SOME OF THE BARGAINS WE ARE NOW OFFERING to the People.

C. P. Tourner & Co., Proprietors.

For all the newest styles in lamps, both hanging lamps and hand lamps, the people are directed to the popular grocery house of Hemp Wilson, under the "Progress office." He has also just received some very handsome and desirable sets of ironstone chinaware, just as handsome as any chinaware ever made. Housekeepers who are stocking up their ware should not buy till they give Wilson's lamps and wares an examination, for his expenses are light and his sales only small profits. Remember his location, and call.

BUILDERS, farmers and mechanics, will find it greatly to their interest and profit to call at our hardware store before making purchases. We can give them some inside figures on these specialities.

GOING IT ALONE, on the south-
east corner of the square, is the
public's kind friend, John K. An-
derson, Grocer. Anderson is giving
his entire personal attention to
the grocery and provision busi-
ness, and will always be happy to
meet his former friends and pat-
rons. Good goods sold at bottom
prices, and all goods delivered at
the residence of the purchaser.
Don't neglect to call on Anderson,
the People's Grocer.

AMONG the many new articles
comprised in his stock, Tobe Smith
has brought on an immense sup-
ply of majolica ware, ironstone chin-
ware (all sold at half-price) and a car-
load of glassware. No use is
drinking out of a gourd any longer,
when you can buy cups, tumblers
and pitchers for nothing, and have
something thrown in. Tobe Smith
has the biggest variety stock in the
State. Tobe Smith is selling the
King Combination Spectacles at
50¢ per pair. He is also sole agent
for the celebrated Rockford Watch,
and can furnish them in any style
of case. Don't buy till you call.

STEADILY engaged in buying and
selling, Charley Mobley keeps
on in the even tenor of his way.
He is never at a loss for popular
novelties, because his experience
has taught him what the people of
this locality need and demand.
There is a constant interest attach-
ing to this store, which seems to be
unrivaled in no other. He
has always made a specialty of the
fancy articles that enter so largely
into the requirements of ladies'
dress, and keeps everything.

For heating and cooking stoves,
go to McPheeters & Shoemaker's
hardware store, east of post office.

ANYTHING you may want in
hardware or building material, can
be found at McPheeters & Shoem-
aker's hardware store.

A FRESH HOTEL is the
Orchard House, situated opposite the
Hotel. It is large, conveniently arranged,
and the rooms are comfortably furnished.
Good beds, a well supplied table—all that
any one might desire, are to be found
here. Well arranged sample rooms are
fitted up in the Orchard House, and
commercial travelers will find the Orchard a
good house at which to stop. Men sup-
plied to agents of responsible figures.
Richard D. Son is the proprietor.

Benkart, the boss oysterist, has
made extraordinarily favorable con-
tracts with Baltimore wholesale
dealers.

OYSTERS. OYSTERS.

FRESH OYSTERS

Received daily by Benkart, the
Boss Restaurant Man.

Benkart's Twist Bread and fine
cakes still maintain their popular-
ity. Try a loaf of "Twist."

I HAVE a saw-mill in operation
on Fox Creek, and am now sawing large
quantities of all kinds of lumber. Per-
sons who may need lumber can get it
in any quantity, and on short notice. I
will do hire teams to haul lumber to
Bloomington. Apply to D. McPherson.

FARMERS should go to W. J.
Allen's hardware store and examine
the South Bend Chilled Plow,
the Weir Steel Plow.

ALLEN is the old original hard-
ware man, and knows all the in-
side turns. He buys nails, iron,
etc., so low that he is always able
to give good figures.

WHEN you want to build or re-
pair, remember that W. J. Allen
is still on the south side of the
square, and can supply you.

HEATING stoves are now in
special demand, and I am able to
give my customers all possible ad-
vantages in their Fell purchases.

W. J. ALLEN.

—Potatoes were never before so

plentiful and cheap. The quality is unsurpassed.

Geo. G. Dunn and Miss Phe-
mia Riley, were married at Bed-
ford, on Thursday last.

The "Soldier of the Union"

combination was out of luck at

Bedford, as well as here, having

very poor houses each night.

Jno. G. Borland, who for sev-
eral years has been doing the

editorial and local work on the

Bed-

ford Star, died one day last week,

in his 52d year.

Emery Voss has recently re-
turned from a visit to his son

Charley, at Kankakee, Ills.

While

there he attended the funeral of

Geo. Legg.

—Dr. McPheeters was attending

court at Rensselaer, last week, as

an expert in surgery, in a railroad

damage suit.

—Bedford Magnd: Dr. Hamp,

Stillson, and Dr. Wes. Newland

went to Bloomington to hear Jos-
eph Cook.

The Louisville, New Albany

& Chicago people are to try the

Hunter spark-arrester on one of

their passenger engines. An en-
gine equipped with this arrester is

said to consume 25 per cent. less

coal than an engine with the ordi-
nary smokestack in making the same

amount of steam.

—The Republicans are now in

pretty good shape for the campaign

of '84. The loss of Ohio will urge

them to redoubled efforts, while

the success in New York will give

them strength in an unexpected

quarter, and in the opinion of the

Progress insures the nomination of

Chester A. Arthur for President.

—The admirably original and

caustically penetrating rays of the

N. Y. Sun are growing more lum-
inous with each succeeding year of

its existence, till now it is known

and read all over the civilized

world. The Sun will be a power in

the approaching Presidential

struggle, though we very much

doubt if its Indiana liver pad man

will get a dozen votes in Conven-
tions. Conventions seldom nominate

"old grannies" like Holman.

—Tracklaying on the Columbus,

Hope & Greensburg railroad,

between Columbus and Hope, com-
menced yesterday, and it is expected

that if the weather will permit, that

cars will be running direct to Cin-
cinnati by the 15th of December.

The right of way for the entire

line has been secured with the ex-
ception of a few farms. This is

the road the Progress has always

hoped would be continued west

through Bloomington.

—Afternoons lunches, or "kettle

drums," to which only ladies are

invited, are very fashionable in

Bloomington this fall, and the gen-
tlemen were having a very lone-
some time, till a new era in enter-
tainments was inaugurated Tuesday

night of last week by Mrs. J. G.

McPheeters, jr.

Invitations were

sent by that lady to some thirty

married gentlemen, who were

promptly present at her residence

by 8 p. m., and after several hours

pleasantly spent in conversation, an

elegant lunch was served, Mr.

McPheeters and wife doing the hon-
ors.

With characteristic cordiality

and skill, Mrs. Mc. has the fac-
ulty of making her guests feel at

ease, and although the occasion

was somewhat novel, everything

passed off as smoothly as if it were

an every day occurrence at her

house.

—Paymasters report that it is

more trouble to them to pay board-
ing house-keepers than the whole

pay roll of employees, and the

Louisville, New Albany & Chicago

people, to relieve their paymasters

of the annoyance, have issued the

following notice to all boarding

house-keepers, signed by the super-
intendents of the several divisions:

"This is to notify all boarding

house-keepers that from and after

Wednesday, Oct. 31, 1883, no

board bills of any kind will be

stopped out of the pay of an em-
ployee of the transportation depart-
ment, and boarding house-keepers

will have to look out for their own

protection. Board bills up to Oct.

31 will be protected as usual.

But after that date they will not be

honored, even if they should be

signed by the employee himself."
