## Bloomington, Ind. Progress.

Entered at the Postoffice at Bloomington Ind., as second class matter May 1867.

NO MAN excels Geo. Benckart as a Bread baker. His bread creates comment wherever used, by its sweetness, richness, lightness. Try it and be convinced.

THERE is a great difference between butter and grease. Some people never learn to make butter. When a good butter maker is found the product is always in demand. Charley McPheters has the "kneak" of finding these people, and as a consequence always has the best butter in the town.

RICHEST COFFEE in the town is served at Geo. A. Benckart's bakery, where can be secured a lunch that will specially commend itself to farmers and others.

CIGARS of the choicest brands are always found at McPheters' grocery, corner opposite post office. In these goods he has a large and constantly increasing trade. Then in coffee, teas and tobacco he leads the leaders. Ask for Charley McPheters' grocery.

IF you don't know Charley McPheters' grocery location be sure to ask for it. No one excels him in quality of stock, nor in cheapness. He keeps very choice cigars, so all smokers say.

REMEMBER that Robertson & McKinley are in the grocery business in the new room north of the Progress Block, and that they carry a complete new stock of all goods in the grocery line. Both are clever men, well known all over the county. They will buy choice produce, and want no other kind.

A COUNTY FAIR is what Joe Smith's remarkable store on the south side of the square is called by some people, and indeed it is that and more, for while it partakes of all the characteristics of a great exhibition, it has so much more than is usually found in one. For here are the choicest gems set in pure gold, the standard grades of silverware, all the novelties in clocks and watches, and wagon loads of rings, breast pins, etc. Watch repairing a specialty. The largest stock of books and stationery in Southern Indiana, will be found here at all times.

—You don't want to order doors, sash or blinds till you call at W. J. Allen's hardware store and investigate the samples and prices. All manner of builders' hardware of late-style and at low prices as possible.

BOYS, R. L. Winslow, opposite the county jail, is headquarters for everything in the Buggy, Surrey, Cart and Harness line.

CRAIG WORLEY can supply you with a buggy, phaeton, spring wagon, or anything else in the way of a vehicle which you may need. You don't have to pay him cash, either, as he will swap for horses or mules. He may be found at the big lively barn north of the square, on College Avenue.

NO MORE Nonsense. Some of you people have been owing me by note or account for many long, weary months—and years. I am getting very tired of your dilatory action, and I am determined to have my money! Do you understand that? I am going to have it. Now the sooner you settle your indebtedness the cheaper it will be for you, as I intend to give an officer or a lawyer a chance to make a few fees if you don't come to time. These are "words with the bark on 'em."

W. J. ALLEN.

NEW THINGS in groceries and provisions have been secured by Chas. McPheters, the popular postoffice grocer. He buys only the best goods. He sells always the cheapest. He has no superior in any of these specialties.

PRODUCE! PRODUCE! PRODUCE!—The best that Monroe county affords is always secured by McKinley & Robertson, at their grocery on North College Avenue. It is the place to look for something choice.

REMEMBER that no man can sell No. 1 farm wagons or spring wagons cheaper than W. J. Allen. He asks you to call and examine his wagons before you buy.

Administrators and Executors and those who have the advertising for Estates will do a special favor for the PROGRESS if they will always insist upon the advertising (WHICH IS REQUIRED BY LAW) to be done in the PROGRESS. Rates are always reasonable.

—The persons with whom we have been corresponding with reference to bringing in that 16 and 18 inch wood, will please hustle it in at once, before the roads get bad.

JAMES ROBINSON is in the fertilizer business this summer in earnest. He has the agency for E. Raugh & Sons' goods, and they are acknowledged to be the best in the market. He asks that special attention be given to the Pig Foot Bone, a Fertilizer that is now creating a great deal of interest. He has certificates from a number of farmers who have used "Half and Half," one of the best crop makers on the list. Before buying your fertilizers this fall call on Robinson.

ASK for Winslow's when you come to town and want a set of harness. He can save you money.

—James T. Robertson of Richmond tp., who is on the Republican ticket for Treasurer, is a No. 1 man. Robertson needs the office of Treasurer because his health is such that he is unable to do manual labor. He was in the army and came out a physical wreck. His head is all right, however, if he is rheumatic. He asks his friends to rally around him on the day of election, so that he may have a respectable majority.

Blair is one of the most painstaking and accommodating men who has ever filled the office of County Auditor. The business in the Auditor's office has doubled since he took charge of it, yet he manages it with considerable ease, and to the entire satisfaction of the people. It would be but just to give him another term.

## THE TRUTH. Facts and Figures.

The Republican meeting at the court house, Saturday, Oct. 8th, addressed by Capt. John W. Coons, Republican candidate for Auditor of State, and Senator Thomas E. Boyd of Hamilton county, Indiana, was a grand success.

Capt. Coons spoke upon State matters and especially upon the new Democratic tax law, the State debt and the interest paid upon the State debt during the last ten years, and he showed the people in what extravagant manner the Democratic legislature expends the money of the State.

Mr. Coons stated that the increase in the valuation of the taxable property of the State under the new tax law was increased \$400,000,000 in value and that the tax on the increase amounted to \$3,003,636 a year—that \$1,350,000 or 43 per cent, falls upon the farm property of the State, 30 per cent, upon the city and town property, and 25 per cent, upon the corporations of the State.

That if this \$1,350,000 increase of taxes of the farmers was invested in wheat at 70c. a bushel it would purchase 1,928,500 bushels, and if loaded in wagons, 40 bushels to a wagon, it would require 48,212 wagons in which to haul it, and if one team was to follow another it would reach 276 miles in a continuous line.

He also stated and produced the official report of the Auditor of State to show that the State debt was now nearly \$9,000,000, and that the same was increased since 1884, nearly \$4,000,000 and that the same was now equal to a mortgage on each real estate owner's property in the State.

That the new Democratic tax law requires a revaluation of the taxable property every four years, and that there was no assurance that in 1895, when the property is to be re-assessed another \$4,000,000 be again added to the valuation and that the State debt is likely to be increased under the present Democratic management three or four millions. That the interest on the State debt, paid within the last ten years was as follows:

1882,	\$289,826.24
1883,	391,018.46
1884,	283,114.99
1885,	294,873.44
1886,	195,029.00
1887,	439,494.58
1888,	346,236.29
1889,	287,134.09
1890,	274,074.66
1891,	279,129.91

Making in ten years \$3,062,971.68 paid on account of interest on the State debt.

The increase in Monroe county under the outrageous tax law is as follows:

Farms, 1891,	\$3,064,250
1890, old law,	2,600,700

Increase,	\$463,550
City and town, '91,	1,408,320
'90,	1,092,265

Increase,	\$316,055
Personal, '91,	2,138,600
'90,	1,788,400

Increase,	\$350,200
R. R. Teleg., '91,	672,330
'90,	269,370

Increase,	\$402,960
Total, 1891, new law,	7,283,800
1890, old law,	5,751,035

Increase,	\$1,532,765
Taxes, 1891,	112,079.99
1890,	85,158.53

Increase,	\$26,921.46
