THE DATE.—Subscribers will find figures at the end of their names which indicate the day of the month and year in which their subscription expires. For example, John Jones, July 10 '70, means that Jones owes from the 10th of last July.

GEORGE BOLLENBACHER.—Persons who have been squeezing No. 4 feet into No. 2 shoes during the Commencement season, can now secure something comfortable and neat at Bollenbacher's Great Cincinnati Shoe Store. He has some of those broad soled, low heeled Gaiters that are just the thing for the ladies' use. Gentlemen can also secure a fine sewed Boot for a fair price at this store.

OUR NEW SPRING STOCK is now beginning to arrive and from this time on we can show you new, fresh goods almost daily. If you want good serviceable Boots and shoes, cheaper than any other quality, can be bought elsewhere, call at the "City Shoe Store." CHASE & CO.

SCHOPF & KAUFFMAN.—These gentlemen have one of the finest stores in the town, and several nicely furnished Ice Cream Parlors. The Ice Cream Parlor for Ladies and Gentlemen is very convenient. When you want good Bread or Cakes, remember that the place to buy them is at Schopf & Kauffman's Confectionery and Bakery, south College Avenue, in the Orchard Block.

SOFT, EASY-FITTING SHOES, made for us, and just the thing for old ladies who desire a comfortable shoe. CHASE & CO.

JOHN P. SMITH.—Lazarus & Morris' Perfected Spectacles are the best. They never tire the eyes; last many years without change, are warranted not to break, and are sold by John P. Smith, sole agent for these famous Spectacles in Monroe county. All who have bought Spectacles of John P. Smith are well satisfied, and invariably recommend them to such of their friends as need glasses.

TAYLOR & CO.—Don't forget that the New Corner Grocery building (Taylor & Harryman's) contains a fresh stock of goods selected for the summer trade. If you want cheap, yet good sugar, to sweeten berries for canning, go to Taylor's for it. Bacon, Flour, Tea—everything you need, in the Grocery line, cheap.

EVERYTHING SOLD BY US is warranted exactly as represented or the money will be cheerfully refunded. If you have never bought of us, call once. CHASE & CO.

DUNN & CO.—In buying large quantities of Sugar with which to sweeten your fruit, a cent or two on the pound, is no inconsiderable item. Now, to get the advantage of this reduction, you must know where they sell so cheap, and we will tell you out of pure philanthropy. Dunn & Co. buy sugar and coffee by the carload, and get a margin that other dealers cannot receive; they give the margin to their customers, and by this means secure an immense trade. It pays the customers and it pays Dunn & Co. Call and learn prices when you buy in quantity.

LADIES' LASTING GAITERS much cheaper than last season. Don't buy a pair till you see our stock and hear our prices. CHASE & CO.

REMOVED.—Henry L. Hewson has removed his Boot Shop to the room one door south of the Bank, and will continue to make a specialty of Custom Boot Making. He will also, in his new location, keep a stock of Ready-made Boots of his own manufacture. His old customers are invited to visit him in his new room. April 12.

TULEY & WICKS.

The immense reduction prices on all kinds of Dress Goods, at the New York Store, has caused a great rush, but Tuley & Wicks are equal to the emergency. They keep a large stock of Goods, and no ordinary "run" can materially reduce their supply in one short week. Go now to the New York Store if you want bargains, for they will sell low to make room for the Fall Goods. Five per cent. off for cash, remember.

PIANO FOR SALE OR RENT.—Inquire of Joseph M. Howe.

LADIES WHO WANT AN EXTRA large lasting Gaiter, made on a last invented and patented by the celebrated Dr. Sensible, can find just the thing, cheaper than elsewhere, at CHASE & CO'S.

House for rent. Enquire of V. T. Farmer.

OUR STOCK OF MEN'S FINE Shoes, both sewed and pegged, is very large and our prices will be found as low as good goods can be afforded. You will find durability and neatness combined in all of our styles. CHASE & CO.

HOLTZMAN & SON.

The quantity of Wool brought to town now, is an untiring source of wonder to some persons. Many times you will observe wagons on every street, containing huge bales of wool, enclosed in sheets or quilts, and there are always a half-dozen or more persons endeavoring to buy these woolen loads, but none succeed so well as Holtzman & Sons, proprietors of the Woolen Factory, at the east end of Fourth Street. They pay high prices for Wool, and do the best work that is done in the county.

HAVING BOUGHT OUR Rubbers at the bottom prices, we are prepared to sell them lower than any other parties. Call and see. CHASE & CO.

WE OFFER EXCELLENT INDUCEMENTS this Spring to all who desire to buy Boots and Shoes for cash. CHASE & CO.

M. L. MCCOLLUGH.—Don't purchase your Wall Paper, Borders or Window Shades and fixtures, until you have examined and priced those at M. L. McCollough's Drug Store. McCollough trims all Paper purchased at his store, free of charge, and sells it at reasonable prices. This establishment is well known as the oldest and most reliable Drug House in Bloomington, and persons having prescriptions to fill should call. The choicest Cigars and the most popular Peccumery can always be had at McCollough's.

EVIDENCE FROM FAIRFAX.

Shoemaker & Co.—Gents.—Perhaps you have noticed that it is now a bad time to be blue by lying on a hard place, your head, nor the trouble and expense a man will resort to that he may hide that ugly sick looking white ball? I was very bad for several years, used to curl my hair up from behind and from the side, and plaster it down, as you will see persons on the streets of Bloomington wearing things that do not look like hair, but like a ball of twine. I have used your "Nature's Hair Restorative" and it has made my hair grow and thick and it is now looking like the hair of a young person. There is no discount on King's Ambrosia. Send me five more bottles. M. C. CLARK.

OUR FIRST purchase of those splendid fine custom-made Gaiters, has been entirely exhausted, but a new lot has just been received and are selling fast, because so cheap. CHASE & CO'S.

NEAR MORGANTOWN, IND., June 1st.
CAPT. J. W. SHOEMAKER.—Dear Sir: I have seen published in the Bloomington Progress, several letters from John J. Schuler, pulling up "Nature's Hair Restorative," and I have been disgusted to think any one would have a word to say in favor of that villainous compound. If the hair-sick public really desire an article that will cause the hair to grow and give nutriment to the roots of the hair and cause it to become healthy and glossy, let them use an article that I have used five years with satisfaction. "KING'S AMBROSIA." It has stood the test of years, and will stand the test of many more years. I wish my fellow sufferers to try the "Ambrosia," and if it does not give satisfaction I will agree to vote the Democratic ticket in '72.
H. C. BLOESS.

CUSTOM-MADE, DOUBLE-SOLED Shoes, for farmers, cheaper than ever before. Don't buy till you see these goods, as we are selling them as low as most merchants can buy them. Remember every pair of Flow Shoes is warranted at CHASE & CO'S.

Indiana State University.

The Commencement season of the Indiana State University, which closed on Thursday last, is universally conceded to have been the most interesting ever known in this State. Many distinguished persons from other States, who are in the habit of attending commencement at the Eastern Universities, say that they never witnessed a better one anywhere. The strongest and most favorable impression has been produced upon the minds of the whole community, and especially upon the multitude of visitors from different parts of Indiana and other States.

The Annual Oration before the Literary Societies was delivered by Hon. J. H. Russell, of Indianapolis, on Monday night, 23d ult. The address was chaste, beautiful in composition, well delivered and highly appreciated by the large audience present.

The address before the Alumni Association, on Tuesday night, by Hon. James S. Rollins, of Columbia, Mo., was one of the grandest and most eloquent we have ever listened to. It will be published by the Alumni.

The Alumni Banquet, on Wednesday night, was held in the College Chapel. More than five hundred participated, not only in "the feast of reason and flow of soul," but in the abundant and choice provisions furnished for the gratification of the appetite of the physical man. The Ladies of the M. E. Church deserve great credit for their skill and success in providing this entertainment. Hon. James S. Rollins responded to the sentiment, "Indiana and Missouri; may they continue to prosper, and Hon. J. S. Rollins, an honored Alumnus of the University of the former, and the founder of the University of the latter." His remarks were eloquent and deeply interesting. Gov. O. P. Morton, who was present, very much to the delight of all, responded in his admirable style, to the powerful and eloquent, to the sentiment offered by Hon. Samuel H. Buskirk, one of the Judges of the Supreme Court, "Indiana—may she continue to prosper as in the past, so much more in the future." He complimented the Faculty and University in the highest terms, and congratulated the State upon the unprecedented success of her University.

Thursday, the Commencement Day proper, was a grand day for the State University. In the morning, at an early hour, crowds were moving toward the Chapel, and long before the time when the exercises were to commence, the Chapel was literally packed; all standing room, even, being occupied, and about the doors, and hundreds went away, not being able to get near. The exercises were opened with prayer by Rev. John Walls, of Mitchell. The Salutatory, the second honor, was delivered in Latin, by W. R. Houghton, of Logansport; Miss Lon. Wylie, daughter of Dr. T. A. Wylie, Professor in the University, delivered the Scientific Oration. This is the scientific honor of the class. Before the close of the morning performance, Senator O. P. Morton, who was sitting upon the platform, was inroduced by Dr. Nutt. Senator Morton then addressed the Senior Class, for twenty minutes, in the happiest and most appropriate manner. The whole audience were greatly delighted with the presence and remarks of the Senator, manifesting their approbation by frequent and hearty applause.

At 2 P.M. an audience, equally large, if not still more crowded than that of the morning, returned to hear the remainder of the speeches, and witness the conferring of degrees. The Valedictory was delivered by T. H. Mallow, who took the first honor of his class. The Master's Oration was delivered by Jesse R. Bicknell, A.M., of New Albany. He was of the class of '68. It was neat, chaste, sensible, and well delivered. The degree of A.B. was conferred upon ten young men, and that of B.S. upon seven young ladies, and five young men.

The honorary degree of D.D. was conferred upon Rev. Henry Chauncey Riley, of the City of Mexico; Rev. Benj. Franklin, of Indianapolis, and Rev. John J. Hight, of New Albany. The degree of LL.D. was conferred upon Hon. John Pettit, Lafayette, Hon. Alexander C. Downey, Rising Sun; Hon. James L. Worden, Ft. Wayne; Hon. S. H. Buskirk, Bloomington, and Hon. Sam'l C. Willson, Crawfordsville.

Long will the Commencement of 1871 be remembered. We rejoice to learn that the Trustees have made arrangements for means to continue all the Departments of the University at its present status, notwithstanding the failure of the Legislature to make appropriations last winter. All the departments will be carried on as heretofore.

Maj. A. A. Cole, son of Prof. E. P. Cole, has recently been honorably mustered out of the United States service in consequence of the reduction of the army, and is now visiting his father, at Greencastle. Maj. Cole entered the army as a private, in June, 1861, at the age of 17 years and three months. After seven months service with Gen. Kimball, in West Virginia, he was promoted to a second Lieutenant in the Regular Army, and during the remainder of the war, served mostly with the Army of the Potomac. In the battle of Fredericksburg he was the only officer with his company. After the war he was stationed in Florida two years; thence he went to Fort Fred Steele, where he remained one year, after which he went to Fort Buford, at the mouth of the Yellowstone, in Dakota. He remained there until mustered out, after having passed through all the grades to the rank of Major. He expects to return to Florida in the Fall.

Chips and Splinters.

The 42d Commencement of Indiana State University was the most successful of any in many years. Distinguished visitors were present from almost every portion of the State and a number from adjoining States. The coming, unannounced, of Senator O. P. Morton was a surprise to citizens and strangers alike, but not the less appreciated on that account. Senator Morton made a speech at the Alumni Supper, in response to a toast, and on Thursday morning, during Commencement exercises, addressed the Senior Class. Two of our celebrated Court House Yard marble players made a tour south, as far as Harrodsburg, last week, in search of a "chub" that would play for the championship, or for "keeps," but having heard of the prowess of these amateurs the Harrodsburgers could not be induced to stake a "stripsey" on the result of a game. It seems (from common rumor) that within the past two weeks Bloomington has had two grass widows added to the large number it already contains. More men, desert their wives in Bloomington, than in any other town of its size in the State. Seems to be epidemic here.

And now we hear a story of a naughty Democratic official, (married of course) of a neighboring county, who, while in Bloomington "on business," put in a whole Sunday at the house of a well known gentleman of military antecedents, waiting for the family to leave, that he might speak something, possibly, to the domestic. The head of the house smelled a mice, and staid at home all day, which finally compelled the enterprising politician to hire a carriage for a ride. All of which will be testified to by the proprietor of the house where the county official above referred to staid so long. Business does take men on strange errands sometimes.

An old man named Blake, a Tennessee refugee, for sometime past living on Aquilla Rogers' farm, was arrested last Saturday a week, near Solsberry, after a lively chase, brought to town, and upon a charge of incest, placed in jail, the prisoner waiving examination. The old fellow is near sixty years of age, and if all that he is charged with is true, is corrupt enough to have been born before the flood. A notice in the Princeton Clarion, states that D. Eckley Hunter will take charge of the Graded School of that town.

It is estimated that to build the Indiana Northern Railroad through Monroe county, it will require 40,800 cross-ties, worth 40 cents each. These ties, will of course be furnished by persons along the line, and will cost the Company \$18,720. Then wagons and teams

will be hired here, oats, corn and straw bought, as well as other farm products, and the demand will of course advance the price on every article. The amount of money that will leave in the county is almost one-third of the entire amount you are called upon to vote.

The Alumni Supper was a grand success. The tables were loaded with everything good in the way of eatables that could be secured, and a quantity sufficient to feed a hundred persons remained after the Chapel was closed. The Supper will net the Methodist Church, the denomination by which the supper was given up, \$208. A very handsome sum. The amount of money the people are called upon to vote the Railroad, is less than one-fifth the amount the company will be compelled to expend in its construction. Money expended on Railroads invariably comes back. That clumsy-looking mass of iron and steel which was lying on the track near the round house a few days ago, was the wreck of an engine that passed through a bridge near Lafayette, last week. Blake, the incest man, finally concluded to undergo an examination before Squire Cox, who fixed his bail at \$200. Blake's son was the bail, and now the accused will "light out," as the evidence against him is positive. The Town Trustees will put a new pump in the well at Jos. M. Howe's corner. A stone trough is also to be placed at the pump, for the accommodation of persons who may desire to water their horses. It is now proposed to vote on the 7th of August, one per cent. to each of the projected Railroads, viz: the Indiana Northern, and the Cincinnati and Terre Haute Railroad Companies. H. Eller's sale of fine stock will take place at his farm, to-morrow. Thos. Fullerton was the first man to bring new wheat to the Bloomington Mills, and that too, on the 24th of June. The wheat was dry and good. Mr. Rice says that in his twenty years' experience as a miller, he has never before known new wheat to be ready for use so soon.

Now that the College season has closed, the summer dog fights have commenced. Nothing will so surely arouse west College Avenue into business activity now, as a combat between the canines of that neighborhood. John Smith's dog, "Sooner," got licked last week, and isn't on as much as he was. The County Commissioners were called together on Monday last, to withdraw the order for an election on the Indiana Northern Railroad proposition, that a vote might be taken in the entire county on a proposition to aid two Railroads. The Commissioners refused to take any action in the matter, as they doubt their legal right to withdraw the present election order without a petition from the persons to whom the order was granted. Two much 4th of July among our type setters caused a day's delay in the publication of the paper. This is not apologetic—only explanatory—for we detest apologies for that which all have a right to do. The bridge over El River, five miles from Cloverdale, was burned on Monday night—the work, it is believed, of an incendiary. The bridge was 160 feet long, and the time necessarily consumed in transferring passengers, baggage and express goods materially detained the passenger trains and has cut off the freight.

The picnic at the Fair Grounds on the 4th, was largely attended and much enjoyed by the participants. Col. John McCrea has resigned the position he has so ably filled for several years as Steward and Moral Instructor of the Soldiers' and Orphans' Home, near Knightstown, and is at present in Bloomington, among old friends. It will be difficult to fill his place, at the Home. Davis, the Merchant Tailor, will remove to the south side of the public square, early in September. He will occupy the second room from the Johnston corner. The corner, we learn, is to be remodeled, and occupied by a bank.

CIRCUS COMING.—The Euro, en Circus, as will be seen by advertisement, is posted to exhibit in Bloomington on the 18th inst. Immense crowds have attended these performances wherever the show has appeared.
