ADAMS, HALL & COMPANY.

IT IS THE WONDER OF THE AGE, the stock of goods on the shelves, counters, and in the drawers, at the Smith Jewelry Store and Bazar, south side. This house receives car-load after car-load of goods, and yet they are sold with such rapidity that there is always a demand for more. The stock is not all of a light or fragile character either, as some might suppose, for there are gold and silver watches of the best brands, clocks of the most reliable manufacture, silverware that is known to be standard, even diamonds is included in this mammoth stock. Many household articles that are very useful and ornamental are also sold here for a trifling sum.

CUTS A HOOP POLE: That is what the Whitley Reeper and Binder is warranted to do. If you don't believe it call at the hardware store of Baker, Neeld & Co. and see the machine in operation. Solid steel. It throws the bundle six feet out of the way. Does its work clean and perfect. Will cut a 2-inch hoop pole, and does so. Don't believe it, ask? Well, come and see it operate.

BAKER, NEELD & CO.

As to GROCERIES, it would be well for you to remember that Charley McPheters is in the old Greeves or Hunter grocery corner. He is selling lots of goods too, because he has plenty of the best, and takes pleasure in waiting on the trade.

THE Harrison Mixed Paints are the best adapted for the world. Will cover more space, look better, wear better, give greater satisfaction than any other brand. Call and see testimonials.

BAKER, NEELD & CO.

JIMMY ROBINSON is the well known west side grocer, and has a handsome, fresh stock of goods which, by reason of good patronage, is always kept fresh. A very handsome and useful display of quinine and glassware is one of his specialties that has attracted much attention of late—in fact he has sold more of this class of goods than some of the larger or more pretentious stores because he can give uncommon taste in selection. He does a thriving business in choice country produce and in fancy coffee, sugar, etc., carrying a stock that is far above the ordinary. Don't forget to look at and price his chamber sets.

WALL PAPER! WALL PAPER! We have brought on the largest stock of Wall Paper ever seen in the town; it is also the finest. The proof of this is an examination.

BAKER, NEELD & CO.

A MORE GENERAL SET of men to do business with than those found at Charley McPheters' grocery cannot be found in Bloomington: Mr. Bray, John Thomas, Wall, Hight and Charley Mc. are all busy as bees Saturdays. Fresh goods roll in there every day, and the grocery store of Charley McPheters has a "rep" for selling the best brands in staples.

NEW HATS, latest styles, nobles in the trade, just brought on by McGee & Co. gents' furnishing, south side of the square. The best grades of goods received by express constantly, and only a living profit charged.

CRAIG WORLEY has a lot of first-class Buggies, Carriages, Phonos and Spring Wagons, at his livery stable, which he will sell for cash or will trade for mules or horses. Call on Craig before you sell your stock.

EVERYBODY KNOWS ELD. BRAY, a man whose honesty and accommodating spirit has never been questioned—he is one of Charley McPheters' salesmen, in his grocery store, (old Greeves stand). Go to this neat, cozy establishment, and give your order for goods. Charley Mc. sells goods at a very small profit—hence his store is the pet for boarding house keepers to patronize.

BASE BALL, and CANES.

—It is a noticeable fact that there is less rowdiness and drunkenness in town since license has been granted the saloons than when the quart system prevailed. It was a common thing on Sundays, under the quart system, to see drunk men reeling about the streets, and this evil too, seems to have disappeared. "Why is this difference?" was asked of an intelligent dealer the other day. "Well, there are several reasons, said he. In the first place, under the quart arrangement the men who buy liquor (and some of them will buy it as long as it is shipped to the town) always secured a quart on Saturday night, and saved some of it for the following day—perhaps several of these fellows would do so. The result was that they had enough to keep busy on all day Sunday, and reeled about the streets as you have seen them."

—It is equally true as to the question of keeping order. Noisy men, when remonstrated with or about a quart saloon always threaten the keeper with an affidavit for violation—selling by the drink. The party may never have gotten a drink, but you know the saloon-keeper cannot afford to go into costly litigation over the enforcement of order under these circumstances, and so disorder prevails.

The saloon man's statements sound reasonable.

—LA. Gov. Ira J. Chase is to deliver the Decoration Day address, and Rev. Halstead will deliver the memorial service on the Sunday previous.

—Lewis Helton, accompanied by his friend Ott. Miller, came down from Chicago last Saturday evening, on a brief visit. Lewis has a position in the service of the Missouri route.

—The supreme court has decided the temporary loan bill passed by the recent legislature to be constitutional. The result of this is that eastern capitalists will promptly purchase the bonds issued by the State, and the various institutions will get the amounts appropriated for their support. We of Bloomington were interested in securing the \$80,000 appropriated for the construction of the new library building. The plans have been adopted, and as soon as the legal advertising can be done the contract will be let and the work will be pushed forward.

—At Lancaster, O., they have opened a great gas well—a veritable gusher—but they did not get it in the usual way. It has always been claimed that gas is only found in Trenton rock, but in the Lancaster well the gas was not reached till the drill had gone 1,200 feet beyond this strata. This would seem to indicate that gas is somewhere "down below" if you go far enough. Here in Bloomington we have a well that was abandoned after a depth of 2,700 feet had been reached. Now who knows that gas might not have been struck at a depth of 3,000 feet?

—Clio. Worrall has purchased certain privileges with Wallace's circus, which starts from Peru, Ind., soon. His leading "fake" will be the distribution of the New Revised among the heathen tribes, together with eloquent and earnest exhortations to the worldly people to leave games of chance severely alone. Deacon Worrall is a success in this role, and a king among his fellow sports—there is always room at the top, and he is there.

—"The Banner" was putting on airs last Friday: had a brass band playing at the door, and the south front of the building draped with the stars and stripes.

—"The Mechanics' Band boys blew Cole & Kennedy's new 'May Belle' wagon full of wind, one night last week. A band never does itself justice in a wagon.

—Dr. R. M. Weir, David Junkin, James Strong, Jas. Karsell and S. C. Curry are the paragon building committee for the U. P. church.

—John C. Dolan is building a small town in the vicinity of his factory, in addition to placing new machinery in his factory. Mr. Dolan is an enterprising energetic man, and deserves to succeed.

—Dodd & Co. have closed the contract with Bedford capitalists, by the terms of which they will remove their chair factory to that town as soon as the necessary arrangements can be completed. \$7,000 in cash, freedom from taxes, and the donation of three acres of ground are the considerations.

—A fellow went into Lee Yum's "wash house" last Wednesday and producing a \$20 bill asked for change. John counted out the money, the stranger twisting and folding the bill in his fingers all the time. Raking up the change and tossing the twisted bill to John Chinaman, the swindler hurried out, and by the time Lee Yum had smoothed out the bill and discovered that it was only good for \$1.00 the stranger was out of sight. He was "on the staff" of those enterprising show people.

—Ornery white boys and "low-lit" cons annoy the public square people with their shrill whistling night. The "warrior" a boy is the shriller he can whistle.

—Cal. Huff, a former resident of Monroe county, is now a citizen of Missouri, but on a visit to his brother north of town. On show day he dropped \$13 into the tray of a benevolent gentleman who was selling small bits of candy wrapped up in five and ten dollar bills, and then bet another missionary \$20 that he could pick out the English walnut shell under which was concealed a small black ball. Mr. Huff was mistaken. It cost him a grand total of \$53.

—An entertainment was given in the Grand Opera House, Indianapolis, last Wednesday, by the pupils of Mrs. Mattie Prunk, teacher of elocution. Miss Josie Pittman of this place was on the program. She has natural gifts that have been improved by careful training, and makes a favorable impression wherever she appears in public. The Indianapolis papers make mention of her as follows:

—Miss Josephine Pittman, with great tenderness and feeling gave "The Child Wife," that beautiful sketch of Dora and David, from "David Copperfield."

Gusport Enterprise: Postoffice affairs are waxing warm at this place, so much so, that Clint Houston and W. R. Tindolph took part in a fist to skull combat in J. M. Carlton's drugstore, on Monday evening.

No blood was shed, but we learn "the winner" was a household implement were brought into requisition, and the loud and angry words that passed were sufficient to cause a large and excited crowd to congregate on the scene.

Greencastle Times: Hutchins's show has been in Greencastle. The best that can be said of the entertainment is that it was a poor one. The parade was short and not sweet. The band was rocky. There were no rings inside the tent. The managers of the show gave just \$23 a day by not having a banked up ring. The law is that a show with a ring shall pay \$25 license, without one \$2. Hence the absence of the ring. A circus without that essential object is not much. The attendance was light at both performances.

Greencastle-Banner: The Wild West Show, to say the least was very rotten. A harder looking crowd has not been in the city for some time than this. The parade was a farce, and the whole performance a fraud, with the exception of a balloon ascension and parachute descent. Greencastle can live without a repetition of this show.

The bank at Worthington, Ind., is out of luck. Some time last winter a thief stole some \$800 while the cashier was at lunch, and recently a forger negotiated \$2,000 worth of notes, and the bank is again minus the money.

The celebration by the Old Fellows, on Friday last was a very pleasant affair, the weather being very fine. The program, as published, was carried out, and the addresses were delivered in the Opera House by W. R. Myers, late Democratic candidate for Lt. Governor, and Hon. R. A. Fulk of our own city. The address of Mr. Fulk was especially worthy of mention, being eloquent and well timed. Bro. F. can always be depended upon on an occasion like this.

After the new laws go into effect, station agents will be required to post on a black board, at a convenient place at the station, when the trains are late, and the time they may be expected.
