Ed. Progress: You will please announce that Thomas Farr, of Washington township, will be a candidate for Sheriff of Monroe county, subject to the decision of the Republican County Convention.

Republican County NOMINATING Convention, TO BE HELD IN BLOOMINGTON, AUGUST 18TH.

The Republicans of Monroe county will meet at their respective voting places at the times hereinafter named, to select delegates to attend the Nominating Convention to be held at the Court House in Bloomington, at 10 o'clock A. M., Saturday, August 18, 1888, to nominate candidates for county officers, to be held at the November election.

By Order of Republican Central Committee.
H. C. DUNCAN, Chairman.
A. E. DONALDSON, Secretary.

Republican State. There will be a Grand Rally of the Republicans of Monroe and adjoining counties at Bloomington, Saturday, November 24, 1888. Good speakers will be in attendance. Full particulars given at an early day.
By Order of Central Committee.
H. C. DUNCAN, Chairman.
A. E. DONALDSON, Secretary.

Gen. Harrison's faculty of making neat and happy speeches contrasts most creditably and significantly with the dull and awkward efforts of Mr. Cleveland in that respect. He not only knows what to say, but also when to stop, which is one of the highest of oratorical virtues.

The New York Sun calls the attention of union veterans to the fact that President Cleveland's grandfather was captain in the war of the revolution. With singular reminiscence, however, it neglects to say on which side the captain served. His grandson seems to be serving British interests today.

Gen. Thos. H. Nelson will speak in Bloomington next Saturday, afternoon and night. Turn out.

The Democrats begin their campaign this year against Gen. Harrison just where they left off with the campaign against Gen. Garfield in 1880. After they had been defeated in Indiana in that year and an irresistible tide was setting in against them on the protection issue, they concocted and brought out the Mory Chinese letter as a last desperate expedient to stem the current. They failed then, but they evidently imagine that they can even now bring the judgment of people on the Chinese question. They are welcome to all the campaign thunder they can get out of an issue that has been settled, and in which there is neither issue nor enthusiasm. This country has progressed a good way since 1880.

A good many people in this country will be inclined to the opinion that Bismarck is no fool. In a speech to the German Reichstag, in May, 1888, advocating the passage of laws under the operation of which the German empire has since greatly prospered and improved, the Chancellor said: "The success of the United States in material development is the most illustrious of modern time. The American Nation has not only successfully borne and suppressed the most gigantic and expensive war of all history, but immediately afterward disbanded its army, found employment for all its soldiers and marines, paid off most of its debt, given labor and homes to all the unemployed of Europe as fast as they could arrive within its territory, and still by a system of taxation so indirect as not to be perceived, much has left. Because it is my deliberate judgment that the prosperity of America is mainly due to its system of protective laws, I urge that Germany has not reached that point where it is necessary to imitate the tariff system of the United States."

Globe Democrat: Mr. Cleveland declined to attend the Gettysburg reunion on the Fourth because of an alleged pressure of public business; and it turns out that he spent most of the day in writing messages vetoing pension bills. The soldiers of the country, and all friends of that honorable class of citizens, will be apt to remember this when they go to the polls next November.

An English newspaper of recent date contained the following information: Between the murderous red men and the barbarous prohibitionists, the reservation of Kansas, west of the United States, is likely to be depopulated. For years the Indians have been making it extremely hot for the whites who have been allowed to settle there. The prohibitionists are a large tribe of Indians who have begun a war of extermination. The postmaster general has ordered three men of war to the west coast of Missouri, where the entire reservation can be bombarded.

The father and sister of Mrs. Benjamin Harrison live in Washington. Mrs. Harrison is the daughter of the Rev. William H. Scott, who was formerly a Professor at Miami University, where he had as students under him Benjamin Harrison and many other men since risen to distinction. Mr. Scott, who has ceased preaching, is a very old man, and holds a position in a Pension Office.

I am for New England and against Old England—for America against Great Britain or any and all foreign nations—for my country, first, last and always. I prefer the Republic club of America to the Cobden club of England. I relish the products of American farms and protection, but dislike the products of English farms under free trade. I am for American labor, American fur products, American manufactures, American institutions, American fishermen, anything and everything that America produces that comes in competition with foreign countries. "Under a protective tariff," Bismarck says, "Germany fears nobody but God," and such is the feeling I would have every American, native and foreign born, uncertain of these United States. George Q. Richmond in his letter to Chairman Matthews withdrawing from the Democratic party.

We will soon be a leprosa people. Then in place of our climate bringing the health and pleasure seeking world to us, we will be shunned as we should be. The prevalence of leprosy in San Francisco for years has been notorious. It exists in Los Angeles. It prevails at St. Jose. It will soon spread all over the State then; good bye to California, the grand, glorious and beautiful. What will our people do about this leprosy business? Will we let it run its course as it has in the Sandwich Islands? Or will we do anything? Really something ought to be done and promptly.—Los Angeles (Cal.) Porcupine.

David E. Beem of Owen county was nominated for Elector for the 5th district. Mr. Beem is a first-class man and will honor the position.

The Indianapolis Journal a couple of weeks ago published a statement that Captain Boyatt, a Jackson county Democrat, had determined to vote for Harrison. As Boyatt was in Capt. Mathers' regiment, the latter named gentleman wrote to Capt. Boyatt asking him if the statement was true. Below is Capt. Boyatt's answer, which is fair and to the point:

Bloomington, Ind., Aug. 7th, 1888.
Capt. Mathers:
Dear Comrade:—Your letter to hand. I have been about for some time and on my return found your letter, hence my late reply, and in answer to your query I never authorized the publication referred to, but I am for Gen. Ben. Harrison, and shall do all I can, honorably, for his success. My regards to the boys of our regiment.

Fraternally,
WM. L. BOYATT.

The sixth annual reunion of the old settlers of Monroe and Brown counties will be held at Unionville, Ind., on Wednesday, Aug. 15th, 1888. Good speakers will be present, and an interesting program will be carried out.
WM. PETERSON, Pres.
D. W. BARROW, Secy.

It is reasonable to suppose that all our enterprising horse and cattle men are making preparations to attend the Monroe Co. Fair, which will begin Sept. 4th. Remember that the time is rapidly approaching—only about four weeks off—and that in order to make it a success everybody should make an effort right now. One man, nor an hundred men, cannot make a Fair. It requires the united efforts of the people of the county.

FACTS FOR THE PEOPLE.

The "Indiana" and "Citizens" Fire Insurance Companies of Indianapolis, Ind., have more assets to the territory occupied, than any two companies represented in Monroe co., Indiana.

The Indiana Ins. Co. has \$300,000
The Citizens Ins. Co. has 200,000
Total, \$500,000

If "Indiana" furnishes half a million dollars of assets in these two companies, two board companies that have agencies in all the states and some of the territories of the United States would have to equal the Indiana and Citizens' Companies—something they cannot do. The Indiana and Citizens' Companies are strictly home Insurance Companies, having no agencies established outside of the State of Indiana, therefore we claim that these two Companies have more "assets" to the "square mile" than any two Companies represented in Monroe co., Ind.
WM. M. TATE, Agent.

Trump—Most awfully, madam. But a sandwich, first, would sustain me greatly. Ah! thanks. Yum, yum. Now, where is the saw?

Housewife—You will find it in the rear.

Trump—And the ice pond? Housewife—Ice pond! Why, the thermometer stands at 93°.

\$1,500 in Cash Prizes FOR THE ADVERTISERS.

The Chicago Daily News has reduced its price from two cents to One Cent. For a year past its sales have been over a million a week, and it believes it now sees the way to easily reach a million daily paper upon the basis of the lowest unit of American coinage—ONE CENT.

To successfully accomplish this end two things are essential:
First—To make as good a newspaper as the best, if not a little better; second—to let every man, woman, and child know it is being done, and done at one cent a day. The Daily News believes that it is competent to do the first named condition, and knows of no better way of meeting the second than by general advertising. To induce the best effort in his service in this matter THE DAILY NEWS will reward the writers of advertisements submitted, with three cash prizes, aggregating Fifteen Hundred Dollars, divided as follows:

First Cash Prize—For best advertisement. \$1,000.
Second Cash Prize—For second best advertisement. 500.00.
Third Cash Prize—For third best advertisement. 100.00.

Total, \$1,500.

The advertisement may be a single announcement, or a series of announcements not exceeding six in number, required must not exceed that occupied by this advertisement—eight inches deep, six and one-quarter inches wide.

For the general guidance of all who enter the competition, the following two points are briefly stated as being those which the Daily News will require to be most prominently brought out. The advertisement must emphasize:

1.—That THE DAILY NEWS is first, best and all the time, a newspaper.
2.—That THE DAILY NEWS is a daily paper for busy people. Recognize this fact. Most people have not the time or patience to read a newspaper. They want a newspaper that will give them the news in a nutshell. THE DAILY NEWS is a short and to the point paper.

3.—That THE DAILY NEWS is an independent, truth-seeking newspaper. Because the American people are suffering from the effects of the corruption of the political system, the most vital question before the people is the question of the independence of the press. THE DAILY NEWS is a newspaper that will not be controlled by any party or interest.

4.—That THE DAILY NEWS is a family paper. Because this is the age of the newspaper, a time when everybody reads it, and it is supposed to be the newspaper of the family. Women and children are as much interested in the news as men. THE DAILY NEWS is a newspaper that will be read by the whole family.

5.—That THE DAILY NEWS is a newspaper that will be read by the whole family. Because this is the age of the newspaper, a time when everybody reads it, and it is supposed to be the newspaper of the family. Women and children are as much interested in the news as men. THE DAILY NEWS is a newspaper that will be read by the whole family.
