LOCAL NOTICES FOR CENTS PER LINE, FOR EACH INSERTION.

The County Treasurer has gone into the stock business extensively, having yesterday levied on three steers and eight head of mules to satisfy a claim of \$397.10 for delinquent taxes, against Jesse A. Mitchell, of Lawrence county.

A WATCH of the best American manufacture can be purchased at John P. Smith as cheaply as at the factory. He has also a complete supply of Geneva, French, English and Swiss watches, of prices and styles to suit the most economical and fastidious. The American, however, possess this advantage over imported ones: If any part of the mechanism is lost or broken, it can be replaced. Give John a call. It is worth a long walk just to examine his neat store room.

TO THE LADIES!—We call the attention of our readers to the advertisement of the "Fairy Sewing Machine," in another column of our paper. The reduced price at which it is now offered (\$5) places the machine within the reach of every family in the land.

Since the reduction in the price of the "Fairy" upwards of 25,000 machines have been sold, which, in itself, is sufficient evidence of their utility in every household.—N. H. Tribune.

Use Dr. Morse's Indian Root Pills and you will find them not only a curative of disease but also a preventative. They should be used in all cases of Biliousness, Headaches, Liver Complaints, Female Irregularities, &c. We make no secret of the formula from which this medicine is prepared. Ask your storekeeper for the Omeka Almanac, read it carefully. Use Morse's Pills. Sold by all dealers. Sep.

DUNN & Co's.

Bloomington, Ind., Aug. 4th 8'89.

A Bargain.

A nice farm one mile and a half west of Bloomington, containing 93 1/2 acres, will be sold cheap, if application be made soon to E. T. Taylor.

The farm is all in grass, has a comfortable residence and a No. 1 barn on it together with a large orchard of choice fruit. If any one desires to buy a nice little farm, cheap, let him call at E. T. Taylor's Provision Store, soon.

Call and Settle Up.

All those knowing themselves indebted to the late firm of Leffler & Rice, will please call at the Bloomington Mills and settle up, as we must close up our old outstanding accounts. To those who have got Flour for wheat when threshed, we would say, bring on your wheat, as we are prepared to receive it at the highest market price. Thankful for the liberal patronage bestowed on us in the past, we solicit the same for our New Firm in the future.

Aug. 18, 1889. LEFFLER & RICE.

NOTICE.—All persons having my potato seed on the shares, will please deliver the rent (one-fifth) at Clark's cellar, McCollough's corner.

H. L. EDMONDSON.

SILVER.—Three tons of silver passed through Davenport, Iowa, last week. It was in bricks, and weighed 1 500 ounces each. With one exception, the bricks were in sealed leather sacks. The exception was bare, weighed 125 lbs., and bore the stamp "\$1,301 96." The most of this silver will be manufactured into beautiful silver ware, of which Smith & Cochran will have a liberal supply. The ladies must be ready to buy when these goods arrive, as great bargains will most certainly be offered, on the south side.

CANDY AGUE CURE.—In these days of fever and shakes, the people ought to feel interested in a speedy, effectual and pleasant cure. Such a one is offered in the Candy Ague Cure, out up and sold by Howell & Johnson, of Bedford, Ind., at 75c. per box. This firm is sound, we can vouch for them, and they warrant the Candy Cure to give satisfaction in every instance, where it is given a fair trial. It costs but little, and the proprietors are responsible men, who will make good their assertions. Sent to any address, upon the receipt of the price. No poison in it, and none of the bitter, sickening taste peculiar to Ague medicines generally. There is no quinine in it.

EARLY ROSE.—At the County Fair, the Early Rose Potatoes took the 1st premium. This variety is solid, no matter how large the potatoes may grow, while the large Russets are hollow in the center. We were shown some very fine specimens of the Early Rose, last week, by Mr. Edmondson, and upon actual test, find this variety, when boiled, dry, starchy and nutritious. Mr. E. has averaged 400 bushels to the acre of this variety, the present season. He has fresh, genuine seed for sale, and as the demand next Spring will be very great, all persons who purpose planting, should secure seed this Fall. To those who purchase seed potatoes of Mr. Edmondson, he will transmit the secret of keeping them entirely free from dampness, freezing and sprouting.

B.S. Chase and J. F. Drysdale have dissolved their partnership. Mr. Chase will continue the general freight carrying business.

Do you intend to paper your rooms this Fall? Many will doubtless say, "Yes." Well, it is right that you should be informed where the largest stock of fine Wall Papers and Borders can be found. SHOEBAKER & Co., of the Union Drug Store, have now an immense stock, all styles and prices, and in addition to selling them very cheap they trim all paper purchased at their store. They have bought the exclusive right to use a Patent Paper Trimming Machine, for this county, and this tedious labor will be got rid of by purchasers, without cost.

THE SAFE, in the County Treasurer's office, was finally opened on Wednesday last, and it was discovered that all the money, except about three dollars in change, had been carried off. The thief or thieves, secured between seventy and eighty dollars. The vault door had evidently been unlocked by some one who knew where the key was secreted, and the safe unlocked by same one who knew the combination. It is seldom that so much money is kept in the safe, usually the amount required to make change alone, being left over night. The amount stolen is insignificant, in fact, we know Mr. Rogers would willingly leave the same amount in the safe for the thief again, if he would agree to come after it at a certain time.

Chips and Splinters.

Absalom Baker, a citizen of Stanford, Monroe county, died at his residence, on the 17th ult., at the ripe old age of 68 years.

Capt. W. H. Ward, a native of Monroe county, but now residing at Salem, and acting as Agent for a Louisville house, was thrown from his buggy, several weeks ago, while traveling in Green county, and had his right hip dislocated. The dislocation was not reduced until ten days had passed.—The Lawrence County Commissioners have purchased lots, two squares west of the public square, upon which a new court house will soon be built.

Sauce: Money and fresh butter.

Rev. Mr. Naylor, of the M. F. Church of Bloomington, has been assigned to Centenary Church of New Albany.

Rev. J. H. Clippinger, of John Street Church, New Albany, has been assigned to Bloomington.—We noted Maj. Perry, County Auditor, marching about the streets, last Friday, on his shoulder a thundering big gun, held at a "right shoulder shift." [U. old soldiers all know the meaning of that.]

Guess the Major's placed himself under guard, fearing some safe robber may work his combination. Don't you let 'em.—Noticed Marshal Clark looking crosswise, on Saturday last, and ascertained that there had been a great decline in molasses. A barrel in his ware-room declined to account for 35 gallons of the sweet stuff; a middle-aged boy having opened the spigot, while Mr. Clark was out of the store-room.

A man who could resist the impulse to swear, with such a provocation, is too good for this world.—The match game of base ball, at Bedford, last Wednesday, between the Bloomington and Bedford Clubs, resulted 34 to 34. The third game will be played on the 24th inst.—The L. N. A. & C. Railroad, is now doing a fine business, both passenger and freight trains running full each way. We are informed that the road is at present clearing from thirty to forty thousand dollars per month.—And it came to pass that Henry, whose surname is Eller, approached this office with a bucket of late tomatoes of the large, red, smooth variety, on last Wednesday. Result: red ribbon for H. Eller.

The total receipts of the late Morgan County Fair, were \$1,839.

Our Fair receipts were \$2,966.

Mr. A. Gurr, is a gentleman who has been making himself particularly disagreeable, down on White River, for several weeks, proclaiming his ability to take down any man in the county, &c. He ran afoul of "big Dave Buskirk," as his friends call him, one day week before last, and then there was a tussle. Buskirk said he had never found the man who could throw him, but this chap gave him a hard tug. Yet, after four days of unremitting effort, he came out victorious, having squarely annihilated Mr. A. Gurr.

Col. John McCrea, is at present visiting his friends, in Bloomington. The Colonel is in fine health and spirits, and, we hope, is good for many more years of usefulness. It will be remembered that he is now residing at Paxton, Illinois.—The State Fair will be held at Indianapolis, beginning Monday next, 27th instant.—Judge John U. Pettit, has accepted the Professorship of Law, in Indiana State University.—There is said to be more or less poison in all bird dyes—that they inflame the skin. This may, in part, account for the fiery red noses frequently seen sticking up over light haired men's coal-black moustaches.—The fish law expired yesterday, 21st. Lovers of the sport should secure a mouthful of bait, a neat pole and line, together with a bottle of soothing syrup, and feed the fishes.—Why don't some enterprising man establish a

music store or piano forte depot, in Bloomington. There is a large scope of country here, that could be worked to good advantage, by an energetic agent.—It was fortunate that the Monroe County Fair was held at so early a day, this season. It has rained sufficiently, each Tuesday since, to ruin such an exhibition in this county of clay soil.—Always expect an editor to publish communications or resolutions of all Societies, free of charge, but don't ask the landlord to give his rent, the greaser his coal oil, or the farmer his wood. These things would be considered very presumptuous. But wherein lies the difference?—Mr. A. R. Howe, son of Joseph M. Howe, Esq., has gone to Chicago to attend Commercial College.—People will sit on a hard bench forty or sixty minutes, while a speaker howls at them, but when the same stuff is put in a newspaper, to the extent of five or ten columns, not one person in twenty will wade through it. Can't blame 'em. Brevity and point, are the taking features in newspaper writing, now-a-days.—Maj. Carter, was on a visit to his many friends in Bloomington, last week. Maj. C. is practicing law at Indianapolis, and, we are pleased to learn, is meeting with flattering success.—Dan. Boone's horse carried off a \$75.00 premium for pacing, at the Sullivan County Fair. Total receipts of the Fair, \$2,701.—Bailey's Circus reported gross receipts for two exhibitions in Bloomington, at \$1,482.25.—A Miss Gray, of Unionville, this county, while on her way to Bloomington, last week, for the purpose of attending School, was thrown from a buggy and falling under the wheels, had one of her ankles broken. She was brought to Bloomington and the broken bones set by Dr. —What is more disgusting provoking than to have a perambulating squirtgun of a loafer, defile the floor of your office, over a space of ten feet, in less than five minutes? As George Harding would say, "Durn a hog!"—A Post of the Grand Army of the Republic has been organized at Ellettsville, this county, numbered 115, with Henry Eakin as Commander.—Seward & Co. are at present turning out a large number of Sorgho Evaporators, selling principally to parties at a distance. Some of their Evaporators have gone as far South as Louisiana. Instead of selling their small patches of sugarcane to wealthy planters who have costly mills, small farmers are using Northern appliances, and are working up their crops for themselves, and they say it pays.—Several pounds of Hops will be received on subscription at this office. Got any?—There is a practicing attorney in Bloomington, who, two years ago in August, procured \$5.00 worth of advertising at this office, and, according to statements made by him a short time ago, in the presence of Counselor Buskirk, the Co. Clerk, and others, that amount of money was paid to him by his client to pay for advertising; but not a cent of it has been paid to us, notwithstanding he has been reminded of it a number of times. We are gratified to be able to state that, as a rule, our attorneys are prompt and honorable in the payment of bills contracted by them.—A Mr. Perdue, who but a short time ago bought the Faulkner House, at Ellettsville, was robbed recently, we are informed, of \$900.00. The money was secreted between a straw mattress and a feather bed, upon which Mr. and Mrs. Perdue were sleeping at the time. The pocket book was found, several days afterward, near some of the out-houses, where it had been thrown by the thief, after securing the money. The bed-room was in the second story of the house, with a shed-roof leading from the windows, by which the robber evidently escaped.—Boys are queer animals. Many of them take great delight in stealing articles that can be had at home, without the asking. One frowzy little whelp, who has the run of his father's large orchard, but a square west of us, steals apples from our trees with the most provoking regularity.—All our exchanges from this part of Indiana, are filled with accounts of burglary and theft. Some of the papers intimate that there is too much peddling "going on."—Willis Shelburn

and Emeline Moore, Lemuel A. Gentry and Jennie R. Sherley, W. Howe and Lizzie Dunn, were granted license to marry, since last week's report.—We print 100 extra copies of the Progress, this week, on one order. Hard on our pressman but very satisfactory to advertisers.—Solid, handsome and permanent improvements, are being made by Hon. S. H. Buskirk, upon the property recently purchased by him, in the west part of town. When completed, he will have an elegant home—one that property owners in that portion of Bloomington may point to with pride.

Gideon Putnam, of Mitchell, Indiana, [commonly called "Judge," for fun, or out of ridicule, we suppose, as we never could find out that he was ever Judge of a court, and who, as an attorney or pleader, is not near the equal of our friend, Is. Adkins.] was found on the pavement in front of the Lahr House, Lafayette, on the morning of the 17th, with one of his thighs broken. It is thought that, getting up in the night, he mistook a second story window for the door, and fell to the pavement beneath. We hope Put. may recover, and live long—enough at least, to pay us a \$15.00 bill for advertising, contracted by him over four years ago.

Religious Notice.

On Saturday morning, at 10 1/2 o'clock, the New Albany Presbytery will meet at the 1st Presbyterian Church of Bloomington, to install Rev. A. Y. MOORE, as Pastor of the Church. After the installation ceremonies, a dinner will be given by the Ladies.

In the afternoon, the semi-centennial anniversary of the organization of the Church, will be celebrated with appropriate services, at the same place. A cordial and general invitation to attend, is extended to the public.

SPECIAL NOTICES.

To Owners of Horses and Cattle.

—Tobias Derby Condition Powders are warranted superior to any others, or no way for the cure of Distemper, Worms, Coughs, Colds, Croup, &c., in Horses; and Coughs, Croup, &c., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the milk of cows. Try them, and you will never be without them. The late Hiram Woodruff, celebrated trainer of trotting horses, used them for years. Col. Philo P. Bush, of the Jerome Race Course, Forham, N. Y., would not use them until he was told of what they are composed, since which he is never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1,000 other references can be seen at the Depot.
