**PLANTATION BITTERS**  
S. T.—1860—X.  
This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid, it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superceding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirit. For sale by all druggists. m7m0

**Great Medical Discovery.**  
**Dr. Walker's California VINEGAR BITTERS.**  
More than 500,000 persons bear testimony of their Wonderful curative effects.  
**WHAT ARE THEY?**

They are Not a vile FANCY DRINK, Made of Poor Rum, Whisky, Proof Spirit, and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," etc., that lead the tippler on to drunkenness and ruin, but are a true medicine, made from the native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and Life-Giving Principle, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell.

\$100 will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other cause, and the vital organs wasted beyond the point of repair.  
For Female complaints, whether in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters have no equal. Send for a circular.  
They are a gentle Purgative as well as a Tonic, possessing also, the peculiar merit of acting as a powerful agent in relieving Congestions, or Inflammation of the Liver, and all the Visceral Organs.  
For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder; these Bitters have been most successful. Such diseases are most successfully treated by Vitiating Blood, which is generally produced by derangement of the Digestive Organs.  
Cleanse the Vitiating Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.  
Pin, Tace, and other worms, lurking in the system of so many thousands, are effectually destroyed and removed.  
In Bilious, Remittent, and Intermittent Fevers, these Bitters have no equal. For full directions read carefully the circulars around each bottle, printed in four languages—English, German, French, and Spanish. J. WALKER, Proprietor, 32 Commerce St., N. Y.

Manufacturer and Vendor of the Celebrated  
**SMITH'S TONIC SYRUP!**  
FOR THE CURE OF  
**AGUE AND FEVER**  
OR  
**CHILLS AND FEVER.**

THE proprietor of this celebrated medicine justly claims for it a superiority over all ever offered to the public for the safe certain and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine after having taken three or four doses of the Tonic, a single dose of Bull's Vegetable Family Pills will be sufficient.

**BULL'S WORM DESTROYER.**  
To my United States and World-wide Readers.  
I have received many testimonials from professional and medical men, as my annual and various publications have shown, all of which are genuine. The following from a highly educated and popular physician of Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of. In his testimony deserves to be written in letters of gold. Hear what the Doctor says of Bull's Worm Destroyer:  
Vallejo, Walker Co., Ga.  
June 20th, 1893.  
DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials and find it wonderfully efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to the teaching and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination.
