"MYSTIC CURE" for Rheumatism and Neuritis, radically cures in one to three days by removing the cause from the system. It will not fail. Sold by H. Lindley's Sons, Druggists, Bloomington.

IN THE LINE of Geo's furnishing goods the McGee store, south side of the square, stands alone. No other has such a stock, in quality, price, and variety. The goods are of the best, and the prices are very low. The McGee store is a place where you can get everything you need for the home, and at a price that is right. Don't forget to call at McGee's or you will fail to see something nice.

—Cheapest Coffees, Teas, Tobacco and Cigars, at Hemp, Wilson's grocery store. Try one of the new brands of cigars at this store.

IT WILL DO YOU GOOD to go in to Charley Mobley's dry goods store on the south side of the square, and examine one of the reasonable goods placed on sale by him. He has a way of securing goods at low prices, and he sells them correspondingly low. He has an extensive trade among the ladies, and as a result it is a point to secure the little articles most frequently called for by them. His lace has a reputation in this and adjoining counties, and in gloves, mittens, scarfs, breakfast shawls, and all manner of hosiery, his stock is difficult to excel. He now has, in addition to the goods formerly carried, a complete line of boots, shoes and rubbers, and will fit you out for a very reasonable sum of money. He has also lately made his store the headquarters for umbrellas. The better and heavier grades of dress goods are also kept by him, and no one need leave Charley Mobley's store unsatisfied. If you don't see what you want ask for it, and he will be almost certain to produce the article.

You will find the best goods in the grocery line at Hemp, Wilson's. He receives fresh goods every week, so that nothing in his house is stale. Call on him in "Progress Block."

CLOSING OUT the stock of Overcoats at cost at McGee's clothing store, south side of the square. You cannot form an idea of how low that is till you hear his figures and examine the goods. The suits that are kept in stock there are uncommonly well made, and the materials superior to any usually supplied. The prices are far below those of any former season. Ed. McGee has worked a revolution in the clothing trade.

—We want some more reliable men to sell our nursery stock; guaranteed first-class, true to name as ordered, and delivered in good, healthy condition. Salary and expenses (or commission if preferred). Apply (stating age) to The C. L. Van Dusen Nursery Co., Geneva, N. Y.

I CARRY IN STOCK THE BEST LINE OF FURNITURE AND UNDERTAKING GOODS.
EVER KEPT IN BLOOMINGTON, and will sell for less than any other dealer. Come and see for yourself. 201 SOUTH SIDE SQUARE, NEXT TO CLARK'S GROCERY.

A LIVE CITY.
Bloomington is the best town in Southern Indiana; in 1880 it had a population of 2,700—it now has 4,900. The city is growing steadily and rapidly: Indiana University is located here; also a bonded and custom factory with an output of 1,000 per week; a stove and heating factory; a chair factory; extensive spoke and hub factory; two planing mills; two roller mills, etc., etc. Has telephones, electric plant, and preparations are being made for water works and for a new opera house; has large, handsomely furnished and immensely stocked dry goods houses; three handsome and heavily stocked clothing houses; two as fine hardware stores as are seen anywhere; several enormous stocks of furniture; grocery stores (some nine or ten in number) that are excellent in no town of 10,000 population. The business men are without exception courteous, enterprising and liberal, and all newcomers are welcomed, as they should be in growing cities.

ROBINSON, on the west side, has a choice line of fresh produce all ways. Need go no further for any article you may need in the grocery or provision line.

A BARGAIN.—I have one Everett Piano in stock that I will sell at a big reduction, if sold in the next 30 days.

C. C. TURNER.
—All manner of tin and sheet iron work done by Baker, Need & Co., whose establishment is on the south side of the square. If you need any article kept in a hardware store go into this house before you buy. It is the old McPheeters Hardware Co. store.

BREAD, cakes, crackers, pies and everything usually kept in a confectionery or restaurant, at George Beckhart's.

IT IS THE WONDER OF THE AGE, the stock of goods on the shelves, counters, and in the drawers, at the Smith Jewelry Store and Bazar, south side. This house receives car-load after car-load of goods, and yet they are sold with such rapidity that there is always a demand for more. The stock is not all of a light or fragile character either, as some might suppose, for there are gold and silver watches of the best brands, clocks of the most reliable manufacture, silverware that is known to be standard, even tinware is included in this mammoth stock. Many household articles that are very useful and ornamental are also sold here for a trifling sum.

JIMMY ROBINSON is the well known west side grocer, and has a handsome, fresh stock of goods which, by reason of good patronage is always kept fresh. A very handsome and tasteful display of groceries and hardware is one of his specialties that has attracted much attention of late—in fact he has sold more of this class of goods than some of the larger or more pretentious stores because he exhibited uncommon taste in selection. He does a thriving business in choice country produce and in teas, coffee, sugars, etc., carrying a stock that is far above the ordinary. Don't forget to look at and price his chamber sets.

HEMP, WILSON gets the choicest as well as the freshest country produce, as his country customers are of the best class of people; hence the butter, cheese, apple butter, etc., he sells is always choice.

STUDEBAKER WAGONS AT ALLEN'S.

—The best tinware and sheet iron ware in town can be secured at Baker, Need & Co.'s hardware store, second door east of the National Bank. You ought not to make a purchase till you see the hardware display at this house.

—For any kind of general hardware, such as nails, hinges, locks, or cutlery, or fine razors, butcher knives, pocket knives, fine shears, etc., you should call at Baker, Need & Co.'s hardware store, two doors east of the bank.

IF YOU WANT the neatest fitting garments you ever wore, go to Benj. McGee and get him to cut and make a suit. He is superior to all.

STUDEBAKER WAGONS AT ALLEN'S.

CRAIG WORLEY has a lot of first-class Buggies, Carriages, Phonos and Spring Wagons, at his livery stable, which he will sell for cash or will trade for mules or horses. Call on Craig before you sell your stock.

—NICEST STOCK of winter clothing and stylish Overcoats ever seen in Bloomington, are now on exhibition at McGee's well established and reliable tailoring establishment, south side of the square. Never was such a stock of Hats seen in Bloomington as are now exhibited by this firm. How it is possible for McGee to sell these tailor made suits for \$9 it is hard to understand, unless he steals them, and it doesn't make any difference to the purchaser so he gets a bargain.

—The popular Greeves corner grocery is now owned by Charley McPheeters. Give him a call.

—Charley McPheeters wants to see you at his corner grocery, the old Greeves stand.

—There is no question that the ground hog "saw his shadow." Now the question that will agitate the mature mind is: "what will he do about it?" He may be as much disgusted as to give Monroe county the benefit of a three months winter in the spring—and he may not. He can't stop one building. Joyous however.

—Mrs. Elizabeth Morgan, mother of John D. Morgan, was born in Shelby co., Ky., May 31st, 1807. Her mother died in 1817, thus she was left an orphan at the age of four years. She came to this State in 1816. Her father first settled in Jackson co., it then being a wilderness. In 1817 he removed to this county bringing the deceased and her two brothers, David May and John May with him. She was married to Abner Morgan in 1824; raised a family of 7 sons and one daughter. All are living and were present at the funeral except one son who died some years ago. She united with the Baptist church over 40 years ago and has lived a consistent Christian life ever since. Her husband died in 1849. She was left alone with a family of children in poor circumstances. She fought the battle of life bravely, and now has gone to receive her reward.
