YOUR DAILY Horoscope

from the Carroll Righter Institute

FORECAST FOR MONDAY, APRIL 9, 1984

GENERAL TENDENCIES: You are able, in the morning, to put your ideas across in a well-rounded fashion. Later, big plans conflict with the details awaiting your attention. Get specific things done.

ARIES (Mar. 21 to Apr. 19) Get your practical affairs in better order at home and steer clear of a partner who is visionary. Improve your health.

TAURUS (Apr. 20 to May 20) Be with partners and talk over your mutual aims so you get the right results. Cut down on expenses.

GEMINI (May 21 to June 21) Plan to add to present income by utilizing your finest talents. Avoid one who can be very tiring to you. Be good to yourself.

MOON CHILDREN (June 22 to Jul. 21) Begin the week properly by solving problems that have arisen during the weekend. Some fundamental affair is worrisome.

LEO (Jul. 22 to Aug. 21) Have a meeting with close ties and solve some situation properly once and for all. Show that you are steadfast and wise.

VIRGO (Aug. 22 to Sept. 22) You need more information about how best to get assistance from friends for your finest projects. Be wise.

LIBRA (Sept. 23 to Oct. 22) One of experience can give you fine advice about some monetary matter ahead of you, so use it to your best advantage.

SCORPIO (Oct. 23 to Nov. 21) If you study that enterprise that interests you from a different angle, you will soon get right into it. Forget that private concern.

SAGITTARIUS (Nov. 22 to Dec. 21) Important your first talk to an expert before trying to get all of your affairs in fine order. Relax in the evening.

CAPRICORN (Dec. 22 to Jan. 20) You can get together with partners and good friends and get much accomplished that is worthwhile. Not a good day to ask favors.

AQUARIUS (Jan. 21 to Feb. 19) Be sure you handle that work ahead of you exactly as higher-ups expect you to do it. Look for social pleasure in the evening.

PISCES (Feb. 20 to Mar. 20) You are inspired how to gain your aims in the early morning, so go right after them with enthusiasm. Use particular care while driving.

IF YOUR CHILD IS BORN TODAY ... he or she will be one who will be very able at studying a condition or situation well and then handling it in a most efficient way, and will do very well while being educated and even better upon reaching adulthood.

"The Stars impel; they do not compel." What you make of your life is largely up to you!
