THE GREAT SOUTH AMERICAN

NERVINE TONIC

AND
Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the Great South American Medicine Company, and yet its great value as a curative agent has long been known by the native inhabitants of South America, who rely almost wholly upon its great medicinal powers to cure every form of disease by which they are overtaken. This new and valuable South American medicine possesses powers and qualities hitherto unknown to the medical profession. This medicine has completely solved the problem of the cure of Indigestion, Dyspepsia, Liver Complaint, and diseases of the general Nervous System. It also cures all forms of failing health from whatever cause. It performs this by the Great Nervine Tonic, which it possesses and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body and as a great renewer of a broken down constitution. It is also of more real permanent value in the treatment and cure of diseases of the Lungs than any ten consumption remedies ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic almost constantly for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

CURES

Nervousness and Nervous Prostration, Nervous Headache and Sick Headache, Female Weakness, All Diseases of Women, Nervous Chills, Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Despondency, Sleeplessness, St. Vitus's Dance, Nervousness of Females, Nervousness of Old Age, Neuritis, Pains in the Heart, Pains in the Back, Failing Health. All these and many other complaints cured by this wonderful Nervine Tonic.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir, are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow and nerves is the result. Stagnant nerves, indigestion, and a general state of debility of the system, are the result. As the human system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This recent production of the South American Continent has been found, by analysis, to contain the essential elements out of which nerve tissue is formed. This accounts for its magic power to cure all forms of nervous derangements.

CRAWFORDVILLE, IND., Aug. 20, '98.
To the Great South American Medicine Co.:
Dear Sirs:—I desire to say to you that I have used two bottles of the Great South American Nervine Tonic and I am a new man. I have been suffering from nervousness and indigestion for many years, and I have not had a good night's sleep for many years. I have been suffering from nervousness and indigestion for many years, and I have not had a good night's sleep for many years.
