Foundation Day exercises are to be held in College Chapel on Wednesday—at the gymnasium in the afternoon, and at the old college chapel at night. Everybody is invited.

The first Sunday afternoon lecture of the term was given by President Coulter. He believes in oneness of purpose: "If you aim at the whole target you will miss the center." The lecture was entirely devoted to "young men"—advising the course to pursue in all undertakings, etc.

Dr. Coulter is desirous that all students should hand in the names of those whom they know contented attending school at this institution. Also the names of teachers who have short term schools. It is the intention of the faculty to furnish such persons with a bountiful supply of University literature.

The class in Politics, under Dr. Woodburn, was highly entertained as well as instructed on Monday morning by a short talk from a member of the class on "The Possibility of Establishing the University Political Club." It is only a few years ago that what is known as the university extension movement began in England, on the idea that, as great many people are unable to go to the universities, the universities must imitate Mohammed's mountain policy and go to the people. With this end in view popular lectures were given in public halls by university specialists. The system has been steadily growing in this country since 1887, the leading university in its introduction being that of Pennsylvania, in Philadelphia.

President Coulter spent the greater part of last week working up the interests of the University in different parts of the State. On Monday night he dedicated the new high school building at Union City; on Wednesday night he lectured at West Newton; Thursday night, New Castle; Friday night, Thorntown, and finished up the week's work by giving a University Extension lecture at Louisville, Saturday. He also visited Dublin, Cambridge City, Centerville and Milton, while gone.

Among the new students that have cast their lot with I. U. this term are: John R. Ward, of Monticello, from the Valparaiso Law School; Junior Law; Claude Brant, of Ft. Scott, Kansas, from Baker University; Freshman; Francis D. Simons, of Washington, D. C., from Johns Hopkins University; Freshman; Thos. J. Leach, now of this city, from Franklin College, Sophomore; Wilfred J. Wood, of Peru High School, Albion and De Pauw, Sophomore; Mary P. Lincoln, of Ft. Wayne, from Ft. Wayne High School, Freshman; Claude G. Mallet, of Mitchell, from Mitchell High School, Freshman; Ella M. Leach, of Franklin, Franklin High School, Freshman. Of those who have been in before are Pearl Neeld, Sophomore, and W. C. Marshall, Freshman, from the Preparatory Dept.

It is currently reported that there have been three secret marriages among young people of Bloomington, this winter. Can you guess who they are?
