MEKIN DECORATED WARE is something very pretty. Every housekeeper knows what Mekin Ironstone China is, and all know that it is first-class, and has always been white. Now, however, it is being decorated, and is very desirable in appearance and exceedingly handsome. Jimmy Robinson, the west side grocer, has it for sale, and will take great pleasure in exhibiting it to his customers. Go in and see it—it is both handsome and odd.

—A young man named Timmons played several saxophone solos last week, during commencement exercises. A saxophone in appearance is a cross between a meerschaum pipe and a cow's horn, and emits peculiar wailing tones that are much sought after by persons who dote on sorrow and are acquainted with grief.

## 66TH Commencement OF THE Indiana University.

[CONCLUDED.]

JUDGE MLIOTT'S ADDRESS before the Law School took place on Monday evening, June 9. The speaker is an alumnus and a prominent member of the supreme court of the State. His speech was a plea for the establishment of a Chair of Advocacy in connection with the Law School, whose occupant should impress upon students by practical instruction the necessity for great skill in stating and pleading the causes of clients. The address, while it was directed especially to the law students, was of a practical and general character and so was of value to the general listener. In it was to be seen the great love of truth which ever marks the great lawyer. If for nothing else says this, it was a valuable thing that all who heard it and brought home to the everyday citizen the majesty and justice of the law too often winked at in the usual practice of the profession.

ALUMNI DAY was Tuesday, June 10. This was without question the most enjoyable day of the whole commencement. The exercises of the day began with the business meeting at 10 a. m. This was presided over by Senator Geo. G. Wright, class '39, Des Moines, Iowa. He is not only an excellent presiding officer, but his interest in the work of the Association is so ardent that it made the business meeting one of life and activity. Much interest was manifested in the establishment of a Library Alove in the new Library Building which should be especially under the auspices of the Alumni. About \$125 are now in the treasury which will be expended for books. Senator Wright pledged \$50 for the class of '39. Dr. Jenks of Indianapolis pledged \$5 for the class of '56. Prof. Carr pledged a set of books by Indiana authors for the class of '85. Others responded with money and books. So that this enterprise through the new committee, whose Chairman is Miss Lucy Maxwell, bids fair to accomplish good and be a monument to the fidelity of the Alumni. Interesting letters were read from the Hon. W. D. Byrum, J. B. Williams, John W. Foster, Judge Andrew Wylie of Washington, D. C., now the Senior graduate of the institution. Also from Dr. Waugh, class '39; Prof. M. M. Campbell, class '36, and a letter from the daughter of Hon. Wm. H. B. Curtis, class of '34, Accomack, Va. About sixty were in attendance and the meeting was a lively and interesting one. The officers for the ensuing year are: President, Hon. John H. Bothwell, class '69; Vice Pres., Prof. Jas. K. Beck, class '74; Treasurer, Lon. D. Rogers, class '78; Rec. Sec., Ida M. Manley, class '87; Cor. Sec., Prof. John E. Wiley, class '85. Executive Committee—Ben. F. Adams Jr. class '83, Chairman; Prof. Jos. Swain class '83, Louise Maxwell class '78, Theo. J. Louden class '89, Maude VanZandt class '89.

Following the business meeting, at 1:30 p. m., was the Banquet. About 120 Alumni with their friends and guests seated themselves at a most excellent spread, gotten up by the National House of this city. Everything was of the best and served in excellent style. After the feasting came the "flow of soul" in the shape of speeches by the worthy Toast Master, Senator Wright, through whose wit and good humor the table was kept in a roar. Toasts were responded to by Dr. Jordan, Supt. E. E. Griffith class '85, Mrs. L. M. Beck class '76, Hiram Monical class '90, Hon. R. D. Richardson class '87, Hon. John R. Cravens class '40, Maj. James L. Mitchell class '58, and Dr. Jos. E. Jenks class '56. The toast was very excellent, and the banquet was pronounced the best yet enjoyed by the Association.

At 8 p. m. the annual address before the Association was given by the Hon. John Homer Bothwell, class of '69, now of Sedalia, Missouri. The audience was very much larger than usual. The attendance of Alumni was excellent, and Mr. Bothwell's address upon the American Pioneer Spirit was well said both in matter and in manner and merited the vote of thanks bestowed at the close. The Alumni may congratulate themselves upon the success of the day and upon having done their whole duty in contributing their share towards the commencement exercises. The credit of this success is largely due Prof. J. E. Wiley and J. K. Beck, Miss Lucy Maxwell, Ben. F. Adams and Prof. Swain.

COMMENCEMENT DAY was June 11. The exercises began at 8 a. m. Owing to its size (numbering forty-seven) only eight representatives gave addresses. These were John A. Miller, The Uses of Mathematics; Regina Binner, The Idealism of Schiller; John B. Wisely, Characteristics of True Oratory; Edwin E. Starbuck, The Fundamental Unity of Opposing Beliefs; Everett Shepardson, Glimpses of the Pedagogical in Emerson; Alice Test, The Faust Legend; George D. Morris, Necessity and Freedom; Sam. B. Harding, Some Historic Failures. The exercises closed

with the announcement of various advanced degrees. The benediction was pronounced by Dr. Jenks. The college bell is silent and the quiet of vacation is already upon the city. Thus ended one more college year.

## ROYAL BAKING POWDER

A cream of tartar baking powder. Highest of all in leavening strength—U.S. Government Rept. Aug. 17, 1890.

—H. C. Allen, the new dry goods man, has removed his household effects to Bloomington, and is now a full-fledged citizen. By the way have you noticed that Mr. Allen has an original way of putting things in his advertisements. He writes his own advertisements, and does it well.

—A. Rott & Co. have the next delivery turn-out in town; they keep fresh vegetables, and plenty of them; they have choice staple groceries and sell them down low for spot cash; no house is more conveniently located. Goods are delivered promptly; fresh fish are secured each Friday; poultry dressed on an hour's notice. They can fill your orders.

—Thos. M. Gaskins, a well known local M. E. preacher and a member of Co. F, 27th Ind. Vols. (Capt. Dave Buskirk's Company) died on Wednesday last in Washington tp.

—Mrs. Warder and daughter left for Columbus, Ohio, on Thursday last. Mr. Warder has been there for several weeks as agent for Greenstreet & Fletcher of Indianapolis. They will make that city their home.

—Who is it that has such tempting displays of fruits and berries? A. Rott & Co. Who keeps everything that is in season? A. Rott & Co. Who will sell you at bottom prices for cash? A. Rott & Co. Who are the reliable fish dealers—each Friday? A. Rott & Co. It would be well to remember these facts.

—On Tuesday night of last week the Mechanics' Band of Bloomington serenaded a number of the citizens, not forgetting to leave their card at the Progress residence. The band has shown phenomenal excellence from the first days of its organization, and the improvement noticed from time to time in its execution and style has been a source of pride to citizens and friends. The facility with which some of the performers handle their instruments is a subject of remark by visitors who hear the band for the first time, and there is no limit to the possibility of superiority and fame which they may yet achieve. Following we give the names of men and instruments:

Clarinet and Teacher, W. H. Seward, Ed. Cornet, Walter Burk and Wm. Lead. Br. Cornets, Matt. Fox and Chas. Steinberg. Solo Alto, A. L. Hinde. 1st Alto, Andrew Neill. 2nd Alto, S. A. Collette. —Mrs. S. H. Timmons, and daughter Miss Leah, of Evansville, Ind., are visiting Mrs. H. P. Tourner, corner of Walnut and 4th streets.

—About a dozen "trap shooters" were taken in last Tuesday night by Marshall Owen, who unexpectedly, to them, dropped in when the excitement was at its height. Owen is an exciting game, and the boys should look a little out.

—It is a very careless habit to throw old papers out in the street to be blown hither and thither at the mercy of the winds. Besides being unsightly in appearance they cause many horses to get frightened and serious damage is likely to result in consequence.

—Ed. Corr and Lee. Rogers went to Franklin last week to assist in nominating Geo. W. Cooper for Congress again. There being no opposition Mr. Cooper's nomination was taken by acclamation.

—Mrs. Harris accompanied her daughter, Mrs. Warder, as far as Indianapolis, on her way to Columbus, O., last Thursday.

—Prof. Wm. Bryan, delivered the address before the Normal School Department of DePaul University, at Greencastle, last week.
