Republican Progress

Printed each Wednesday Morning, by
WILLIAM A. GAGE, Editor and Publisher.

RE ADVANCE, \$1.00 a Year

—Our Democratic friends should be patient. The Grand Army will not be here always to worry them. Last year 4,800 broken down veterans were laid to rest, and the survivors are growing older and fonder every day. Even the hottest, silliest, blimblest Tanner has been compelled to tender his resignation.

—Mr. Wayne has a "Bandole Club" which a Republican exchange says "spends its time in chewing last year's end." Balke, last year's end.

—The saying "Let 'em go, soldiers, it's over now." Now it is "Letter, go, Waukesha. And it goes.

—The new check issued by the United States pension agent bears the fact of Gen. Phil. Sheridan. The quarterly visit of Gen. Phil. will be cordially welcomed by the veterans.

—When a great crime is committed in Chicago it is almost impossible to catch the criminals; but it is after the criminals are caught and formally arraigned that the really difficult work sets in—viz: securing a jury.

—The short oil exporting firms of New York, Boston, and Philadelphia, have gone under—another heavy business failure caused by excess of oil in behalf of men who served the union. No copperhead or rebel cap, with an honest front, make war on him for what he has done.—Terre Haute Express.

—This is an age of preposterous stories. It is related that out of eighty-six young ladies who presented themselves for the teachers' examinations in Boston, only seven were chewing gum.

—The mortgage on the White house will have no terrors for the politicians. Office-seekers would swear there it is led a powder-mill under it in full blast.

—The Republicans have always claimed to be better friends to the old soldier than the Democrats, and General Tanner has been demonstrating that the claim is true. Hence the Democratic vote for Tanner.

—The intelligence comes from Washington that Mrs. Harrison made bread in the White House the other day. That was right. The kitchen is the proper place. We trust Mrs. H. will never be guilty of making her bread in the White House kitchen or sleeping room.

—Save the Indianapolis Sun: John L. Sullivan's ambition to go to Congress only illustrates how depraved he has become. Lower and lower he seems to be continually falling.

—The discharge of Assistant Secretary Quincy is the effect that a dishonorable discharge would not work a forfeiture of the right of a soldier to claim a pension is generally approved by General Army men. General John Berger says that the Grand Army will not take exception to the decision, because the Government entered into a contract with every soldier it employed, and if a soldier is injured while discharging his duties, it makes no difference what he may do subsequent to his injuries to merit a dishonorable discharge, he is still entitled to a pension, if his disability was received while discharging his duties. The members of the Grand Army do not consider such a decision as in any way reflecting upon it, for it is more according to the applicant's pension which he justly earned, and does not by any means, place him on an equality with the soldiers who served through the war or who were honorably discharged, nor does it entitle him to membership in the Grand Army, and, of course, such a man would not be admitted.

—An exchange wants an American flag placed on every school house in the land, in order that the

boys may learn to love it. Better plant it on the circus tents, baseball stands and in the watermelon patches. Boys hate school.

—Last month, according to Prof. Rawles, was the coolest August for twenty-two years. It has been a delightful year, so far, all through.

—I was going to say—" remarked the pumpkin. "Proceed, then, and the corn, 'I'm all ears.' " I was going to say that if they give me a Fair show this fall, I will not wish people." "Shucks," replied the corn contemptuously; do you suppose anybody will notice you when I am round?" "As to that," said the pumpkin, "I am rounder than you, and you will notice that I'm 'some punkin,' too." And so pleased was it with this miserable retort, that it rolled over and squashed a neighboring tomato, which it dashed away in disgust.

—While we are again having day, pleasant weather during the past week, the most severe storm ever known has swept the Atlantic coast, and New York City has been deluged with rain and wrecked by high winds.

—Whatever becomes of Tanner let it be said of him that he never undertook to rob the government for the benefit of its enemies as did many of the men whom Mr. Cleveland placed a position to repeat their attempt. Whatever fault or failing there may be in Tanner's conduct it is to be mainly caused by excess of zeal in behalf of men who served the union. No copperhead or rebel cap, with an honest front, make war on him for what he has done.—Terre Haute Express.

—The city is full of students and their friends, and it is to the interest of the people that their health be protected. From numerous pig pens ascend an odor that is certainly disease breeding, and it seems that the authorities should make a tour of the city and condemn such places as deserve it.

—Dr. Rawles delivered the lecture in College Chapel last Sunday. The next lecture will be delivered by Prof. Barnes.

—Prof. Philmer Day of Vassar, has been chosen principal of the Vincennes public schools, vice W. A. Rawles, who resigned at the beginning of the school year.

—Dr. Karsten has rented three rooms in the Kirkwood house, North College Avenue, and will occupy them during the present term of college.

—The city is full of students and their friends, and it is to the interest of the people that their health be protected. From numerous pig pens ascend an odor that is certainly disease breeding, and it seems that the authorities should make a tour of the city and condemn such places as deserve it.

—A. H. Harryman, of Chicago, formerly editor of the Current Magazine, but now editor of the Sanitary News, is in the city spending his vacation. Harryman has had quite a successful newspaper career. He is a Morgan county boy. After graduating at the State University he became city editor of the Columbus, Ind., Democrat. Later he became editorial writer on the Martinsville Republican, and still later editor of the Muncie Daily News. Three years ago he went to Chicago as editor of the approaching reunion at Bloomington I would like to meet as many of the comrades of the 133d as possible. About half of C. K. W. were from Clay County, including the two lieutenants. Telegraph the news to the boys and have them come down. JNO. C. CLAY.

—Ellettsville Citizen: Capt. G. K. Perry and wife visited Bloomington Saturday. J. A. May and daughter, Cora, took in the Salem Fall last week. Misses Kirby and Worley of Bloomington visited our town Sunday.

—Miss May Miller, who has been visiting F. E. Worley and wife for the past few weeks, returned to her home in Tennessee, last week.—Eid. Griffin preached two interesting sermons at the Christian church Sunday morning and night.—Mrs. F. Perry and daughter, Misses Addie and Berlie, of Bloomington, drove to this place Sunday.—W. H. Ladd, of Terre Haute, was in town, the latter part of last week.—B. C. of Bloomington, was in town last week.

—Last Thursday night burglars broke into the drug store belonging to Dr. J. S. Figg. After examining his stock of goods, left the store carrying off a few boxes of cigars and a small amount of jewelry. They next broke into the store of R. C. Harris, but as they left the store, he was taking something off a rack of Odd Fellows who had been to Bloomington and returned on the mid-night train.

—Grant street M. E. church will hold a camp meeting on the Fair Grounds, Bloomington, Ind., Sept. 21st to 30th, 1889. Eminent ministers from abroad will be present, among them E. D. Miller of Jeffersonville, S. Praira Indianapolis, W. B. Rollins, Louisville. Others have been invited and are expected to be present and talk to the people. Accommodations for all who may desire to camp on the grounds have been provided for families. The grounds will be open to the public at a reasonable rate.

—According to a table of elevation recently, prepared by Prof. J. L. Campbell, of Wabash College, the points of greatest elevation above sea level in the State are:

Winchester, 1,101 feet; Angola, Steubenville, 1,652 feet, New Castle, 1,045 feet; Liberty, Union, 991, Rushville, 980, Muncie 980, Osgood 950, Richmond 972, Danville 965, Albion 927, Lebanon 925, Lagrange 915, Greenfield 906, Portland 904, Anderson 892, Indianapolis at Union Depot is 723 feet above sea level, Bloomington is 744 feet, Rising Sun 430 and Rockport, Spencer co., 338 feet.

It will be noticed that our natural gas regions are principally in the equator of greatest elevation.

—Fred. Verner, Henniball, Mo., has invented an instrument

designed to remove the pain, incident to the extraction of teeth. It consists of adjustable pivotally connected prongs carrying burs and connected with an electrical battery, the buttons to be placed on the face over the nerves leading from the teeth to the brain, and a circuit established the moment the tooth-extracting instrument touches the tooth to be removed.

—The interior of the public school building was very much improved by the painting and re-varnishing it had undergone during vacation. Miss McCalla gave the work her personal attention.

—An exchange wants an Ameri-

Mrs. Banta will remain at her home in Franklin, Ind.

The law department starts with a very fair attendance.

Prep. started with eighty students.

Violin music will be taught at Earlham College this fall.

Prof. Rawles will receive a salary of \$1,200 at Sedalia, Mo., as principal of the schools.

Prof. Karsten has been naturalized and will vote at the next election.

The North Vernon schools have secured C. L. Hooper of '87 for Superintend.

Population, Neh., public schools have a superintendent in the person of Al. Heiny of '86.

Fraternity workers are active and very successful. The goats will be worked down in the next three weeks.

I. U. is in luck, the latest fortunate young man being W. R. Gardner jr., who goes to Japan as Secretary of Legation at Tokio.

D. K. Goss, a Government position at Washington under Third Auditor Hart, at \$1,600 per annum.

Dr. Rawles delivered the lecture in College Chapel last Sunday. The next lecture will be delivered by Prof. Barnes.

Prof. Philmer Day of Vassar, has been chosen principal of the Vincennes public schools, vice W. A. Rawles, who resigned at the beginning of the school year.

Dr. Karsten has rented three rooms in the Kirkwood house, North College Avenue, and will occupy them during the present term of college.

BREEDEN & CO.

Words from a Comrade.

Harrodsburg, Ind., Sept. 9, 1889.

Mr. Editor.—Reading the obituary notice of Comrade Henry Elber, revived memories of twenty-five years ago, when I served with him in Co. K, 133d Ind. Vol. Infantry, at Bridgeport, Ala. He was one of the oldest if not the oldest man in the company—about 47 years—while I was one of the youngest, being 17 years of age. I never saw him since he left the company, and he died in 1865, leaving a widow and a son, who is now 22 years of age. On the day of his departure from Bloomington my father requested him to look to my welfare as much as possible, and I considered him one of my best friends during the summer of 1864. At the approaching reunion at Bloomington I would like to meet as many of the comrades of the 133d as possible. About half of C. K. W. were from Clay County, including the two lieutenants. Telegraph the news to the boys and have them come down. JNO. C. CLAY.

—The Horticultural Society of Monroe co. will hold its second annual Fair on the 10th, 11th and 12th of October.

This is one of the most praiseworthy organizations that has been formed in this locality—one that deserves the cordial support of the people. The officers are: Mr. Rogers, president; Mr. H. N. Need, vice-president; C. H. Womell, secretary; J. A. Horner, treasurer. The price of admission has been placed at the low rate of 10 and 15c. No entry fee will be charged. Each exhibit is to be properly entered, labeled and in place by 12 m.

October 10th. All exhibits to be home-grown or home-made by exhibitor.

Monroe is taking a front rank as a fruit-growing county, and it is proposed that these exhibits will be placed in the front rank of the fair.
