LAWYERS. Doctors, business and literary men generally, ought to keep files of the newspapers they take. If you desire to refer to a legal advertisement, the market reports, or anything of that character, the file holds your newspapers in convenient order. 50c. pays for a Newspaper File.

TOBE SMITH not only has the finest store room in the State, but he has the largest stock of Watches and Jewelry, and he sells cheaper. He will sell you a genuine American watch, in coin silver case, for \$15, and other watches \$5 and upwards. And that is not all; he has added new machinery, of the latest improvements, in his work shop, which enables him to do all kinds of watch repairing for about half the prices that others charge, and much better. He don't patch up your watch to run for a few days, or a month, at longest, but he puts in new parts instead of patching up the old. When it leaves his hands your watch will be as good as new, and he charges much less. Give him a call, and find out his prices. Dec 21st

Up with the Times.

Determined to be up with the times, I have secured the necessary machinery, and instead of patching and bending, as is the practice with some, will put new works into the watches that are brought to me for repair. I am also receiving a handsome stock of Toys, large enough for the trade, and ALL new, and will sell them so cheap that no one can find fault. JOHN P. SMITH.

A CASE of Deafness of 14 years standing (the result of Catarrh), cured by the use of Seelye's Liquid Catarrh Cure. Levi Springer, Esq., of Durban's Corners, Williams Co., Ohio, writes under date of January 6, 1869, that he has been using Dr. Seelye's Cure, and says it has cured him of deafness of 14 years standing. He was so deaf that he could not hear a person talk, when seated but three feet distant, but can now hear the church bells ring, 2 miles from his residence. This medicine is sold only by R. H. Campbell.

The most acceptable gift—a book. McPheeters keeps them.

DON'T WANT PROVISIONS.
In a divorce case, last week, in the Common Pleas Court, in which the wife asked for alimony and provision for the maintenance of a prospective heir, and while Counselor Miller was pleading eloquently that "provision be made for her child," the plaintiff quickly arose and informed the Court, through associate counsel, that "it was not provision she wanted, but that she would take what ever the Court in its wisdom might see fit to allow her, in money, be that much or little."

Special Notice.—Shoemaker & Co. have a fine variety of Pocket knives, and sell them cheap.

SAFETY. You men who have sold your pork and corn, and are in debt to McCalla & Co. come up and say your bills, or you will have trouble at the Squire's office!

Special Notice.—Call at Shoemaker & Co's and get five cakes of Honey Soap for 25 cents!

A SECRET.—Ask Joe Mc. how to preserve your newspapers. He will tell you.

THE Indianapolis Sentinel has put on a new suit of type, and looks quite stylish. It has been but a few months since the proprietor, R. J. Bright, built a \$40,000 office, and placed the most perfect and costly machinery in it. R. J. has no State printing, no Government patronage, no "perks" of any kind, and has either stumbled upon Aladdin's wonderful lamp, or is using some of "the money he had." We would like to learn the motion it is done by. Will you impart the secret, R. J.?

Christmas Presents.—What could you give your father, mother, sister, brother, sweetheart, or friend, that would be more fully appreciated than a book? McPheeters has a fine assortment. Call and see him.

Smokers! Smokers!—Call at Shoemaker & Co's and see the wonderful Cigar Machine. Price, \$1.50.

THE Indianapolis Daily Mirror is not suppressed yet, notwithstanding the herculean efforts that are being made to convert it into "dead matter." By the way, we notice that the *Mirror* is getting quite a circulation in Bloomington—an indication of good taste, upon the part of "numerous readers." It is now sold at the Postoffice.

Lost Money.—By people who purchase Holiday presents of any kind, before looking at McPheeters' stock of gift books.

Special Notice.—Shoemaker & Co. have one of the finest stocks of Perfumery ever brought to Bloomington.

FARMERS. If you owe McCalla & Co. anything, you are warned to pay it at once. There is a way to make money out of such people as are "slow," and you must settle.

GOING EAST.—Dr. HOLTZMAN leaves Bloomington for New York, this week, where he purposes attending the hospitals. The Dr., graduated in a New York Medical College, in 1866, and aware of the opportunities presented in a large city for the acquirement of a varied and thorough knowledge of the treatment of diseases, wounds and fractures, goes there with the intention, we presume, of becoming practically posted upon the new discoveries in surgery.

Special Notice.—Call and see one of the largest stocks of Drugs and Fancy Goods ever brought to Bloomington, at Shoemaker & Co's.

Psalm books, Hymn books, Bibles and Testaments in great variety, at McPheeters.

E. T. TAYLOR has secured a full supply of brick, for the construction of his new business house, and has covered them over snugly, to await the coming of Spring. He has also received a large stock of Groceries, but they won't keep 'till Spring, judging from the manner in which his many customers load their baskets. If you need Provisions for the Holidays, and of course you do, call at Taylor's Grocery, and he will supply you at fair figures.

Don't have your Newspapers destroyed. Buy a 50 cent File.

McPHEETERS is the favored recipient of a very fair proposition from a firm of New York scoundrels, to supply him with counterfeit notes at reduced rates. They say they believe him to be "true blue," and we think the fellows are correct in that assertion, but he is not "green," and therefore will not invest. Any man who will send for those bogus notes, deserves to be swindled for his intended dishonesty.

Special Notice.—Shoemaker & Co. sell the finest Cigars and Tobacco in Town.

The finest assortment of Juvenile books ever brought to Bloomington, at Post Office News Stand.

COAL OIL. Lamp explosions are becoming altogether too frequent to be pleasant. Almost every paper we receive, contains one or more accounts of fatal accidents from "lamp explosions." There is something wrong with the oil. It is only recently that lamps were known to explode while sitting upon a table, and with no perceptible cause. Pure coal oil, or oil properly refined, will not explode, and the wholesale dealer who will send the death-dealing bogus oil from his house, should be treated as a criminal—a wholesale murderer. Retail dealers should apply the test to oil before using, or selling it. A gallon of explosive oil, sold by a retail dealer, will ruin his trade, and possibly ruin several of his customers for life. To test oil, take a pot of boiling water, heated to 110°, which can be ascertained by submerging a thermometer in the water, and when it reaches the maximum degree to which the oil ought to be subjected, pour a small quantity of oil in the water. If it burns at any point below 110°, the oil is unsafe, and is almost certain to explode.

A large collection of miscellaneous books, just received by McPheeters.

Santa Claus has filled McPheeters' shelves with the finest assortment of books ever brought to Bloomington. All of which are to be exchanged for greenbacks.

Your newspapers ought to be preserved in regular book form. You can do this, by paying the small sum of 50 cents for one of these simple, cheap Files, for sale at the Post Office.

JOKE ON LUCKEY.—J. Nelson Luckey, brought suit against the N. Y. Tribune recently, for libel, claiming \$20,000 as damages. The case was tried at Poughkeepsie, last week, and resulted in a verdict in favor of the Tribune company, with costs of suit, and \$250.00 in addition. Luckey wasn't in luck, it would seem.

McPheeters keeps the Lightning Calculator. Call and secure a copy.

Rev. C. Martindale General Agent for the Indiana State Temperance Alliance, will deliver an address on Temperance, in the Court House, in this place, on next Thursday night, at 6 1/2 P.M.

A Republican State Convention will meet at Indianapolis, on Tuesday, February 22d, 1870, to nominate a Secretary of State; Auditor of State; Superintendent of Public Instruction; Attorney General; and one Supreme Judge for each of the Supreme Judicial Districts of the State. The basis of representation is fixed at one Delegate for every hundred votes, and one Delegate for every fraction over fifty votes cast in each county for Max. F. Hoffman for Secretary of State, at the general election of 1868. This will entitle Monroe county to fifteen Delegates.

I. SANDERS & SONS have a very large stock of the celebrated Seymour Woolen Goods at their farm house, which they will exchange for Wool. They would call particular attention to an article of Overcoatting, which they believe to be unsurpassed in this market. Also, to their Jeans and Flannels. These goods were awarded the first premium at the Monroe County Agricultural Fair. Sanders & Sons believe they can offer superior inducements to those holding Wool, and would at least solicit a call from the wool growers of the surrounding country, before they dispose of their clip.

WANTED.—The public to know that the Bryant & Stratton Business College, at Indianapolis, is the only Institution of its grade in the State. Send for Circulars. 4w \$30 worth of scrip, for sale at this office.

Gold was down to 120 1/2, on last Friday.

RAILROAD MATTERS.—It is said that an election was held in Brown county, to decide the question of an appropriation to the St. Louis & Cincinnati Air Line Railroad, which resulted in authorizing the appropriation, by a majority of over 200 votes.

Greene county will vote upon the appropriation question, on the 5th of February—to donate a tax of one per cent.

Deatur county is to hold an election to vote upon the question of donating \$50,000 to this road.

Monroe county holds an election on the 25th of January, to decide whether \$85,000 shall be appropriated to the S. L. & C. A. L. Railroad.

FINE BOOTS.—Henry Hewson is turning out some of the best work in his line, that we have seen in a long time. He is a good workman, and uses none but choice stock.

SPARE RIBS.—Williams, on Mullikin's corner, is receiving daily, from Gosport, nice spare ribs, with meat on them, which he is selling at the moderate sum of 6 1/2 cents per pound. A man can afford to eat spare ribs at this price, (and there is no sweeter meat.) Williams is driving a fine trade. Patronize him.

EARLY PIETY, it is thought by some, causes the bad breath frequently observed in very moral persons, but this is evidently an error. Catarrh is at the bottom of the trouble, and if you remove this disease you sweeten the breath. Seeley's Catarrh Cure will do it. Sold only by R. H. Campbell.

With the above notice came substantial compliments, for which the young couple will accept the thanks of the printers.

NOTICE.—By request of a number of the Members of "the Monroe County Agricultural Society," a meeting of the members of said Society will be held at the Court House, in Bloomington, on Saturday, January 1st, 1870, at 1 o'clock P.M. JAMES SMALL, Dec. 22, 1869. President.

DON'T TRESPASS!—I have rented the "Jacob Young House," for the purpose of filling my Ice House, this winter, and I hereby warn all persons from skating upon it, as the ice may be spoiled and I put to considerable expense. Persons who disregard this notice will be dealt with according to law. Dec. 22, 1869. HENRY ROTT.

JUST RECEIVED.—I have just received Oranges, Lemons and Cocoa Nuts, and a large invoice of fresh Candies and New Toys. Also, a large and choice stock of Oysters for the Holiday trade.

Christmas will not come upon Saturday again 'till 1875. The Indianapolis papers say that Co. James Thompson, U. S. A., has been assigned to Indiana State University, as Military Professor. J. R. Allison has removed his Photograph Gallery from Foes to Butler's building. S. H. Buskirk is mentioned as a candidate for Supreme Judge on the Democratic State ticket. If there was a ghost of a chance for his election, we would be pleased to see him nominated. The Fall term of Indiana State University ends to-day. A vacation of two weeks will be had. A soldiers' relief fund case, in the Common Pleas Court, was decided in favor of the county. Mart. Alexander is building up a nice trade in the real estate, at his new stand, near the Postoffice. Wm. H. Mahan of Ladoga, has been appointed a route agent on the Railroad. One of the present incumbents will be compelled to pass in his checks. Fuglemon is supplying our business men with brooms. His brooms will sell—they recommend themselves. Henry Rott is now manufacturing very choice candy, out of pure sugar, and "everybody eats it."

Ayer's Cathartic Pills.
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by every body as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes. This mild but efficient cathartic is **Ayer's Cathartic Pills.** The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends; and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. It cures the most stubborn of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither opium nor any deleterious drug, it may be taken with safety by anybody. Their sugar-coating preserves them from becoming dry, and makes the pleasant to take, while they operate with no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal vessels to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:
For **Dyspepsia or Indigestion, Flatulency, Langor and Loss of Appetite,** they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.
For **Bilious Colic and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bile Colic and Bile Fever,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For **Breast or Diarrhoea,** but one mild dose is generally required.
For **Rheumatism, Gout, Gravel, Pile, Hemorrhoids, Constipation, Pain in the Side, Back and Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.
For **Dropsy and Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a diuretic purge.
For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.
As a **Dinner Pill,** take one or two Pills to promote digestion and relieve the stomach.
As an occasional dose it stimulates the stomach and bowels into healthy action, restores the appetite, and improves the system. Hence it is often administered where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and a renovating effect on the digestive apparatus.
