

BLOOMINGTON PROGRESS.

WILLIAM A. GAGE, Editor and Proprietor.

WEDNESDAY, JAN. 26, 1870.

REPUBLICAN MASS MEETING.

The Union Voters of Monroe County, will meet in Mass Convention, at the Court House, in Bloomington, on Saturday, Jan. 29th, 1870, at 12 o'clock M., to appoint Delegates to attend the Republican State Convention, at Indianapolis, on Tuesday, February 22d, 1870, and to make other arrangements for conducting the approaching campaign in Monroe county.

Let every Township be represented.

Ex-Governor Dunning, Judge Buskirk, and Major Mulky, will address the meeting.

By Order of County Central Committee.

WM. F. BROWNING, Chairman.

Jan. 1, 1870.

At nine o'clock P. M. January 19th, the House of Representatives of the Ohio Legislature adopted the Senate resolution ratifying the Fifteenth Amendment to the Constitution of the United States, completing Ohio's ratification thereof. The vote stood yeas, 57; nays 55. Messrs. Hill, Bates and Clinchman voted in the affirmative.

The result was received with cheers by the crowd in the galleries.

The Fifteenth Amendment.

The following table will be convenient for reference just now, as the 15th Amendment is the all absorbing topic. The States that have ratified the Amendment are:

- | | |
|--------------------|-------------------|
| 1. Nevada. | 15. Florida. |
| 2. Louisiana. | 16. N. Hampshire. |
| 3. West Virginia. | 17. Virginia. |
| 4. North Carolina. | 18. Vermont. |
| 5. Illinois. | 19. Alabama. |
| 6. Michigan. | 20. Kansas. |
| 7. Wisconsin. | 21. Missouri. |
| 8. Maine. | 22. Indiana. |
| 9. South Carolina. | 23. Minnesota. |
| 10. Pennsylvania. | 24. Mississippi. |
| 11. Massachusetts. | 25. Rhode Island. |
| 12. Arkansas. | 26. Iowa. |
| 13. New York. | 27. Ohio. |
| 14. Connecticut. | |

The remaining States are:

- | | |
|----------------|----------------|
| 1. Delaware. | 6. Maryland. |
| 2. Kentucky. | 7. Nebraska. |
| 3. Georgia. | 8. New Jersey. |
| 4. Tennessee. | 9. Oregon. |
| 5. California. | 10. Texas. |

Twenty-eight States are required to complete the ratification. The Nebraska Legislature will be convened in special session about the 15th of February. Its Legislature is almost unanimously Republican.

Printed forms of petitions for the abolition of the franking privilege have been prepared by the Postmaster General, and are being forwarded to Postmasters for signatures. The franking privilege has grown to be an evil of such tremendous proportions, that these petitions should be so generally signed by the people, that Congress cannot afford to disregard the demand for its abolition. Its cost to the country is estimated at five million dollars, and the abuses which are practiced under it are unbearable. The New York Sunday Times, claims to know a Democratic Congressman who always sends home, under his frank, enough public documents to sell for several hundred dollars, as waste paper.

One of these petitions can be found at the Postoffice in this place, and it is receiving a large number of signatures.

The telegraphers' strike is at an end, the operators going back to work. The chief officer of their League has absolved all members from their oath of allegiance to that society. The wages of operators employed in the Western Union Company has been reduced ten dollars per month. The effect of this will be that a great majority of the operators in the country will go into other business, as their salaries have never been any too large. The result of the defeat of this league will effectually put a stop to all further difficulties between the Western Union Telegraph Company and its operators.

The Springfield Republican sends its suggestions on postal reform to Mr. Creswell by mail, as follows: "1st, abolish the franking privilege; 2d, abolish the Postoffice, and let the people attend to themselves. The Republican thinks private enterprise will furnish better and cheaper mail facilities than the Government."

Here's a chance for a half-dozen opposition Postoffices in Bloomington.

DETERMINED.—Absalom Padgett and Michael Neff, of this county, who were arrested by the U. S. Marshal in October last, have been, upon indictment, tried by the U. S. District Court at Indianapolis, upon the charge of "illicit distilling." The former was fined one thousand dollars, and sentenced to six months imprisonment; the latter was fined three hundred dollars, and sentenced to two hours imprisonment. "Violation of the laws is a serious matter to those who intend to defraud the Government."—Bloomfield Tribune.

The Third Annual Session of the State Temperance Alliance will be held in Roberts Chapel M. E. Church, corner of Delaware and Vermont Streets, at the City of Indianapolis, commencing Wednesday, February 2nd, 1870, at 2 o'clock P. M.

It is confidently expected that this will be the largest and most enthusiastic Temperance Convention ever held in the State. Attendance is cordially invited under the provisions of the fourth article of the Constitution, which is as follows:

ART. IV.—Any person may become an annual member of this Alliance by signing the total abstinence pledge and contributing one dollar to the funds of the Society. Any Church, Sabbath School, or temperance organization, may, by the payment of five dollars, become a life member of the Alliance, and entitled to one delegate to any meeting thereof; and for each additional five dollars shall be entitled to an additional delegate, and after such delegates present their credentials and sign the pledge, they shall be entitled to all the privileges of full membership.

To entitle a member of the Alliance to represent any organization as delegate, such organization must contribute five dollars to the Alliance.

The payment of one dollar, and signing the pledge, during the year, or at the next annual meeting, will invest the contributor with all the rights of membership.

The Alliance is too well known to need commendation. As the recognized Bond of Union between the temperance organizations of the State, its utterances and actions are of peculiar interest and importance.

Let there be a grand rally for the great cause, which shall make another epoch in the history of the temperance movement in Indiana.

The following Railroads will return delegates free who pay full fare coming to the convention: Terre Haute and Indianapolis; Indianapolis and Peru.

The Jeffersonville, Madison and Indianapolis Road will convey delegates at half fare, but on what plan is not yet known.

Round trip tickets at one fare will be sold by the Cincinnati and Indianapolis Junction Railroad.

The Indianapolis, Cincinnati and Lafayette Road will sell half fare tickets when a sufficient number of persons from any station will notify the Ticket Agent at Cincinnati.

It is hoped the other roads will grant like favors—if so, notice will be given.

M. H. MENDENHALL, J. W. RAY, Cor. Secretary, President.

The Clerical Elopers.

NEW YORK, Jan. 17.

All traces of the Rev. H. Cook, the clerical eloper, have been lost. In this city his most intimate friends do not know his whereabouts, and even his wife, who now lives with her mother in Williamsburg, professes not to know where he has gone. The last seen of him was on Thursday morning, when he left the Tombs Police Court in company with a friend. He then went to a restaurant and took some refreshments, after which his friend left him. There are those who state having met him the same afternoon with his whiskers shaved off, but certain it is that nobody has seen him since. Neither do the officials of the Seventh-street Methodist Church have the least idea of his whereabouts. Inquiries have been made at the lunatic asylums, as it was reported that Mr. Cook was insane, and it was considered possible that his friends might have taken him to one of these institutions; but not at any one of these places has a person answering his description been received since the days mentioned above. The current belief, therefore, is, that Cook has probably gone West to start life afresh, under an assumed name; that henceforth he will follow mercantile pursuits unknown to those who surround him, and away from those on whom he has brought such scandal.

There is a proposition before the Illinois State Constitutional Convention to abolish the Senate, and to vest the legislative authority of the State in a single body, to be called the Legislative Assembly, composed of 800 members.

The expenses of the government of New York city amounted last year to \$32,190,628 04! New York city is one-twentieth of the country; not more, and probably not so much. At this rate it would be Democratic economy for the General Government to cost \$650,000,000 per annum! Under a Republican administration the expenses are about \$150,000,000. Five hundred millions of dollars scored to the credit of the Republican party every year! While the Sentinel is prating about a reduction of taxation by a change of political parties, will it call the attention of its readers to the "economy" of New York Democracy?—Journal.

The reason why that young man at Hartford spoiled a wedding at which he was to appear as groom, the other day, by half killing himself with a dose of laudanum, was because his tailor went back on him, and wouldn't let him have his wedding suit on credit.

SPEECH-MAKING.—We desire to enter our protest against the electioneering plan adopted by the Central Committee at present. From \$25 to \$50 each are paid for speeches, to various "distinguished" individuals who address meetings composed almost entirely of Republicans, without any effect further than to deplete the Treasury of the Committee. The fact is, speeches do but precious little good, if any; a quiet half hour's talk with a man in his corn field, at home, will effect more than twenty speeches. It is a good thing, this speech-making, for the gentlemen who are fond of hearing their own voices, and often a good thing to receive twenty-five or fifty dollars for an hour's speech, but no man was ever convinced of his error by a speech, and hence we consider a speech-making canvass both wasteful and useless. The money and time wasted on these long-winded blow-pipes, can be used on the "floating vote" to much better advantage, on the day of election, and common sense and experience demands a reform in this particular.—Rochester Republican.

The statement has often been made that Chief Justice Chase had written a letter to a friend in Ohio, urging the passage of the Fifteenth Amendment by the Legislature of that State. In the debate on Wednesday, Prince Baber (Democrat) read the letter as follows:

"Washington, Nov. 1869.
"Hon. Thomas Yeaman:

"MY DEAR SIR: The eyes of the whole country are upon the State of Ohio. On your vote depends the passage of the Fifteenth Amendment. I am for universal suffrage and universal amnesty. The amendment must be put through the Legislature at all hazards.

S. P. CHASE."

Mr. Chase hopes for the Presidency, on the score of his anti-slavery record.

The reports from Texas have finally been made nearly enough official to ensure, without doubt, the election of General Davis as Governor, by 800 majority. The really important victory is in the Legislature, where, according to the latest statement we have seen, the Republicans have 17 Senators to 13 Democrats, and 50 Representatives to 40. If this statement is correct, there can be no doubt that Texas will promptly ratify the Fifteenth Amendment, and having complied with all requirements of Congress, claim her place in the Union.

EXTENSIVE ART-GALLERY.

Next to the Bible, no book is more useful than Webster's Dictionary. The Unabridged is an extensive art-gallery, containing over three thousand engravings, representing almost every animal, insect, reptile, implement, plant, etc., which we know anything about. It is a vast library, giving information on almost every mentionable subject. It is in fact, the most remarkable compendium of human knowledge in our language.—Household Advocate.

The stock in trade of our Democratic friends just now is scarcely worth mentioning. Other questions than the negro must henceforth engage their attention. The "unlatterable opposition" of the Indiana Democracy will be unavailing. It will not be counted against the Amendment; it will be adopted just the same as if the Convention had not declared against it. It is the assurance of peace, and will date a new era in the history of our country.

The Attorney General of Iowa has decided that women can hold office in that State. The question arose in the case of Miss Julia C. Addington, who was recently elected Superintendent of Common Schools in Mitchell county.

We knew all along, says the Hartford Courant, why the Democratic papers were so bitter against Stanton, but we are a little surprised that the Cincinnati Enquirer has had the courage to frankly avow the reason. It says: "Without Edwin M. Stanton nothing was more certain than the South would have secured their independence."

A Pittsburg oracle young man, asked a girl whom he had been following, and an entire stranger to him, to see her home. She accepted, and on arriving at her home, set her dog on him. He left his hat, coat-tail, and a piece of round steak inside the yard. He now sits down with difficulty, and has a pillow under the spot.

An exchange says: "You might as well attempt to shampoo the head of an elephant with a thimbleful of soap, as attempt to do business and ignore printer's ink."

Hurley's Ague Tonic.

No Arsenic—No Mercury.
CERTAIN TO CURE.

Worthy of Attention.

Dr. Thomas A. Hurley: I hereby certify that during last year I was attacked with the ague whilst in Vicksburg, Miss., and used several popular remedies with but temporary relief. On reaching home the disease returned in a worse type, when my medical attendant ordered Quinine in large doses—frequently as high as 60 grains per day, and which means: have cost me nearly \$100. I consulted Dr. Smith, of Louisville, and found he prescribed quinine and arsenic combined, which I refused to take. I was almost bloodless, extremely exhausted, and pronounced with enlarged Liver and Spleen. Upon this I took a bottle of Hurley's Ague Tonic, and in a few days I was able to get up, and I determined to give it a trial. I did so, and one bottle restored me completely, and since that time I have seen nearly a hundred cases in which it acted with equally happy results, and would certainly recommend it as preferable to any other tonic before the public.

Hurley's Sarsaparilla is what it is represented, and I believe it: the most wonderful medicine before the public. Nothing could induce me to say so without proof of the strongest and sweet kind; therefore I speak willingly and positively.

My daughter has been afflicted with skin diseases and stiffness of the joints for several years. I employed the principal physicians of the city and they could not cure her. I gave her your Sarsaparilla, not expecting it to do much good, but to my great astonishment she rapidly got well and continues so. Had she taken any medicine I would not give this certificate; but your Sarsaparilla, the only remedy employed, leaves no doubt of its medicinal qualities, and that it alone cured her.

Ayer's Cherry Pectoral.

For Coughs, Croup, Whooping Cough, Bronchitis, and Consumption.

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of the world, higher and higher in estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, has made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effective remedy that can be given for the most dangerous and fatal affections of the throat and lungs. As a protection against the attacks of croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and affections, all should be provided with this antidote for them. Although actual Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its effect, that it has been known to cure the disease in its most advanced stages, and to bring about the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subsided and disappeared. Singers and Public Speakers and great proficients in elocution are always relieved and often wholly cured by it. The Cherry Pectoral is generally cured by taking the Cherry Pectoral in small and frequent doses. So generally are its virtues known, that we need not insist upon its merits, but we do so more than to assure the public that its qualities are fully maintained.
