**LOCAL NOTICES TEN CENTS PER LINE, FOR EACH INSERTION.**

ALL is not gold that glitters, and in these days of sham and show, one hardly knows who to trust, or when one is getting the worst of a bargain. But there is a place where you may be sure of getting the worth of your money in gold that is gold, and no mistake, and that place is Smith & Cochran's Jewelry Store, which is located on the south side of the public square. Tobe Smith is one of the pioneer watchmakers of the State, and deservedly stands at the head of his profession.

**Sick-headache CURED WITHOUT COST.**—Dr. Whittlessey's Vegetable Dyspepsia Cure, "is for sale by Shoemaker & Co., and the proprietors of the medicine are so confident that it will cure, that they send a large quantity of bottles to be GIVEN to the afflicted. This is certainly fair enough, and sufferers from sick-headache and dyspepsia are invited to call and secure a bottle gratis, at the Union Drug Store. 4-4

**THE Bryant & Stratton Business College, at Indianapolis, is the only Institution of its grade, in the State. Send for circular.**

Barrett's is immense.

**THE great rush at the New York Store for dry goods, still continues. No such bargains were ever before offered in Bloomington, and probably never will be again. It is a genuine, positive "marked down" sale—one of the first that has ever taken place in this city, of first-class dry goods. Let all who have not yet visited the New York Store, do so at once, while reduced prices rule.**

**WALL PAPER, and a machine to trim it with, at Shoemaker & Co's. The machine does its work well, and the proprietors of the Union Drug Store charge nothing extra for it. They have received 15,000 bolts of Wall Paper, and buying in large quantities for cash, they get it at figures which will allow them to sell at 25 per cent. less than any house in this portion of the State. Before purchasing elsewhere, call upon Shoemaker & Co., on the south side of the public square.**

Barrett's a great success.

The farm is all in grass, has a comfortable residence and a No. 1 barn on it together with a large orchard of choice fruit. If any one desires to buy a nice little farm, cheap, let him call at E. T. Taylor's Provision Store, soon.

**Call and Settle Up.**

All those knowing themselves indebted to the late firm of Leffler & Rice, will please call at the Bloomington Mills and settle up, as we must close up our old outstanding accounts. To those who have flour for what when threshed, we would say, bring on your wheat, as we are prepared to receive it at the highest market price. Thankful for the liberal patronage bestowed on us in the past, we solicit the same for our New Firm in the future.

**School Notice.**

Rev. Edward Wright re-opened his School, on Monday, 4th of October, 1869.

**Chips and Splinters.**

C. P. Tuley has placed us under obligations for copies of the San Francisco Cal., daily papers, containing proceedings of the Grand Lodge of the I. O. O. F., to which Mr. T. was a delegate. Many of our exchanges contain marvellous stories of huge sweet potatoes, leviathan pumpkins, and measureless ears of corn. Are our farmers ashamed of their efforts in the extraordinary line, that they withhold them from publication?

The Indianapolis & Vincennes R. R. was within two miles of completion, when Mr. Burnside failed—financially smashed. Lord, President of the I. & C. Railroad now has the I. & V. on his hands. Whether it is best for a railroad to be placed in the hands of the Lord, is yet to be demonstrated. A Mrs. Thompson, (with a "p" as Toodles would say) orated upon the topic of intemperance, at the Court House, on Tuesday night, 28th ult. She drew a very respectable audience, as well as several dollars in small change.

The Democratic State Central Committee, have concluded to hold a nominating convention on the 8th of January, at which victims will be selected for next October. Here's ten months of solid lying for the untried to begin upon. Will William Anderson bring the wood promised by him in April last?

The cold, drizzling rain, on Friday, had one good result at least. It mellowed the ground, which had become so dry and hard that the farmers could not plow for wheat. It is a source of great comfort that we are able to find an excuse for such suicidal weather. There is a large amount of wheat in the country, but holders are awaiting a rise. We were told by one of our business men, a few evenings since, that men who are indebted to his firm in sums of from one to two hundred dollars, disclaim their ability to pay, because they are not offered \$1.25 for the four or six hundred bushels of wheat they have on hand. Perhaps they'll get it. A educated hog that plays "seven up" and "poker" scientifically, has been creating a sensation at the State Fair, Indianapolis, the past week.

There used to be any quantity of 'em on Illinois street, several years ago. Have "gamboliers" become scarce at the capital?—Less than half an inch of frost, Sunday morning. Exit Katydid. There is a good deal of honest indignation expressed by citizens, who are required to neglect their business and sit hour after hour on a jury, listening to evidence in petty prosecutions which take place now almost daily. The question seems to be whether six or twelve jurymen and ten or fifteen witnesses must be torn from their stores and workshops, in order that three or four persons may be enriched to the extent of \$5 or \$10 each. H. L. Edmondson was awarded the 1st premium at the State Fair, on his Early Rose Potatoes. The only entry, from Monroe county, so far as we can learn. A respectably dressed young man was drayed dead drunk, to the office of Squire Butler, on Wednesday evening last, by the Marshal. After lying upon the dray for an hour, exposed to the curious gaze of a large crowd, he was taken to a hotel by some one who recognized in him the son of a wealthy man in Greene county.

Subscriptions are being taken for the purpose of building a Methodist Church for the colored people. The solicitor thus far, has met with very flattering success. At the Gosport Fair B. S. Chase received the 2nd premium on stallion four years old and over; and 2nd premium for light draught; fastest pacing gelding, 3d premium; pacing gelding, four years old and over, 2d premium. Fastest walking horse Worley & Legg. Sorghum Mill, Seward & Co.

New Goods have been received by McCulla & Co., Benj. McGee, Wm. O. Fee, A. Luzzader, Levi Tannenbaum and C. P. Tuley & Co. If the readers of the Progress desire to buy fresh, seasonable goods, these firms are the proper ones to deal with. See Ordinance No. 24, with reference to paving the space outside of the hitching-rack, around the court house square. Farmers will be enabled to get to their horses

after this paving is done, without sinking over boot-top in the mud.

The stone abutments for the Clear Creek Bridge, have been finished, and arrangements for an iron bridge, had been made with P. L. Davis, the bridge builder who was killed last Friday, at the State Fair. A "big hunt" is getting ready for Maj. Perry, Ewing Batterton, James Seward and James M. Howe. They intend to invade the unbroken solitude of an Arkansas forest, in quest of game. As Maj. Perry, "a mighty hunter before the Lord," is rubbing up the sights of that famous long gun, a weapon so terrible in his skilled hands, we feel confident he will bring us an ibex, a buffalo, or at least a meadow lark.

It is reported that E. T. Taylor has on exhibition, at his Grocery, a sweet potato, weighing 4½ lbs. It may be so, we can't say positively, until we chew upon it.

**Real Estate Transfers.**

For the week ending October 2, reported by W. E. Jones, Recorder:  
James S. Sharp to Samuel B. Harris, 14 acres of land in Richland township, near Ellettsville, \$100.  
Rice C. Harris to Samuel B. Harris, 10 acres, No. 3, in the Town of Ellettsville, \$75.  
Granville Whisman and wife, to James Barrett, the undivided one-sixth part of 40 acres of land in Salt Creek Township, \$600.  
W. H. Hupp to James M. Brown, 80 acres of land in Washington township, \$600.  
Valentine T. Farmer to James Bratney, the one-third part of 160 acres of land, in Richland township, consideration, \$300.

The prospect for a famine was never poorer than the present Fall. The crop of corn is thought to be the best raised upon the uplands for many years; the potato crop is immense, and there is an unlimited quantity of wheat in the country. Many, however, complain because they could not turn their land on edge and cultivate both sides.

Levi Tannenbaum has returned from the east with a new stock of Goods, and is not ashamed of them. The best evidence that this assertion is correct, is the fact that LEVI invites the public to examine his stock, through the columns of the Progress.

SEE the big advertisement of the Union Drug Store. The proprietors mean business.

Mr. Charles Goodale left a nice basket of apples at the office on Tuesday, since which time our two boys have nearly ruined themselves, in an effort to prevent the fruit from rotting. One of them, who is lean and hungry-looking, can eat double his weight in apples, and then, at 10 o'clock A. M., growl because dinner is so far off.

**LET US PROTECT OURSELVES.**

The physical structure of the strongest human being is vulnerable everywhere. Our bodies are endowed by nature with a certain negative power, which protects them, to some extent, from unwholesome influences; but this protection is imperfect, and cannot be safely relied on in unhealthy regions, or under circumstances of more than ordinary danger. Therefore, it is wisdom, it is prudence; it is common sense to provide against such contingencies, by taking an antidote in advance; in other words, by fortifying the system with HOSTETTER'S STOMACH BITTERS—the most complete protective against all the epidemic and endemic maladies that have ever been introduced in any country. As a remedy for Dyspepsia, there is no medicine that will compare with it. Who ever suffers the pangs of indigestion, anywhere on the face of the earth, where Hostetter's Stomach Bitters can be procured, this invaluable tonic and alterative would restore his disordered stomach to a healthy condition. To the nervous it is also especially recommended, and in cases of confirmed constipation it also affords speedy and permanent relief. Oct.

All persons who aspire to beauty of personal appearance should not neglect that natural accessory, the hair. By many it has been neglected until the hair has become thin, gray, or entirely fallen off. Messrs. Hall & Co., Nassau, N. H., have produced an effectual remedy, called Sicilian Hair Renewer, which cures all diseases of the scalp. This wonderful preparation acts upon the glands, which support and nourish the hair, turns gray hair to its original color, makes the scalp white and clean, removes and prevents the formation of dandruff and all cutaneous eruptions, and, by its tonic and nutritive properties, restores the scalp to a healthy state, and creates a new growth. As a dressing, it is unsurpassed, giving the hair that brilliancy so much admired by all.—Boston Commercial.
