SUGAR OF ALL GRADES, AND
will be sold cheap for cash, at
Clark & Orchard's.

THE VERDICT OF AN INTELLIGENT
and bread-eating public is that the Flour made at the Leonard Mill is tip-top. It is made of choice White Wheat, and is ground by a water mill, which always grinds evenly, and hence the Flour is not scalded, as is often the case with Flour made by steam mills. Every one who loves good bread, should try a sack or a barrel of the Leonard Mill Flour—those who do will use no other.

If you want Hoes, Rakes, Garden Tools of any kind, Nails, Glass, Putty, Paints, Bar Iron, or Steel, go to W. J. Allen's Hardware Store, south side of this public square.

SHOEMAKER HAS THE RIGHT
for Monroe county, to sell Ward's Portable Gas Light. Each burner generates its own gas at a cost of about one-third of a cent per hour, and burns a beautiful white flame without wick or chimney, avoiding the intolerable nuisance of trimming lamps, saving the cost of chimneys, and furnishes a light equal to three coal oil lamps at one third the cost. The Lamps are made entirely of metal, consequently can not break, and comprise all styles and prices, from the plain Wall Lamp, for work-shop or kitchen, to the elegant Portable Stand or Chandelier for the parlor, public hall or church. Go to the Union Drug Store, and examine this new Light.

A FEW MORE STEP LADDERS,
at Clark & Orchard's.

INDIANA STATE UNIVERSITY.—The University has opened with an unusual number of Students, which is a marked indication of its continued success. The last Term of the College Year, in Western Institutions, generally has the smallest number of Students, in consequence of many being detained to work on the farm, or to attend to business. But the State University is an exception, the attendance now being larger than at any time before during the year.

CLOSING OUT.—Two pounds of Sugar for twenty-five cents, at Clark & Orchard's.

Mr. J. L. Hughes, at present engaged in the practice of Law, at Indianapolis, is in the city.

The communication of "Free Thinker," came to hand too late for this week's paper.

CLOSING OUT.—The best Gun Powder Tea, at Clark & Orchard's.

JOHN F. WALKER is in the city, and called upon us Monday. He tells us he is on the track for Recorder.

—A steamboat is in process of construction, at a point two miles south of Gosport, and will soon make a trial trip to Martinsville. Bloomington will not receive a visit from this little craft, 'cause why, White River is fifteen miles away.

—See advertisement of Biers & Faris. They have a full and complete stock of Millinery Goods, at their store room, on North College Avenue. They keep the largest stock in the city.

—Samuel Gordon, who has been a resident of this county 37 years, is a candidate for Commissioner in the 3d District. Mr. Gordon served "his time" as a conductor on the underground railroad, is a substantial farmer and would make a safe officer.

—L. M. Rose, who for a number of years has visited business men in this city as an Agent for Suinder & McCall of Cincinnati, has purchased an interest in the Terre Haute Gazette establishment. Rose will make a No. 1 "outside business man." Send us that "scale" when you get it in shape, Lou.

—Wm. Weimer of Perry township, is a candidate for Commissioner for the 3d District of Monroe county. Mr. W. is a substantial farmer, has resided in the county 13 years, is qualified for the position, and used to attend Abolition meetings, in Ohio, when eggs often flew too thick for comfort.

—This is the beginning of a new volume of the Progress. It is customary we believe to tell, in a three-column article that if subscribers will pay up, a bundle of paper or ten pounds of type will be purchased, by the half-finished proprietors of country papers. We have no non-paying subscribers on our books, and will borrow enough money to run the paper another year.

—Gen. Spooner has appointed, for Monroe county, the following named Assistant U. S. Marshals, to take the Ninth Census: Marion Blair for the townships of Richland, Van Buren, Perry, Indian Creek, Polk and Clear Creek. Samuel H. McCormick for the townships of Bean Blossom, Washington, Marion, Benton, Salt Creek and Bloomington.

—A communication favoring Geo. A. Buskirk for the Legislature, appears in to-day's paper. We do not propose to advocate the claims of one candidate over those of another, merely state, briefly, who each candidate is, at the time he is announced—but communications are as admissible as advertisements, and will be inserted for any candidate, upon the payment of a trifling consideration.

—In answer to the request of a candidate for gratis articles urging his claims to nomination, we have this to say: We have never known a list of candidates for whom we entertained as profound feelings of regard, as the one which at present is advertised in the Progress, but we cannot insert communications for these gentlemen without pay. You do not require your Grocer to present you with a box of raisins when you purchase a three dollar ham.

—Barnabas C. Hobbs, State Superintendent of Public Instruction, left a favorable impression upon such of our citizens as were so fortunate as to form his acquaintance. He is an unassuming, fatherly man, with a manner so open and attractive that we part from him feeling that we have met one of nature's noblemen. You miss that air of profound, pre-occupied ponderosity—of overpowering brain power, a machine shop of scintillating and logical thought—a ridiculously disgusting affectation, which many persons who lay claim to intellectual superiority, indulge in. We are for Hobbs.

—The Odd Fellows of this place attended a Celebration at Martinsville, on Tuesday, 26th inst., were hospitably entertained, and returned highly pleased with their trip. The celebration proper, took place on the Fair Grounds near Martinsville. Rev. Hiram G. Illmore delivered the opening address, which was followed by dinner. After dinner, N. Van Horn, Esq., of this place, delivered an eloquent address upon the extent and merits of the Order. Mr. Van Horn's address we hear spoken of as a very fine effort, and only regret our inability to attend the Celebration, that we too, might have listened to it.

SUPERINTENDENT OF PUBLIC INSTRUCTION.

—Hon. B. C. Hobbs, L. L. D., Superintendent of Public Instruction, lectured in the Chapel of the State University, on last Thursday evening, the 28th of April, on the subject of Education in Indiana. A large and intelligent audience, composed of the citizens, Students and Faculty of the University, were in attendance. The speaker gave a very interesting history of the public school system of this State, and the progress of popular sentiment in regard to the necessity of taxation for school purposes, until every child and youth of proper age was furnished with the opportunity of acquiring a good common school education. The School Fund, which is now larger than that of any other State in the Union, had been derived from the 16th section of each township. The profits of the State derived from her share in the State Bank, the surplus revenue from the general government, and the fines and forfeitures for breaches of the peace, &c., &c., until, at the present time, the aggregate fund is more than \$8,000,000. He said he felt very much at home in the Chapel of the University, the head and crown of the system of public education of the State. He closed with an eloquent eulogy upon the Bible, as the source and foundation of all that is excellent in modern civilization; and the necessity of retaining it in the public schools. Mr. Hobbs is a sensible and able speaker, entertaining and instructive. Should he visit our city again, he would receive a warm and hearty greeting.

Editor of Progress.—Our Republican friends who met recently to nominate Officers for the Corporation, were surprised on Monday, to find that Dr. James F. Dodds had permitted the use of his name as an independent candidate in the 4th Ward, and that Mr. Pearson was defeated through the active exertions of Democrats and a couple of Auctioneers recently located in our town. We don't know that Dr. Dodds, who was honored a few years ago as the nominee of the Republican party for the office of Treasurer, authorized his name to be used, or desired the position of Town Councilman. If he did, it is hoped his ambition will be gratified in the discharge of the arduous and responsible duties of the office.

CITIZEN.

CLOSING OUT.—A few more pounds of the Franklin Carpet Chain, at Clark & Orchard's.

Returned Home.

Mr. Editor.—The friends of Jno. F. Walker will be gratified to learn that he is at home again, having been absent for some time at Bloomfield, where he was engaged in a Printing Office.

We learn he consents to the use of his name as a candidate for the office of Recorder, which was heretofore announced without his knowledge. No man in the Republican party has labored more earnestly, or longer, for its success, than Mr. Walker. His work may be said to have been that of life long printer, the profits of which yielded him a bare living. Such a faithful public servant ought to have his reward. REPUBLICAN.

—On Saturday, a party of men left Bloomington for Bean Blossom Creek, on a fishing expedition, and between four and five o'clock, one of the number, Robert Berry, while swimming the creek, was attacked with cramp, and sank. One of his companions, Dec. Patterson, plunged into the stream, (which is very deep at the point where they then were) to attempt Berry's rescue, but no sooner had he reached the drowning man, than he clutched him by the shirt bosom and dragged Patterson down also. A struggle then ensued, both remaining under water for some seconds, and when they came to the surface, Patterson retained sufficient presence of mind to kick Berry off, the dying man taking out all of the front of Patterson's shirt, so tenacious was his grip. One of the party, named Stout, had by this time reached Patterson, and supporting him on a grapevine, which fortunately hung in the water near the place where the last struggle occurred, dragged him out and resuscitated him after no small degree of labor. Berry's body was found in about thirty minutes after he was drowned, and brought to his father's residence. The funeral took place on Monday morning.

—The Corporation Election, on Monday last, resulted in the success of the ticket nominated in the Republican Convention, with the exception of Parker Pearson. Early on Monday morning, a ticket was brought out having the names of Henry Knight, T. A. Banta, Jas. F. Dodds, and J. S. Stockwell upon it. The principal object, however, was to defeat Mr. Pearson, who being a merchant, was compelled to shoulder the responsibility of taxing transient auctioneers. The principal workers at the polls were Mr. Parker, the auctioneer, F. M. Williams, Thos. Howard and Ed. Gregory.
