GODEY.—The veteran Fashion Magazine of America seems never to grow old. The many imitators of the "Lady Book" have labored in vain to trespass upon its ground and to supplant it. In neither of these particulars have they succeeded—Godey is so fresh and original that its would-be imitators constantly find themselves at fault, and never approach its real characteristics—originality, freshness, point. Address L. A. Godey, Philadelphia Pa.

Recollections of P. T. Barnum.

"Struggles and Triumphs," is the title of a work which will shortly be issued by J. B. Burr & Co., and written by the great showman and successful business man, P. T. Barnum himself. An epitome of the busy and eventful life as a merchant, manager, banker, lecturer, and successful showman, on two continents. It shows him to us at the foot of the ladder, and gives, with many other narratives, an account of his struggles for a livelihood, his imprisonment and release, his earlier ventures as a showman, his hair-breadth escape, his saving the life of James Gordon Bennett, &c. In addition, the work contains his celebrated lecture on the 'Art of Money-Getting.' The work has 800 closely printed pages, with 33 full-page engravings. This work will be sold by subscription only. Agents are wanted. Address J. B. Burr & Co., 18 Asylum St., Hartford, Conn.

WORTHY OF EXAMINATION.

Persons who contemplate papering their rooms, should not make final arrangements until they call at the Union Drug Store, and examine the large stock of Wall Papers and Borders just received. The firm have bought the right for Monroe county, in a Patent Paper Trimmer, with which they trim all the paper sold by them, without extra charge. It is next to impossible to trim Wall Paper with shears, and prevent unevenness or breakage, and all this trouble is avoided with the Paper Trimmer. In addition to having an immense stock, Shoemaker & Co. sell at one-third less than the trade in general.

The October number of the "Riverside" brings its readers back to the city. In the September number we had Lambdin's picture of "Town and Country." Now we have Nast's amusing frontispiece, illustrating "Street Music,"—a band of German musicians, with various capacities of wind and reed instruments. The editor's account of book-making is carried through the process of printing; the article is supplemented by one on 'A Paper-mill.' Hans Andersen re-appears with a story, "What happened to the Thistle;" the Hunting Sketches from South Africa are continued; and there is, besides, an account of "Grouse Shooting in Washington Territory." The famous Little Artists set up house-keeping, and their experience is told by Anne Silvermail, while they themselves give us pictures of their house-keeping exploits. The number, which has eighteen separate articles, ends with enigmas, charades, and a page of "Mother Goose" music. Published by HURD AND HUGHTON, New York. \$2.50 a year.

"Where did you get that gold pen, Frank?" asked a student of his room-mate, a few days since. "At John P. Smith's, of course, and he has many more of the Holland Pens, that are warranted to suit." And in Watches, both costly and low priced, as well as diamond jewelry, he is able to please the most exacting. His store-room is on the west side of the public square, next to Chase & Co's. If your watch is out of repair, John can make it run, and keep the correct time.

IMPORTANT TO VISITORS OF THE INDIANA STATE FAIR.

Parties visiting Indianapolis should not fail to call at the Mammoth Fur Store, known as the New York Fur Manufactory, D. Lelewer & Bro., Proprietors, No. 56, South Meridian street. The greatest variety in the line of Ladies', Gents' and Children's Furs can be found there. Extra inducements will be offered in Fine Furs, as Sable, Mink, Ermine, Fitch Goods, &c., at lowest manufacturers' prices.

This is the only establishment of the kind in the State of Indiana, dealing exclusively in Furs, and manufacturing their own stock.

Furs repaired and altered into the latest fashions, and good workmanship guaranteed. Charges all reasonable.

In Ohio, the Democrats are doing all in their power, to encourage the Third Party, or Temperance movement among the Republicans; not because the Democracy have suddenly become converted to Temperance, (for every saloon keeper, so far as our knowledge extends, is a Democrat,) but that the Republicans may waste their strength upon two tickets, while the Democrats, voting solidly, hope to win in the struggle.

FRESH Oysters just received by Henry Rott, on the east side of the square.

Judging from the manner in which the Indianapolis Daily Mirror is "filling up," another enlargement is imminent. If there is anything encouraging in "adv's." to the Mirror men, they ought to feel that they are appreciated.

SIX PREMIUMS.—It will be a source of gratification to the friends of our enterprising Baker and Confectioner, HENRY ROTT, to learn that he took six premiums on Cake, last week, at the Gosport District Fair. The awards were—1st premium on best pound cake, best ladies' cake, best marble cake, best rose cake, best assorted cake in whole, and best ornamental work. Mr. R. is an experienced baker and confectioner, and takes pride in his calling. The people of Bloomington when desiring nice cakes, should give him an order, and it will a ways be filled satisfactorily.

TOBE SMITH met us on Saturday, and thus spoke: "I pay no rent; the building I occupy is my own; I raise my corn and potatoes on my own land; I do my own watch repairing and other fine work. In addition to all this, there is no house in this part of Indiana that has a stock equal to mine. I buy for cash, sell for cash, and can sell for one half less money than anybody in the business. Of moss agates, watch charms, fine gold watches and fancy goods, I have a full supply, and in the point of work, watch repairing, etc., I defy competition!" That's what Tobe Smith said.

See the advertisement of Geo. Steeks, "Land for Sale," in another column.

THE "Slim Jim" cigar, at the P. O. News Stand, is hard to beat. Try one. Also, that Leaf Tobacco.

Chips and Splinters.

The Democrats of Monroe, it is said, have been consulting a fortune-teller as to their prospects in the next campaign, and already do they take courage from the assurances given, that 18 is the lucky number for their ticket. Hence, it is decided (so street rumor says) to choose candidates whose surnames begin with the eighteenth letter of the alphabet. That'll win, you bet.

The Clear Creek Mills have changed hands. Absalom Ketchum retires, and his brother and a gentleman named Dowden, now grind the grist.—The Progress will be enlarged as soon as we can make the necessary arrangements—not so much because of the demands of business, but from an insane desire upon our part, to spend more money.

J. B. Allison, of this city, carried off the first premium at the Putnam County Fair, on a plain photograph of Miss Mary Young. The picture is a gem, in the photographic line, and should be examined by all lovers of the art. Mrs. C. Nutt, also took a premium on a pocket handkerchief case.—According to the Indianapolis Journal, Judge Hughes was jerking bass out of White River, on Thursday afternoon, at the rate of thirty per hour. The Journal is such a slow old coach, however, that this may have happened more than a year ago.

The veteran preacher, James M. Mathes, delivered a discourse in the Christian Church, on last Sunday morning.—The newly located minister of the M. E. Church, arrived in Bloomington last week, and preached his first sermon on Sunday morning.—Wm. O. Fee will build a handsome and commodious residence upon the site of his present dwelling. The building will be two stories in height, with all the modern appliances.—E. T. Taylor, the live Groceryman of our city, has the plans and specifications now ready, for a house which he will build on the lot south of his residence.—The peach market is rapidly dwindling, but the rich and nutritious (for opposum) pawpaw, is rapidly taking the place of the peach. This information gratis.

Juries are nuisances, hunchbugs, and ought to be dispensed with. Very few men are sufficiently honest to sit upon a jury; know we are not. Remember that, Mr. Clark, when you're around seeking whom

you may "put on"—It is said that a child but a few weeks old, whose parents reside in the southeastern portion of town, was thought by several women, to be "liver-grown," whatever that may be, and to eradicate this evil, they pulled the babe through a small horse-collar, seizing its arms to draw it through, and, in the operation dislocated a shoulder. The shoulder was set, and again accidentally dislocated. The consequence is, that an abscess has formed at the joint, and the child may be a lifetime cripple!—Morris Redex and Lizzie Brown were granted license this week, to marry.—John Gilmore of Riceland township, died on the 30th ultimo, aged 60 years.

It is stated that \$50,000 has already been subscribed for the benefit of Mrs. Rawlins. It pays to be the widow of a Secretary of War. Wouldn't object to being considered a widow oneself, about \$20,000 worth.—The farmers tell us that a great breadth of land is being sown in wheat.—The pole used to sustain the balloon, at the Gosport Fair, fell, and seriously injured three boys—one of them fatally, it is feared.

CORRECTION.—It is rumored that Fee & McCune, the popular Bathers of the north end of town—Butler's building—had disposed of their shop. This, we are happy to be able to state, is a mistake, and that these gentlemen will continue to provide the choicest Steaks and Roasts the market affords, for the benefit of their customers. And their customers having always been well treated, will be pleased to learn that no change will be made. When you want the best of meat, full weight, and carefully butchered, call upon FEE & McCUNE.

FEATHER RENOVATOR.—Messrs. DONALDSON & BRANHAM, would announce to the citizens of Bloomington and vicinity, that they have taken rooms next door to Dunn & Co's. Grocery Store, where they will engage in the business of Renovating Feathers, for a short time. For particulars see circulars, or call at rooms. Housekeepers, you now have a rare chance to have your Feather Beds thoroughly cleansed, for fall and winter use. Remember, we give entire satisfaction.

FAST TIME.—The passenger train going north, on the L. N. A. & C. R. R. left Bloomington forty five minutes late, on Tuesday, the 21st inst. Notwithstanding this, they made connection with the Terre Haute train, making the run from Bloomington to Indianapolis in two hours and thirty-four minutes. One hour and twenty-nine minutes from Bloomington to Greencastle, and one hour and five minutes from Greencastle to Indianapolis.

The State University.

The present term has opened with a largely increased number of students.

The Law School is equal to any in the United States. The Professors are, the Hon. G. A. Bicknell, of New Albany, and Hon. John U. Pettit, of Wabash, formerly member of Congress for two terms, and Speaker of the House of Representatives of Indiana Legislature, in 1865. Judge Bicknell has been Circuit Judge, of the 2d Circuit of Indiana, for many years, and for eight years he has been a most successful and popular Professor of Law, in the University. Both these gentlemen are eminent for their legal ability, and doubtless will attract a large number of Students.

The Law Term opens Nov. 8th, and will continue four months. Tuition is free for all in this Department. The usual janitor fee of three dollars per term, only being required. The citizens of Indiana have reason to be proud of their University.

Young men, before writing to your lady friends, call at McPheeters' News Stand, and secure some of his Initial Paper and Envelopes. Remember that he keeps all the College Text Books, and will send for such as he may not have, when ordered. Anything you want, in the line of Pens, Pencils, Slates, Inks, Newspapers or Periodicals, can be procured at the P.O. News Stand.

SCIENCE ADVANCES.—As soon as an article purporting to be of utility has been tested, and its merits endorsed by public opinion, unprincipled parties endeavor to replenish their depleted purses by counterfeiting, and substituting a spurious for the genuine article. Some time since, mercury, in the disguise of pills, powder, &c., was given for all diseases of the stomach and liver, while quinine was freely administered for the chills. At length HOSTETTER'S STOMACH BITTERS made its advent, and an entire new system of healing was inaugurated. The beneficial effects of this valuable preparation were at once acknowledged, and mineral poisons suffered to sink into that obscurity to which an enlightened age has banished them. There have been many spurious Bitters palmed upon the community, which, after trial have been found perfectly worthless, while Hostetter's has proved a blessing to thousands, who owe to it their restoration to health. For many years we have watched the steady progress of Hostetter's Stomach Bitters in public estimation, and its beneficent effects as a cure for all complaints arising from the stomach, of a morbid nature, and we are free to say that it can be relied upon as a certain relief and remedy. Its proprietors have made the above preparation after years of careful study and sitting, and are now reaping the reward claimed by this valuable specific, and which they so richly merit. It is the only preparation of the kind that is reliable in all cases, and it therefore demands the attention of the afflicted. Sep.

PECULIAR ADAPTABILITY.—BRANDRETH'S PILLS are peculiarly adaptable to all constitutions as cleansers of the bowels and the blood has established their great merit. They restore the liver, the spleen and even the heart to healthy action, when other remedies have been used without producing any benefit. They do not expose those who use them to any danger, being as salutary.

Extract from Letter to Dr. Brandreth from C. J. Fay, Esq., P. M., Hammondon, N. J.

"In 1838 I was in poor health, and my friends as well as myself supposed that my earthly voyage would soon terminate. But after taking one box of Brandreth's Pills, I began to feel better. Well, sir, when I had used up twelve boxes I was a well, healthy man. My weight having gone from 131 pounds up to 152 pounds. I then ordered a supply, and between that time and the present I have retained three thousand dollars' worth of these invaluable pills, and am quite sure that I have thereby been instrumental in saving thousands of lives. Yours, truly, C. J. FAY, P. M."
