PLANTATION BITTERS

S. T.—1860—X.

This wonderful vegetable restorative is  
the sheet-anchor of the feeble and debilitat-  
ed. As a tonic and cordial for the aged  
and languid, it has no equal among stom-  
achics. As a remedy for the nervous weak-  
ness to which women are especially subject,  
it is surpassing every other stimulant.  
In all climates, tropical, temperate or  
frigid, it acts as a specific in every species  
of disorder which undermines the bodily  
strength and breaks down the animal  
spirits. For sale by all druggists. mrbud

Great Medical Discovery.

Dr. Walker's California  
VINEGAR BITTERS.

More than 500,000 persons  
bear testimony of their con-  
fidence in its curative effects.

WHAT ARE THEY?

FANCY DRINK.

Made of Pure Rum, Whisky, Proof Spirits  
and Refuse Liquors, doctored, spiced,  
and sweetened to please the taste, called  
"Tonics," "Appetizers," "Restorers," &c.,  
that lead the tippler on to drunkenness and  
ruin, but are a true medicine, made from  
the native Roots and Herbs of California,  
free from all Alcoholic Stimulants. They  
are the Great Blood Purifier and Life Giv-  
ing Principle, a perfect Restorative and In-  
vigorator of the System, restoring off all  
poisonous matter, and restoring the blood  
to a healthy condition. No person can  
take these Bitters according to directions,  
and remain long unwell.

\$100 will be given for any incurable case,  
provided the bottles are not destroyed by  
mineral poisons or other means, and the  
vital organs wasted beyond the point of  
repair.

For Female complaints, whether in  
youth or old, married or single, at the  
dawn of womanhood or the turn of life,  
these Tonic Bitters have no equal. Send  
for a circular.

They are a gentle Purgative as well as a  
Tonic, possessing also the peculiar merit of  
acting as a powerful agent in relieving  
Congestions, or Inflammation of the Liver,  
and all the Visceral Organs.

For Inflammatory and Chronic Rheuma-  
tism, and Gout, Dyspepsia, or Indigestion,  
Bilious, Remittent, and Intermittent Fe-  
vers, Diseases of the Blood, Liver, Kid-  
neys, and Bladder; these Bitters have been most  
successful. Such diseases are caused by  
Vitiated Blood, which is generally pro-  
duced by derangement of the Digestive  
Organs.

Cleanse the Vitiated Blood whenever you  
find its impurities bursting through the  
skin in Pimples, Eruptions, or Skin  
Diseases; or when you find it obstructed and  
sluggish in the veins; cleanse it when it is  
foul, and your feelings will tell you when.  
Keep the blood pure and the health of the  
system will follow.

Pin, Taps, and other worms, lurking in  
the system of so many thousands are  
effectually destroyed and removed.  
In Bilious, Remittent, and Intermittent  
Fever, these Bitters have no equal. For  
full directions, send carefully the circular  
around each bottle, printed in four lan-  
guages—English, German, French and  
Spanish. J. WALKER, Proprietor,

DR. JOHN BULL'S  
Great Remedies.

DR. JOHN BULL,  
Manufacturer and Vendor of the Celebrated  
SMITH'S TONIC SYRUP!

FOR THE CURE OF  
AGUE AND FEVER

OR  
CHILLS AND FEVER.

THE proprietor of this celebrated medicine  
justly claims for it a superiority over all  
other remedies for the cure of the safe certain  
and permanent cure of Ague and  
Fever, or Chills and Fever, whether of short  
or long standing. He refers to the entire  
Western and Southwestern country to bear  
him testimony to the truth of the assertion  
that in no case whatever will it fail to cure.  
If the directions are strictly followed, and  
carried out. In a great many cases a single  
dose has been sufficient for a cure, and whole  
families have been cured by a single bottle  
with a perfect restoration of the general  
health. It is, however, prudent, and in every  
case more certain to cure, if its use is con-  
tinued in smaller doses for a week or two  
after the disease has been checked, more  
especially in difficult and long standing cases.  
Usually this medicine will not require any  
aid to keep the bowels in good order; should  
the patient, however, require a cathartic  
medicine after having taken three or four  
doses of the Tonic, a single dose of Bull's  
Vesicative Pills will be sufficient for the  
purpose.

BULL'S WORM DESTROYER.

To my United States and World-wide Read-  
ers.  
I have received many testimonials from  
professional medical men, as well as private  
and various publications have shown, all of  
which are genuine. The following from a  
highly educated and popular physician of  
Georgia, is certainly one of the most sensible  
communications I have ever received. Dr.  
Clymen, knows exactly what he speaks of,  
and his testimony deserves to be written in  
letters of gold. Hear what the Doctor says  
of Bull's Worm Destroyer:  
Valleau, W. Va. Co. Ga.)  
June 20th, 1868. I have recently  
given your 'Worm Destroyer' several trials,  
and find it wonderfully efficacious. It has  
not failed in a single instance to have the  
worms expelled from the system. I have  
country practice and have daily use for some  
article of the kind. I am free to confess that  
I know of no remedy recommended by the  
ablest authors that is so certain and speedy  
in its effects. I am, therefore, a decided  
advocate of the medicine. My object in writing  
you is to find out upon what terms I can get  
the medicine from you. If I can get it upon  
easy terms, I shall use a great deal of it. I  
am as sure as death that your article is con-  
trary to the teachings and practice of a great  
majority of the regular line of M. D.'s, but

am as sure as death that your article is con-  
trary to the teachings and practice of a great  
majority of the regular line of M. D.'s, but  
I see no just cause or good reason in discarding  
a remedy which we know to be efficient, sim-  
ple, and safe. I am, therefore, a decided  
advocate of the medicine. My object in writing  
you is to find out upon what terms I can get  
the medicine from you. If I can get it upon  
easy terms, I shall use a great deal of it. I
