.

LITTLE ROCK, Jan. 20th.—Richard Voice, Ouachita county, colored, who was to have been executed tomorrow for murder of another Negro, yesterday was given a 60-day reprieve by Governor Martineau. Voice had intimated that he could solve several other South Arkansas crimes, and it is believed that the stay of execution was ordered to give authorities an opportunity to investigate the Negro's story. Voice's case was not appealed to the Supreme Court, and no one has acted in his behalf. The Negro maintains that the killing for which he is to die was committed by two Negroes who have not been apprehended.

BOOKER T. WASHINGTON INSPIRED FAMOUS STATISTICIAN.

WELLESLEY, Mas., Jan. 21st.—"Faced with the problem of becoming a Wall Street statistian by bringing Wall Street to the country, where I had to work because I was tubercular I went to a public meeting to hear Booker T. Washington," says Roger W. Babson, famous Bay State statistician, who probably knows more about the stock market, cost of living statistics, and commericial fluctuations than any other man in America.

"What he said that night gave me the courage to attempt what seemed the impossible, the continuing of a business which should have been conducted in the financial centre of the United States, and, instead, was conducted outdoors in the Massachusetts hills. Washington's talk that night was largely responsible for the fact that my outdoor office grew to be the largest statistical centre in the world."

Roland Hayes 4th American Tour Proving Greatest tIn His Career

Roland Hayes, the famous Negro tenor, began life ina small farm holding in Georgia. in order to get education and vocal training, he took any job he could get. When he was ready to sing before the public, he sang. And the world accepted him in no uncertain manner. Europe and America flock to his recitals, and he must divide his time as best he may between the two continents. Yet his own country gets the larger part of his singing. Roland Hayes is now undertaking his fourt tour of America. It will include seventy appearance, which in the time prescribed are the maximum a singer can with wisdom undertake. His itinerary extends North into Canada, includes our principal Eastern and middle-western cities, and takes him through a comprehensive round of the Southern States. In the early spring the tenor will make his first venture into the Canadian Northwest, and thence visit our Pacific Coast cities for the third time.

The Great tenor has added a chapter to the history of great singing.

An evening of supreme singing is expected in the coming recital of Roland Hayes at the Murat Theatre.

The silken, ineffably sweet texture of his tone is not comparable to that of any other tenor simply because it is a thing apart. Likewise uique to Roland Hayes is his inexplicable ability to bring a song to emotional life in the very mood of its creator. Direct comparisions are possible only in respect to his breath control, his clarity of diction, and his fidelity to style. In these qualities Roland Hayes is named again and again as the greatest singer living.

Few singers in this or any age, have attracted such universal attention. Roland Hayes' voice and his career are the subject of discussion in newspapers, magazines, books. A recital in any city of Europe or America means an audience which its largest hall cannot accommodate. Roland Hayes has sung before the courts of Britain and Spain. He has appeared as soloist with the foremost Symphony Orchestras. Indeed, his coming appearance here is regarded as an event of the first importance.

The Ona B. Talbot Fine Arts Enterprises again announces a recital of songs by Roland Hayes, Negro tenor in the Murat Theatre on Sunday afternoon, February 20th. His great success of last season and the many requests that he again be heard by many of his own people, convinced Mrs. Talbot that we have a keen and loyal appreciation of Mr. Hayes both as an artist and as a man.

Seats for Mr. Hayes' concert are on sale at the office of Ona B. Talbot in the Hume-Mansur Building and as the demand for tickets is very large the management urges that tickets be purchased now.

HAMPTON CAGERS DEFEAT MINOR NORMAL OF WASHINGTON 25 TO 20.

By James B. Clarke

HAMPTON, INSTITUTE, Va., Jan. 22nd—The Blue and White's brand new "quint" made a promising start by defeating the fast five of Minor Normal in the Hampton Institute Gymnasium to the tune of 25 to 20. Both teams put up an excellent exhibition of basketball. There was plenty of fight, good passing, fair shooting, and clean playing.

The Seaside Five experienced its first game of the season in defeating Minor Normal. Coach Williams has had to put a new team on the floor, and the job has not been an easy one. As it is now, none of the berths are sewed up. Th boys ar fighting hard to maintain the standard of Hampton basketball under the captaincy of James L. Thatcher. Cotton, a lad from Thatcher's home in Kansas City made an excellent showing in the initial game by coming out high point man with 12 points. Baker was a rather dangerous man to the Washingtonians in the first half, but was kept well under their eagle eyes in the final frame.

Indiana Fans Seek Legalized Boxing Bouts

Twelve round bouts to a judge's decision, under control of a state boxing commission, will be legalized in Indiana if the state legislature now in session and Gov. Jackson approve a bill to be introduced next week by State Senator L. G. Bradford of South Bend, representing St. Joseph and Marshall counties.

Senator Bradford, who is state president of the Isaak Walton league, will introduce his bill at the behest of Andrew J. Weisberg, South Bend hotel proprietor and other local sportsmen.

The present law forbids prize fights and its enforcement depends upon local interpretations by law enforcement officials. Professional boxing is well established in a number of cities in the state, but without any kind of governmental control.

Professional boxing matches are held regularly in the neighboring city of Elkhart, attracting large crowds from South Bend and other northern Indiana and Southern Michigan towns but Mayor C. R. Montgomery of So. Bend, has stated on several occasions that he will not permit professional boxing, considering all such exhibitions to be prize fights and thus under the ban of the law.

Boxing but not prize fighting is allowed here under control of a city Boxing "Commish."

It's Your Duty to Aid Him To Grow Strong, Active and Sound in Body and Mind

That little boy or girl of yours—that doesn't weigh enough—that isn't strong—has no appetite—lacks vigor and is perhaps backward, listless and timid.

What are you going to do with him?

Have you ever heard of McCoy's Cod Liver Oil Compound Tablets—sugar coated and as easy for ailing children to take as candy?

Every druggist in America sells them—60 tablets, 60 cents—and the supremely good combination of upbuilding agents surely does help the sickly, run down, puny, frail little ones.

No need to give him any more nasty Cod Liver Oil—McCoy's Tablets, rich in vitamines, are made to take the place of that good but evil smelling, stomach upsetting medicine and they surely do.

Try them as directed for 30 days, mother, and if at the end of that time you are not delightell with the improvement in your dear little one, get your money back.

You can get them at any druggist and remember, too, they are fine for thin, run down, underweight men and women who need more flesh, strength vigor and vitality. Demand McCoy's—the original and genuine. —Adv.
