The rain inspired confidence in the farmers to proceed with their plowing. Some persons unknown went into the church and destroyed God's house by writing obscene language on the black board. Such manifestations speak badly for the morals of the community, and should give cause of the people. Francis Festus, infant, son of Howard and Miss Fess, died Aug. 20. It will be remembered that Chambers was convicted of assaulting with intent to kill, the baggage master on a night train of the Monon route, and served a two years sentence for the same. Briefly told, four years ago last April, after the night train had passed Harrodsburg water tank and was slowly climbing the Smithville grade, a man entered the express car and shot and clubbed the expressman and baggage man, robbed the express and stepped off, after pulling the bell to check the train. The tribute paid to his memory by Mr. Reed, who had been his lifelong friend, was touching and pathetic. John J. Greaves was a native of the State of Maryland. He was married in 1811 to Mahala Carter, who survives him. He began to work at the trade of a carpenter and contractor, and in 1807 went into the grocery business at the southeast corner of the square, which he conducted with uniform success till 1883, when, owing to failing health, he retired. He was a member of the Methodist church and of the Masonic Order, and very warm in his allegiance to both. He will be sadly missed wherever good men are appreciated.
