Allen, either on account of notes, are requested to call and settle, and must collect all now due, and you must neither be surprised nor angry to receive a statement through the post office, as I cannot call on every one, and this must be attended to at once.

IS HE CRAZY?—Tobacco Smith is a queer man. Last week he received 65 barrels of glassware, 10 crates of majolica ware, and \$1,000 worth of silverware! He has rented a ware room in the rear of S. K. Rhorer's store (after crowding his own immense room full of fine goods) and is piling that place full. He has almost a wagon load of specialties of various makers, and has determined to sell them, and has designated Wednesday as "Specie Day," upon which he will sell specialties at ten cents a pair! This is Wednesday's day. He says that 10 per cent for the celebrated Combination Specialty that has heretofore been sold at \$2.50 per pair. That is a big saving. On his five and ten cent counter you will find useful articles that usually cost for thirty cents. If you want take you long to find out if all this is true. Go and see him at his Bazar.

THERE is nothing which satisfies a person like good light bread, which lies peacefully on the stomach, so one may sleep soundly and not dream of their great grand-children. Such we have found to be the case with bread made by Geo. Benckart.

Benckart, the boss oysterist, has made extraordinarily favorable contracts with Baltimore wholesale dealers.

OYSTERS. OYSTERS. FRESH OYSTERS Received daily by Benckart, the Boss Restaurant Man.

I DO NOT buy all of my goods in Cincinnati, and so am not compelled to call it "Queen City," or any other city. I buy wherever I can get the best, regardless of cost—in Philadelphia, Baltimore, New York and Rochester, and as a result my stock comprises all the latest eastern styles. My name is MOSE KAHN.

THE early spring trade will soon open at Mosey's "Golden Rule" store, south side of the square, and a clear deck for action then, the present varied stock will be disposed of in a lively manner, and at greatly reduced prices. Every one who has been purchasing goods at this establishment is aware that the stock is extra desirable, and that all who buy now will secure satisfactory bargains.

STAY AWAY from McCalla & Co.'s if you don't want bargains in all seasonable winter goods. It is astonishing how many persons are trading out there in a quiet manner. Not much noise, but sell stacks of goods.

We sell as many boots and shoes as any store in the city that devotes its whole attention to that branch of business. Because we give the best goods that money can buy. McCALLA & CO.

### Full Text of the Judge's Special Finding.

The court in said cause being requested by said parties to make a special finding of the facts adduced in evidence on the trial thereof and its conclusions of law therefrom, and all the evidence in said cause having been heard, the court specially finds therefrom as follows, to-wit:

1. That the bond signed by each of the defendants answering herein, as sureties for their principal, Lawson E. McKinney, who, said McKinney, was qualified as Treasurer of Monroe county, Indiana, on the 9th day of September, 1879.

2. That said bond was so signed by all the defendants on the day it so bears date, to-wit: September 8th, 1879. That it was so signed in the Auditor's office of said county, and in the presence of the Board of Commissioners of said county, then in legal session, except by said defendants, Woolery and Lindley, who I find signed said bond elsewhere and without the presence of said Board.

3. I find that said bond was delivered by said McKinney to said Board of Commissioners and by them accepted and approved on the same day it was so signed as aforesaid.

4. I find that said McKinney's said term of office of Treasurer expired on the 8th day of September, 1881, when he became his own successor and qualified as such.

5. That at the expiration of his first term of office he was chargeable of the various funds of the said county, and funds coming into his hands as such Treasurer, the aggregate sum of \$9,560 69, no part of which he had on hand at the beginning of his said second term, or accounted for during the continuance thereof in the way of extending the same. Although I find he did properly charge himself with said funds in the books and accounts kept in his said office, as well as in his several annual reports and settlements made by him in connection with the Auditor and Board of Commissioners of said county.

6. I find that in the execution of said bond said defendants did not appear before said Board of Commissioners in a body, but signed the same at different times during the course of the evening of the day it purports to be executed as aforesaid; that except John Woolery and Hiram Lindley, who signed the same without the presence of said Board, said defendants appeared before said Board; said defendants appeared before said Board in legal session, and in their presence signed said bond, and in answer to questions put by said Board made answer to their pecuniary responsibility; that during the time said bond was being signed Henry F. Perry was present, whom I find was at same time deputy auditor of said county; also that during part of said time the signatures of said defendants were being made to said bond, Jas. F. Manley, the Auditor of said county, was present, but I find that at no time during the signing of said bond, or afterward, any one of said defendants signified in any way, further than has already been found or might be inferred by signing, and answering the questions aforesaid, that he acknowledged the execution of said bond; that no one of them was asked by said Auditor, or deputy auditor, or other person, nor did any of them declare their acknowledgment of said bond. That there is no evidence tending to show that Auditor Manley, before whom said bond purports to have been acknowledged in person, took the same, but that Henry F. Perry, the deputy auditor aforesaid, acted for and in his stead.

7. I find that the following named defendants, to-wit: said Hunter, Morgan, Gorman, Hill, Holtzman senior, and Junior, Marcus, Leonard and Harold, signed said bond as aforesaid, relying on a promise and agreement made by said McKinney that one Irvin Grimes, Fletcher McConnell, and John Hall, would also sign said bond as joint and several obligors with them, that when said last aforesaid defendants signed said bond as aforesaid, the names of said Grimes, McConnell and Hall, would also sign the names of said obligors thereof in the body thereof without excuse, but that, at some time thereafter, but before the said bond was delivered or accepted, a pen line was drawn through the names of McConnell and Hall aforesaid, and without being executed by either one of the said three, was delivered and accepted by said commissioners.

8. That one of said commissioners had actual knowledge that the name of said Grimes was so in the body of said bond as an obligor, and knowledge that he did not execute the same, at the time of its acceptance and approval by said board.

9. I find that said defendants signing said bond with said agreement that said Grimes, McConnell and Hall would also sign it, had no knowledge that they had not signed said bond until the defendant on said bond in this action complained of.

10. I find that all said other defendants signed said bond as aforesaid without agreement of any kind with said McKinney, and without knowledge that the names of said Grimes and McConnell and Hall were in the body of said bond, or that they were to sign it or that said McKinney so represented or that said names were crossed out or that said bond was signed said bond until default herein of said McKinney as aforesaid.

As conclusions of law from the foregoing finding of facts:

1st. I find that said bond was not at the time of its execution delivered and accepted by said commissioners, acknowledged by an authorized officer to take the acknowledgment of deeds, by said defendants as one of the conditions of the agreement of said McKinney to said defendants, and with said defendants on the faith of which he procured their signatures to said bond, and that its delivery without said names of Grimes, McConnell and Hall thereto, and this with actual and constructive knowledge on the part of the said commissioners as it is shown by the foregoing special finding of facts herein, that the same in law operates as a release of said defendants thus induced, and that the same is therefore a release of all said defendants.

2d. Therefore as a final conclusion of law hereon, I find that plaintiff cannot recover in this action, and so find for the defendants.

K. D. PEARSON.

NOTES.

The finding of the court disposes of \$9,560 69 of the defalcation, leaving less than five thousand dollars to be accounted for by the men on the second bond.

A change of venue from the county was asked for by the men on the second bond, and the Judge sent the case to Owen county.

Judge Claypool, with all his legal acumen, was not watch for the Monroe County Bar. They got away with him easily and gracefully.

The first bondsmen feel as tho' they'd drawn the capital prize in a lottery.

It is rumored that Owen county has a Treasurer whose cash does not balance by \$15,000. Seems to be epidemic.

The trial of the second set of bondsmen will come up at Spencer, in March next.

THE "Queen City" clothing store has just enough Overcoats left to go around, and would ask their friends to come now and make their selection.
