—The Fair Ground is talked of as a proper place to hold Pic Nics, the present season.

—Cleveland F. Dodds, of Perry township, is a candidate for nomination to the office of County Treasurer. Mr. D. is favorably known in this community; has served one term as Commissioner, and is in every way well qualified.

JOHN P. SMITH AND HIS GOODS.

—No student of Indiana State University, is properly fitted out unless he has one of those excellent Holland Gold Pens, sold by John P. Smith. And while purchasing a pen, he will notice that Smith's magnificent show cases are filled with the handsomest time-keepers that can be secured from the best manufacturers. Naturally enough, he will want one of those watches, and upon making the necessary inquiries will learn that John sells them at prices wonderfully low, when you take into account the fact that they are No. 1 both in metal and workmanship. John's store is on the west side.

CAPT. SHOEMAKER HAS JUST arrived from Louisville and Cincinnati with a choice stock of Goods, in addition to the quantity already in the house. The White Lead and Wall Papers are going off with a degree of rapidity never before equaled. Shoemaker & Co. sell about a car-load of Cigars and Tobacco, each month, and this branch of their trade is greatly on the increase. Try their Teas. Mr. Faris, their Pre-emption Clerk, is a superior. And for polite, gentlemanly salesmen, commend us to Shoemaker or Fulton.

AND STILL THEY COME—NEW Goods and New Customers—to the Great New York Store. Hardly a day passes without some novelty being received by Express, for the customers of Tuley & Co. Their fine line of Dress Goods is unequalled in this market; their Summer Hats are unsurpassed; their Summer Shaws are very beautiful; their salesmen are accommodating; their prices are low, and they pay a cash premium of five per cent. to customers. "It's a nice place to trade," say our country friends—and they know.

TOBE SMITH has the finest store room in Southern Indiana, as well as the largest stock of Watches and Jewelry. He will sell a genuine American Watch, in coin silver case, for \$15, and he sells other makes of watches at \$5 and upward. Tobe has also added new machinery to that with which his work shop was already supplied, which enables him to do all kinds of watch repairing for about half the price charged by others, and in a much better manner. He don't patch up your watch, so that it will run for a few days, but he supplies new works instead of the old, so that when it leaves his hands, your time-keeper is as good as new. If you call upon him he will give you his price list.

Carpeting.—If you want a Carpet, go the Bloomington Woolen Factory, where you will find a variety to select from, of a better quality, and at lower figures than any that has ever been offered in this part of the State.

A. HOLTZMAN & SON.
Bloomington, Ind., mar30-1f

COUNTY ORDERS.—Two or three hundred dollars in County Orders are wanted for tax paying purposes, by parties who have left the money at this office, with instructions to pay as little as possible for them. If the terms suit, come and get this money. ap13-6f

COLD IN THE HEAD RELIEVED in a few minutes; bad breath caused by offensive secretions; weak eyes, caused by catarrhal affections; sense of smell, when lessened or destroyed; deafness, all permanently cured by Sweeney's Liquid Catarrh Remedy. Sold in Indiana, only by R. H. CAMPBELL. Price, \$2.00 per bottle. Persons may object to this medicine because the price is higher than that asked for eye wounds said to give relief, but no one who seriously wishes to be cured, will care to pay a living price—\$2.00. Try it.

SIGNS OF THE ZODIAC.—A philosopher in the West grown into admiration of the Cherry Petrol, writes L. R. Ayer for instructions under which sign he shall be bled, which blistered, and which vomited, and under which he shall take Ayer's Pills for an affection of the liver; also under which sign his wife shall commence to take the Sarsaparilla for her ailment. He adds that he already knows to whom his calves under Taurus, charge his pigs in Scorpio, eat his hair in Aries, and sink his feet in Pisces or Aquarius, as their condition requires.

Schoolmasters start for Wisconsin, and Mr. Mann when you get there. Love, 11 Daily News.

WAR!—The Fenians had some war, last week. The telegraph reports that, to the number of 2,000 men, they invaded Canada, flung the green flag into the very face of the British Lion, who growled, and with an exhibition of tusks that were considered formidable until Uncle Jonathan practiced dentistry upon them, his leonine highness ordered his red-coats forward. The Fenians shot, they hit, they hurried back—not however, until General O'Neil, the commander-in-chief, had been arrested and placed under \$20,000 worth of bonds (the General is now a bloated bondholder) to never attempt the conquest of the Canadas—at least with a force so small and illly prepared. No one could be better pleased than we, to be assured of the success of the earnest little band of patriots who are known as the "Fenian Brotherhood." We would be still better pleased were we to learn that

"Old Ireland shall be free,
From the centre to the sea,"
but we very much fear that this will never come to pass during the term of our natural life, unless the war department of our warm-hearted friends, the Celts, is managed with a degree of judgment and discretion materially in advance of anything yet exhibited.

WHEAT.—We hear considerable complaint from farmers, in consequence of the depredations of the fly. On the other hand, we are informed by quite a number, that their Wheat has never given fairer promise on the 1st of June. James Faris, northeast of town and Ben F. Dunn, whose farm lies just east of Bloomington, have splendid fields of Wheat. Mr. Dunn says his Wheat is further advanced than it usually is at this date, and that he has no reason to grumble, unless it might be because he cannot cultivate the under-side of his land, as well as the upper side.

TWENTY-ONE HEAD of fine, fat beef cattle, have been bought by McKinney & Alexander, so that there is no probability that they will "run short" of meat, very soon.

AMONG THE MANY truly useful and convenient inventions of the day, none are superior to the patent Clothes Rack, on exhibition and for sale by Sudbury & Johnson. No family can well afford to do without something of this kind, and this is certainly the best kind ever made. Ladies, go to the Marble Shop and examine the Clothes Rack and Ironing Board—determine that you will have one of each, and the matter is decided.

"HOW DO THE BUSY CANDIDATES improve each shining hour," especially on Saturday afternoons. Electioneering was lively on Saturday last. It was funny, painfully amusing, to observe the anxiety and earnestness exhibited by those who are backed by numerous friends. It is all right, however, for it shows that these gentlemen feel the weight of responsibility which rests upon their shoulders, or will, if they should all receive nominations.

IN ADDITION to a full stock of choice Family Groceries, Trueblood & Co. have the agency for the sale of Flowers, Shrubs, &c. T. & Co. will buy produce at some price, all the year 'round, and can supply to regular customers, every luxury the market affords. West side, third door south of the Bank.

W. S. A.—Members of the Woman's Suffrage Association of this city, are requested to meet at Dunn's Hall, on Friday night next, to appoint Delegates to attend the Annual Meeting of the State Association, at Indianapolis, on the 8th and 9th of June. A general invitation is extended to the public.

Congressional Convention.

GOSPORT, May 24th, 1870.
The Republicans of the Sixth Congressional District, will meet in Convention at Terre Haute, on the 15th day of June, 1870, for the purpose of nominating a candidate for Congress, and the transaction of such other business as may properly be brought before the Convention. The representation from the different counties in the District will be the same as at the State Convention.

This announcement is made in accordance with the action of the delegates from the District, at a meeting held while in attendance at the State Convention at Indianapolis. H. WOODSMALL, Chairman Rep. Ex. Com.

THE DEMOCRATS HAVE APPOINTED Delegates to their Congressional Convention, which is to meet at Terre Haute, on the 30th of June. The Delegates from Perry township are: W. W. LALL, RICHARD A. FULK, J. K. ANDERSON, MATTHEW McPHETRIDGE, J. SHIELDS.

ALLEN has a group of one hundred and fifty faces, on a photograph which he is now printing. Nearly all of the faces are familiar—citizens of our own town. A quarter pays for twelve dozen photographs—150 on a card.

Allen & Osborn offer for sale their business rooms, one door east of Dunn & Co's, at a bargain. W. J. Allen has a fine farm for sale, part of it almost in town. See advertisement in another column.

SOMETHING NEW.—Mr. George Bollenbacher has just received the latest style of Gentlemen's Box-toed Seal Skin and French Calf Gaiters. This shoe is all the style in the cities. At Bollenbacher's is the only place they can be found in the city. He has also a splendid stock of Ladies' French Kid Button Boots and fine Gaiters. French Heeled Slippers. He also has on hand a fine stock of Ladies' Croquet Slippers, French Heeled Slippers, and in fact a full stock of all the latest styles of goods in his line, which he is disposing of at the very lowest cash prices. When you want to purchase, give him a call, his store is on College Avenue, two doors south of Howe's corner.

—The wife of A. J. Mitchell, aged 23 years, died of consumption, on Friday last.

—Strawberries, in the New Albany market, are selling at 10 and 12 cents per quart.

—The "Early Rose" question has been overshadowed by speculations upon the probable chances of new candidates for nomination to County Offices.

—A. B. Carlton, well known to the old citizens of Monroe county as editor of the Bloomington News Letter, many years ago, has removed from Bedford to New Albany.

—The Commissioners of Monroe County will meet in regular session, on Monday next. The Railroad Election petition, which was presented at the last regular session, is to be considered, among other important items of business.

—By reference to Ordinance No. 31, published in to-day's paper, it will be seen that College Avenue is to be graded north, four squares from 6th street, or to 10th street. At the present rate of progress, all of our principal streets will be re-Adamized within the next five years.

—At three o'clock on Friday morning, an alarm of fire was sounded, and slowly responded to, as the fire was about a mile south of the Court House. Our city covers so much ground that running to fires has become somewhat laborious.

—And now comes the rumor—an authentic one we are sorry to say—that another married man has deserted his family, within the past week, to accompany an unmarried woman upon her adventurous travels. How many does this foot up, in the past eight years.

—It will be extremely difficult to resist the inclination to vote for two or three of the candidates for each of the important county offices, at the Primary. The gentlemen announced are so generally unobjectionable, that it will be no easy task to discriminate between them.

—The Delegates to the Democratic Congressional Convention, contrary to the usual custom, were appointed by the Central Committee. The reason given is, that the members of the Committee know best who is sound on the Democratic "goose," and that their appointees would be unobjectionable. Consent.

—At Martinsville, last week, a former Democratic candidate for Attorney General, hailing from Greencastle, and a candidate for nomination to Judgeship of the Circuit Court, a resident of Morgan county, had a little unpleasantness, which culminated in a lively fight. Judge Eekels will bring them to "law" at a special term of Court in July.

"DECORATION DAY," Monday, was observed by the beautiful and impressive ceremony of strewing flowers upon the grassy mounds that mark the last resting places of our noble soldiery. At 1 o'clock P.M., Prof. Richard Owen delivered an address to a very large and attentive audience, in the M. E. Church. The address, as all had reason to expect, coming from such a source, left nothing to be desired—it was pure, simple and touching—appealing to the warmest sympathies of our common humanity. After the services at the church were concluded, a procession of soldiers and citizens, headed by the Bloomington Band, took up their line of march to the cemeteries, which were severally visited, and the graves properly decorated. It is to be hoped that the names of those who fought for the "dear old flag" will ever be fresh in the memories of their comrades, and that these observances may be renewed from year to year, while a survivor of the war remains to do honor to the memory of his departed comrades.

PERSONAL.—A. H. Dunihue and James C. Carlton, members of the Board of Trustees of the Town of Bedford, visited our city on Monday last, to examine the McAdamsizing and other improvements. Bedford is awakening from the lethargy under which it had become one of the "deadest" towns of Indiana, and public improvements are now the order of the day, in that naturally pleasant and healthful place.

Mr. Dunihue, who is Chairman of the Central Committee, as well as President of the Board of Trustees, represents the prospects of the Republicans of Old Lawrence as very flattering, and a large Union majority assured in October. Mr. J. C. Carlton will be recognized as publisher of the Bloomington News Letter, a Democratic paper, published in 1855. Mr. C., as the files of his paper show, was one of the tastiest and most pains-taking printers that ever opened an office in Monroe county, but unsuccess hard work and insufficient remuneration disgusted him with the business. He is now in the Drug trade, at Bedford, and his reputation as a Druggist stands as deservedly high as his character as a disciple of Faust.

LET ALL THE PEOPLE REJOICE for Campbell's Arctic Soda Fountain is an immense success. The Ladies patronize it because the Soda Water is cold, sparkling and healthful; candidates for nomination patronize it, because it makes votes. But Campbell desires that his country friends all visit him also, and on next Saturday afternoon he hopes to wait on at least three hundred of them within the space of one hour.

ONE TERM PRINCIPLE.—Wall Hight is a candidate for Sheriff. Wall went into the Union Army in '61 and remained in the service till '66. He says no man can make a good officer who during his first term, is a candidate for re-election—too much fear of hurting feelings and losing votes, you know. So Wall is a candidate on the single term principle. He says he wants the office but two years.

EXPLANATORY.—We are in receipt of a note from Robert M. Gamble, withdrawing his name as a candidate for Sheriff. On the other hand, we received a peremptory order from James Robinson (the individual who brought in the announcement) to "Don't take it out!" This explains its presence in the announcement column.

—Judging from the quantity of blooms on the bushes, a large crop of blackberries is imminent.

—The "Champion" Reaper and Mower is advertised by Seward & Co. in to-day's paper. Examine the "Champion."

—For no inconsiderable degree of mechanical aid in enlarging the Progress, we are indebted to W. B. SEWARD.

—The Monroe County Sunday School Union will begin its session on Wednesday night. The Union proper will commence Thursday morning, and conclude at 11 o'clock A. M. Friday. A full attendance is expected and desired, as many important and interesting topics will be discussed.

—Captain A. R. Ravenscroft is a candidate for nomination to the office of Sheriff. Capt. R. commanded Company I of the 22nd Ind. Regiment, was a gallant soldier, is a good citizen, and would make an acceptable and competent Sheriff.

ENLARGED.—To-day the Progress makes its appearance, as an eight column paper. We have no apologies to offer.

—Strawberries are retailing at 10 cents per quart, in the Terre Haute market, and the Express says, will sell much lower. They are not easily procured here at 15 cents, and are both small and sour.

—Mr. Thomas Hanlon, a conductor of the Louisville, New Albany and Chicago Railroad, was married on the 14th ult., at New Albany, to Miss Sallie Dougherty, of that city.

Mrs. McCollough HAS RECEIVED HER STOCK OF **Spring and Summer MILLINERY GOODS.**
