BENCKART'S! BENCKART'S!  
FROM BALTIMORE DIRECT!  
TRY THEM ONCE!  
YOU WILL BUY NO OTHER!  
BENCKART IS OYSTER BOSS!

WINTER has been introduced to the general public, Charles McGehee has also introduced a "brand-new" stock of goods at the only dry goods store on the south side. He is directly opposite the south court house gate, and when you get inside his store you will be glad you went there, for he has bargains innumerable in almost everything, especially in things kept in a real "up with the times" store. If you don't know the place ask for it.

**GOING TO QUIT.**  
We are going to quit the sale of Wall Paper and Window Shades, and we now desire all of our customers to have an opportunity to get some of the bargains in this line. We will sell every pattern, and every window shade at actual cost, and this is your only chance as we will buy no more.

**McPHEETERS & SHOEMAKER.**  
Ed. McGEE has returned from Cincinnati with a very large and carefully selected stock of ready-made clothing, piece goods, and furnishing goods for gentlemen. Ed. got on the inside while in the Queen City, and was given special prices. This advantage he proposes to donate to his many friends and customers.

**DR. WARNER'S Health Corsets** are the best article of the kind ever offered to the public, they surpass all others in the comfort with which they may be worn, and are health preserving by reason of their shape. McCulla & Co. are sole agents for Bloomington.

An uncommonly large and elegant stock of clothing is being carried this season by McGEE. Ed. is the clothing buyer, and it has been demonstrated that he is a good one. He buys so low that he can sell for much lower prices and still make a good profit. Ed. has a nice display in furnishing goods, also, and can suit you with a hat, a neck-tie, undershirt, or anything else in his line.

**JOS. M. SMITH** is not running a museum, though many persons who glance in at the door of his great exhibition on the south side, might be led to believe that such is the case. His is only an extraordinarily large stock of fancy goods of all styles, qualities and prices, such as one is seen nowhere this side of Chicago. The remarkable feature is that he sells these goods so low. In standard goods—silverware, gold watches, fine jewelry, clocks, etc., he acknowledges no competition. He has a competent mechanic at the bench in the front window—Mr. M. J. Tobias, whose fame as a watch physician is as extensive as the country is large.

**FARMERS** and others who desire a good satisfactory lunch, go to Benckart's bakery. Benckart makes bread of the best quality, his bread is light and wholesome, and he keeps everything else you are likely to call for in the way of eatables. Benckart's bread is always the best.

**Bishop Bonacum's Reception.**

(St. Louis Globe-Democrat.)  
LINCOLN, NEB., Dec. 20.—Today a committee of 100 citizens and members of the Catholic church in this city and surrounding towns, headed by Hon. Fitzgerald, journeyed to Omaha, where they received Bishop Bonacum. The train bearing the Bishop to his new home in this city was met at the depot by the Catholic societies, bearing torches and headed by the Apollo Band, and escorted the Bishop to Funk's Opera House, where the reception was held. State and city officials and members of the clergy occupied seats upon the stage. The welcome was extended by Hon. L. W. Billingsly, of the Council.

Hon. P. T. Tuton, Secretary of the Irish National League in America, welcomed the Bishop on behalf of the church in a warm tribute of affection extended to him on entrance upon his work.

Bishop Bonacum replied to the cordial greetings, saying that he would have preferred to have come among them simply and without ostentation, but he could not but feel gratified at the great welcome he received. He spoke of the sorrow he felt in parting from his old home, and paid an eloquent tribute to the Bishop of St. Louis, under whose care he had been so long. He spoke of the prosperity of the work of Bishop O'Connor, who had charge of the work in Nebraska, and he prayed for the help that might come to him to gain glory to his church and to God.

The audience in attendance at the reception was a magnificent one, comprising all creeds and classes. Bishop Bonacum is a cousin of Mrs. John Waldron of this place, has visited Bloomington a number of times and is pleasantly remembered by all who have met him.

—The "Furniture Worker," a magazine devoted to the interests of furniture manufacturers has this to say of Showers Bros. of our city: "We were greatly surprised when we were shown through the large factory of Showers Bros., of Bloomington, Ind. Their factory is situated on seven acres of ground. They have fifty-six thousand square feet of floor room, and for convenience cannot be excelled. Their immense dry-houses, of the latest patents, give them unlimited facilities for drying stock. They have side-tracks running through their immense lumber yards, packing rooms, etc. All furniture is loaded on cars set on their own side track for that purpose. When we look back at the past and stop to think that but twelve years ago these gentlemen started with a capital of less than one thousand dollars, we wonder and are lost in amazement. But the mystery was soon explained. There was no go on, boys, with them; but instead, come on, boys, and let us see who will get there first, is their motto. They are crowded with orders, and something strange is, that right in the midst of the dull months they were five weeks behind with their orders, and running on extra time. By the books of this firm we see that they have shipped, in the eight months just past, 30,313 bedsteads, and 8,873 bureaus, dressers, and washstands. We think the little city of Bloomington very fortunate in having the wide awake and enterprising Showers Bros. as citizens. Well, good luck, boys, and may you live long and continue to prosper."
