IT IS THE WONDER OF THE AGE, the stock of goods on the shelves, counters, and in the drawers, at the Smith Jewelry Store and Bazar, south side. This house receives car-load after car-load of goods, and yet they are sold with such rapidity that there is always a demand for more. The stock is not all of a light or fragile character either, as some might suppose, for there are gold and silver watches of the best brands, clocks of the most reliable manufacture, silverware that is known to be standard, even tiaras are included in this mammoth stock. Many household articles that are very useful and ornamental are also sold here for a trifling sum.

He is carrying a very well selected stock of boots, shoes and rubbers among his late investments, and he is selling them at figures surprisingly low. Ask for Charley Mobley's store, if you don't know where it is.

CUTS A HOOF POLE: That is what the Whitley Reeper and Binder is warranted to do. If you don't believe it call at the hardware store of Baker, Need & Co. and see the machine in operation. Solid steel. It throws the bundle six feet out of the way. Does its work clean and perfect. Will cut a 2-inch hoop pole, and does do it. Don't believe it, eh? Well, come and see it operate.

**BAKER, NEED & CO.**

AS TO GROCERIES, it would be well for you to remember that Charley McPheeters is in the old Greeves or Hunter grocery corner. He is selling lots of goods too, because he has plenty of the best, and takes pleasure in waiting on the trade.

**BAKER, NEED & CO.**

JIMMY ROBINSON is the well known west-side grocer, and has a handsome, fresh stock of goods which, by reason of good patronage is always kept fresh. A very handsome and tasteful display of quonware and glassware is one of his specialties that has attracted much attention of late—in fact he has sold more of this class of goods than some of the larger or more pretentious stores because he exhibited uncommon taste in selection. He does a thriving business in choice country produce and in teas, coffee, sugars, etc., carrying a stock that is far above the ordinary. Don't forget to look at and price his chamber sets.

**BAKER, NEED & CO.**

HEMP. WILSON gets the choicest as well as the freshest country produce, as his country customers are of the best class of people; hence the butter, cheese, apple butter, etc., he sells is always choice.

A MORE GENERAL SET of men to do business with than those found at Charley McPheeters' grocery cannot be found in Bloomington: Mr. Bray, John Thomas, Wall, Hight and Charley Mc. are all busy as bees Saturdays. Fresh goods roll in there every day, and the grocery store of Charley McPheeters has a "rep" for selling the best brands in staples.

**NEW HATS; latest styles, nobles in the trade, just brought on by McGee & Co., gents' furnishes, south side of the square. The best grades of goods received by express constantly, and only a living profit charged.**

Go to this neat, cozy establishment, and give your order for goods. Charley Mc. sells goods at a very small profit—hence his store is the one for boarding house keepers in petroline.

—A terrible case of attempted abortion occurred near Ellettsville, on Wednesday night of last week, in which a girl who had been employed at the Whitesell House, a prominent physician of Spencer, a druggist of Ellettsville and two young men of Bloomington figure as principals. The details are entirely too filthy and criminal to be published, or to be read in respectable families (the reading of a book containing such details would not be permitted) so the persons who desire to wade in such filth will have to wait till the examination is had on the 20th of May. The fact that all these details are not published will not prevent a vigorous prosecution of the case, nor the capture of the parties, three of whom are still at large. About thirty students of the sophomore and freshman classes of Purdue have resolved to absent themselves from the university until such time as satisfactory terms are granted them by the faculty. A recent statement of the faculty to the other students conducted them selves in such a manner as to cause the faculty to indefinitely suspend or expel the sophomores and freshmen, and the boys want them reinstated. Among the other cupers of the students was the throwing of a cannon fire-cracker during the evacuation, the music exploding at the feet of one of the professors, and the free from occasional insubordinations—the young men will boil over.
