Bloomington, Ind. Progress.

Entered at the Postoffice at Bloomington Ind., as second class matter, May 1907.

NO MAN excels Geo. Benckart as a Bread baker. His bread creates comment wherever used, by its sweetness, richness, lightness. Try it and be convinced.

THERE is a great difference between butter and grease. Some people never learn to make butter. When a good butter maker is found the product is always in demand. Charley McPheters has the "knack" of finding these people, and as a consequence always has the best butter in the town.

RICHEST COFFEE in the town is served at Geo. A. Benckart's bakery, where can be secured a lunch that will specially commend itself to farmers and others.

CIGARS of the choicest brands are always found at McPheters' grocery, corner opposite post office. In these goods he has a large and constantly increasing trade. Then in coffee, tea and tobacco he leads the leaders. Ask for Charley McPheters' grocery.

If you don't know Charley McPheters' grocery location be sure to ask for it. No one excels him in quality of stock, nor in cheapness. He keeps very choice cigars, so all smokers say.

REMEMBER that Robertson & McKinley are in the grocery business in the new room north of the Progress Block, and that they carry a complete stock of all goods in the grocery line. Both are clever men, well known all over the county. They will buy choice produce, and want no other kind.

A COUNTY FAIR is what Joe Smith's remarkable store on the south side of the square is called by some people, and indeed it is that and more, for while it partakes of all the characteristics of a great exhibition, it has so much more than is usually found in one. For here are the choicest gems set in pure gold, the standard grades of silverware, all the novelties in clocks and watches, and wagon loads of rings, breast pins, etc. Watch repairing a specialty. The largest stock of books and stationery in Southern Indiana, will be found here at all times.

You don't want to order doors, sash or blinds till you call at W. J. Allen's hardware store and investigate the samples and prices. All manner of builders' hardware of late style and at as low prices as possible.

BOYS, R. L. Winslow, opposite the county jail, is headquarters for everything in the Buggy, Surrey, Cart and Harness line.

CHAS. WORLEY can supply you with a buggy, phaeton, spring wagon, or anything else in the way of a vehicle which you may need. You don't have to pay him cash, either, as he will swap for horses or mules. He may be found at the big livery barn north of the square, on College Avenue.

No More Hensons. Some of you people have been owing me by note or account for many long, weary months—and years. I am getting very tired of your dilatory action, and I am determined to have my money! Do you understand that? I am going to have it. Now the sooner you settle your indebtedness the cheaper it will be for you, as I intend to give an officer or a lawyer a chance to make a few fees if you don't come to time. These are "words with the bark on 'em."

W. J. ALLEN.

NEW THINGS in groceries and provisions have been secured by Chas. McPheters, the popular postoffice grocer. He buys only the best goods. He sells always the cheapest. He has no superior in any of these specialties.

PRODUCE! PRODUCE! PRODUCE!—The best that Monroe county affords is always secured by McKinley & Robertson, at their grocery on North College Avenue. It is the place to look for something choice.

REMEMBER that no man can sell No. 1 farm wagons or spring wagons cheaper than W. J. Allen. He asks you to call and examine his wagons before you buy.

Administrators and Executors and those who have the advertising for Estates will do a special favor for the PROGRESS if they will always insist upon the advertising (WHICH IS REQUIRED BY LAW) to be done in the PROGRESS. Rates are always reasonable.

The persons with whom we have been corresponding with reference to bringing in that 18 and 18 inch wood, will please hustle it in at once, before the roads get bad.

PERSONS with whom the PROGRESS has contracts for wood will please remember that we prefer 18-inch sugar, beech, or shell-bark hickory.

A HANDSOME town lot next to alley, 66 by 132 feet, well McAdamsized and paved on the east front, will be sold by Soddy Carmichael to the first applicant. Location only four squares from court house. Speak quick.

ASK FOR Winslow's when you come to town and want a set of harness. He can save you money.

Mr. Springer's Bad Case. Faris Bros., Gentlemen: For a long time I despaired of getting any relief from my attack of rheumatism—I suffered day and night, and was only without pain or unconscious of it what a sleep. Hearing of the South American Nervine you are selling, and being assured of its wonderful curative qualities by Mr. Mills, who had used it, I at once ordered two dozen bottles. To this I feel I owe my life and am so grateful to you for keeping the medicine, as I am that I used it promptly. Please send me one dozen more bottles. I intend to keep it in the house hereafter.

Was Almost Dead. Faris Bros., Gentlemen: I was almost dead this summer from general prostration and letting down of my nervous system, the result, as I verily believe, of an aggravated attack of grippe and fever from which I suffered last winter.
