We understand there were about one hundred and fifty children, grand children and great grand children of the Figg family at the reunion held on the 15th inst., at what is known as the old Figg farm in the Southeast part of Bean Blossom tp. It is a lovely sugar grove where the gathering was held and a good time is reported. The Ellettsville brass band furnished music for the occasion.

It is popularly supposed that Kansas has more storms than any other state and that Nebraska and other Western States are not much behind in this respect. The facts, however, as is often the case, show that popular opinion is wrong and that the Southern States are really the most subject to storms. The Signal Service Office report shows that in the year 1884 there were 38 storms in Georgia; 22 in South Carolina; 18 in Alabama; 12 in North Carolina; 12 in Louisiana and the same number in Kansas. Nebraska had only three, Indiana four, several States but two and Indian Territory the lowest, but one.

One would naturally think that in the National Exposition line, New Orleans had had about all the experience the present generation would desire. It appears that such is not the case. To-day we received voluminous circulars of what might be termed a second edition of the Exposition just closed. It is called "North, Central and South American Exposition." It will open November 10th, 1888, and continue open until April 1st, 1889. Last the Crescent City be over-crowded, we speak for a suite of rooms now.

Little Johnny Fizzletop has the habit of waking up every night in the middle of the night, and demanding something to eat. At last his mother said to him:

"Look here Johnny, I never want to eat anything in the night."

"Well, I don't think I'd care much to eat anything either in the night, if I kept all my teeth in a bag of water."

I HAVE 3 full blooded Merino Bucks I will sell very cheap, as I cannot use them any longer. A thoroughbred Durham Bull, good pedigree, is a fine breeder, will exchange for another or will sell. Also a bull and heifer calves, and a few Milch Cows which I will sell at low prices. Residence one half mile west of town.
ISAAC P. HOPPEWELL.

BITTER-SWEET.

In the quiet dusk of even,
With a sad and aching heart,
Gazing at the star-lit heaven,
While the tears unbidden start—
I am sitting silent, idle,
Thinking of my dear girl-friend,
For to-morrow is her bridal,
And our loving trust must end.
O that I could look beyond her,
Through the mist of future years!
That if trouble gathers round her,
I could warn ere it appears;
O that I could guard and guide her,
With a firm, unerring hand!
That whatever might befall her,
I could wait her safe to land.

She has shared my joys and sorrows,
In the days now past and gone,
But in all the dim to-morrows
I must wander on alone.
For her heart is now another—
He has taken all her love;
I must wait for it and—mother's
In the endless peace above.

O! my heart is surely breaking,
'Neath its load of hopeless pain;
Can I bear the bitter waking,
To a life where "death is gain"?
Yet one thought will make me stronger
When my soul grows sick and sore—
Only wait a little longer
And we'll part—ah, nevermore.
BIRDSALL MUMFORDSEN.

—Get ready for a good fall business. It is sure to come.

—The Trinity Springs visitors, or most of them, have returned.

—Nearly all the details are ready for the reception of students in the new college buildings.

—People are still going west from Monroe county. Kansas and Nebraska are the objective points of many.

—That new brand of flour manufactured by Geo. P. Ketcham, at his Clear Creek Mill, is very superior. It is equal to any "roller process" made, and is the product of select wheat, manipulated by the new machinery recently introduced by Mr. Ketcham.

—If the night of August 27th should prove to be dark or rainy the Sells Bros. will find no difficulty in placing their crowd in one of the side show tents. It is a piece of bad judgment to pitch a tent a mile from the center of a country town. In a city it would make but little difference. But this is not a city—of the first class. Our population is less than 20,000!

—Our severe winters have killed about one-half of the entire number of fruit trees in this locality. Dead limbs and dead trees are seen in every orchard, and in the gardens of almost all residence grounds.

—See the program of the County S. S. Convention at Clear Creek. There should be a large attendance from that neighborhood. There will be present, from all over the county, several Sunday School workers whose names are not advertised.

—The crop prospects and the general business outlook throughout the South are reported to be most favorable. Politics are not cutting much of a figure south of Mason and Dixon's line at present, except perhaps in Virginia, and the people are following Col. Ingersoll's advice in regard to raising more cotton and less sheep.

—The L. N. A. & C. will soon change the running of its trains. The local passenger between Crawfordsville and Mitchell, which has not been a financial success, will be discontinued and the through trains will take care of all the business. This will not necessitate the lengthening of the time, as the fast trains between Chicago and Louisville now make the run easily and are often ahead of time.

—Cholera is playing havoc among the swine of Richland tp., Madison county. A farmer near Conner lost two hundred fine porkers by the disease, which is reported as spreading rapidly.

—The festival at Simpson's Chapel was a grand success. The receipts were some \$25, which will be applied to the repair fund.

—The finest scenery, good light, and pictures made as cheap as elsewhere, at Barnes' leading gallery.

—Frank Owens and Lullie Resth both of Bedford, were married on the evening of the 17th.

—Jas. Dodd and Miss Lillie Guy, both of Clear Creek, were married on Sunday last by Eld. Treat.

PEOPLE FROM THE COUNTRY who come to town on showday need not bother about bringing their dinner. They can get one of the best dinners they ever had, at the rink south of the Bank, for 25cts, and thus add a nite to a good cause. Meals will be served from 10:30 to 1:30 o'clock. Take your dinner at the Rink.

—Wheat dropped to 80c. during the past week, owing to the fact that a large quantity was offered.

—The regular services of College Avenue M. E. church, will be held as usual next Sunday. Preaching at 10:30 a. m., and at 7:30 p. m.

—The college desks are being moved from the High School room and put in place in the new prep. quarters, the rooms east and west of the chapel, in old college building.

—A lecture will be delivered in the court house, Saturday night, by Prof. Cuthbert, upon anti-railroad monopoly, etc., etc. The lecture is said to be highly entertaining and instructive. Admission 25 cents. This great lecture will be delivered in Ellettsville on Monday night.

—In order that ladies who come to the "Corner" clothing store with their children may be comfortably accommodated, the proprietors have carpeted the west end of the room, and furnished it with rocking chairs, tables, etc., so that it is a positive pleasure to go there to buy clothing for the children. These little details are carefully looked after by Mr. Simmons, the Manager, who is a thorough gentleman as well as a safe business man.

—Horse owners in the southern portion of Monroe county are quite nervous over the reported case of glanders in a horse that James Hazel traded for, just before the Robbing show arrived in this county. The man with whom Hazel made the trade had several horses with him and said he was on his way to join the show. He also traded horses with Jas. Koontz of Indian Creek tp., and Koontz traded the horse to some one else. The horse traded to Hazel had what he supposed to be a mild case of distemper, but it is now thought it was a well authenticated case of glanders. As soon as this was determined the horse was killed.

—Martinsville Rep.: Rev. Maj. Brant, of Bloomington, paid a flying visit to his friends in this city yesterday and day before. Mr. Brant has completed his labors at Bloomington, and immediately after Conference will move to Fort Scott, Kansas, where he will continue in the ministry. A few years ago he invested in land in that State which has recently become quite valuable by reason of coal veins upon the premises.

GOSSIP ABOUT PEOPLE.

—Chas. Robertson, the popular (among the young ladies) groceryman, left Bloomington on Saturday evening last to attend the Deputy camp meeting, near Madison, Ind. Charley was always religiously inclined and never misses an opportunity to take in a meeting of the camp character. We trust that he will return with his spiritual strength visibly renewed.

—Ex-Gov. Butler of Nebraska, was in town Monday, renewing old acquaintance. The Governor was at one time a citizen of Whitehall. He owns a great deal of valuable land near Pawnee City and Lincoln. His brother, Dr. Butler of California, was also here. Gov. B. is a well-preserved man of 55 years, and gives promise of long life.

—Albert Faris, the popular prescriptionist, is said to be a victim of insanity, and has been compelled to give up his business (after dark) in consequence. As insanity is one of the most marked of the premonitory symptoms in insanity, much solicitude is felt for the young man, and he has been placed under the skillful care of Dr. Jos. Rogers, a specialist in nervous diseases. One of the marked peculiarities of Mr. F.'s disease is that he labors under the hallucination that he is a "Duke," or a "Dukess." But he couldn't be the latter, could he?

—Marriage licenses have been issued to the following named persons since last report: Oscar L. Kelso and Carrie Bollenbacher; Jasper Crum and Fethersly Ioman; Thos. J. Collier and Charlotte Collier; John Landrum and Louisa F. Shields; Wm. M. Roberts and Catharine Fry; Geo. W. May and Talitha Jones; Jas. W. Langley and Mary J. Langley; Jas. M. Dodd and Lillie T. Guy.

—Some parties have been purchasing sheep in the neighboring counties during the past two or three weeks for shipment to New Jersey. They have bought nine hundred head.

—While in Chicago last week, the Progress met Henry Gilmore, a former well-known attorney of this place. Gilmore was looking well, and says that he is a dry goods salesman in a store in Delavan, Ills. He is married.

He is working as a missionary in Canada, and has been on a tour of church inspection and missionary work among his people in the West Indies. Every friend of humanity wishes such work as his progress and prosperity.

—A large audience assembled in the High School Chapel to attend the closing exercises of the Normal. The exercises consisted of a spelling match between the gentlemen on one side and the ladies on the other, two declamations by Mr. Joe Bryan and Miss Jessie McClelland, and some songs under the lead of Miss Laura Hendrix. The girls set the boys down in the spelling game, with one hand tied behind them.

Mrs. Bicknell and Miss Anna Bicknell were the last left standing. Miss Bicknell surrendered the ribbon to Mrs. Bicknell by missing "Siegel,"—spelling the name by the German "Siegel." Mr. Corr was the plumed knight for the boys and made a gallant fight, but surrendered to Miss Bicknell on negotiation, spelling it with a "e." Misses Laura Henley, Kate Pearson, Mamie Craig, May Collins and Lillie Spencer distinguished themselves as spellers, but "Macaulay" and "ichthyology" were too much for them. The declamations and songs were highly appreciated, and the large audience of visitors left seemingly well pleased. The Normal closes its eighth year with a smaller attendance than usual, but with assurance of prosperity in the future.

—On Sunday, at about 12 o'clock, two prisoners confined in the county jail, escaped and ran west through town, and were captured near the residence of Thos. Whitemand. Sheriff Hinkle says they had forced open a door of the cage, and after he had gone around the cage to examine if all was right the two men dashed out. By the time Hinkle had secured his revolver and got outside the house the prisoners were a square and a half away, and running at a good rate of speed. They were Graves, of Indian Creek tp., and the showman who was arrested for stealing a coat and watch.

Hinkle fired two shots from his revolver at the fugitives but this only resulted in accelerating their speed. They were finally flanked by Thos. Whitemand and ran toward Hinkle who arrested them. Jas. Jackson and Hinkle had almost a monopoly of the race, at least in the lead. Mr. Hinkle is somewhat unfortunate with his prisoners.

—In a neighboring town is a constable who never misses an opportunity to make a dollar or two for himself, five dollars for lawyer friends of his and 50 cents for a male assistant, (when it is not necessary to have an assistant.) This is how he manages it. When a party is sued and comes into court, Mr. Constable takes him into one corner, cocks his hat back on his head, looks wise like a blind owl at noon day up a tree, winks his dexter eye, scratches the bald spot on the top of his head to see if it is there, takes a chew of tobacco, offers a stogie to make believe he is a liberal fellow, perhaps takes him down stairs and gets him something stronger, and then commences: Now you know this is a very serious case, Mr. M. (Mr. M. is sued for one dollar and fifty cents) and that lawyer on the other side is a paralyzer; he crosses the opinion of the justice and what he says the court dare not deny, and unless you demand a jury you are gone
