NEWS BY TELEGRAPH.

A CYCLONE CARRIES AWAY FORTY HOUSES.

Heavy Damages Done in the New England State—World's Fair Restaurant Kept by Will Be Compelled to Make Heavy Charges—Ex-Senator Patterson Dies While at Prayer.

AWFUL DESTRUCTION.

A Cyclone Carries Away Forty Houses.

RALPH (N. C.) Special. A cyclone swept over the town of Oxford, forty miles west of here. Rain and hail fell at the same time. The wind was terrific. Houses were blown down, trees torn up by the roots and halitones covered the ground to a depth of four inches and broke almost all the window panes in the town. While the storm lasted the town was in total darkness. Forty-two frame houses were blown down. A score of people were injured, several of them seriously. One negro was killed. The damage to property is estimated at \$200,000. Henderson and Graytown, twelve and fifteen miles northwest of Oxford, suffered in the same way. At the former place ten people were seriously and four fatally injured. Three-fourths of the houses in the town were razed to the ground.

It is learned that there was a second blow but it knocked down the telegraph wires and no further news can be had. There must have been another current of wind because at sundown the clouds had disappeared and the heavens appeared to be filled with leaves and it was remarked that there had been a cyclone somewhere not very far distant. The wind blew a gale here, but did not damage.

Will Have to Make Heaviest Charges.

Without notice and without President Higginbotham, Chairman, and Director Schwab, local member of the Council of Administration, made the rounds of the restaurants at the World's Fair, and paraded the islands offered to the public. In almost every instance the officials were compelled to pay extortionate prices for the food, and they will at once bring the matter before the council and insist that the concessionaires shall maintain the schedule of figures agreed upon when they were guaranteed their rights and privileges. The officials of the council will enforce this agreement, even if it involves the dismissal of every restaurant keeper from the grounds, for they are determined to protect the public and the interests of the fair.

Ex-President Harrison Homored.

Cincinnati special: Ex-President Benjamin Harrison was elected by the Ohio Commandery of the military order of the Sons of the American Revolution to be its president for the ensuing year. Major E. C. Dawes was chosen senior vice commander, Major W. B. Warner, Jr., vice commander, and the other officers were nearly all re-elected. The annual banquet was enjoyed by nearly 200 companions. General Lewis Wallace was one of the speakers and told of the defense of Cincinnati against Kirby Smith's forces.

Noted Arctic Voyager Dead.

Captain Richard Peck, master of the sailing steamer "Vesta," who was in command of the Peck expedition party north died at St. John, N. P., from a cancer. He was 52 years old and one of the best known Arctic navigators in New Foundland. He had been in the Peck expedition for nearly a year. He was his first voyage to the Arctic region. In the same steamer he was there again with the Peck expedition under the command of Lieutenant Garlington.

Murder and Violence.

A few years ago George Behrens, a prosperous farmer of Henry County, Ohio, became infatuated with Amanda Miller. He forsake his family and neglected his business. His wife, a woman raised possession of his money and then left him. The other day he called on Miss Miller and insisted that she should marry him. Upon her positive refusal he assaulted her, cutting her head to pieces, and ended the task by killing himself.

Wind and Water.

Reports from all over the New England States show that considerable damage was done by the late storm. Landslides and washouts occurred on all the railroads, causing considerable delay to traffic. Streams are badly swollen and have flooded the low lands, doing great damage to crops. Many mills have been compelled to close down. No fatalities have thus far been reported.

Dropped Dead During Prayer.

Ex-United States Senator J. W. Patterson dropped dead in prayer meeting at Hanover, N. H. He sat in his seat for half an hour before his death was noticed.

Train Wreckers.

An unsuccessful attempt was made near Lima, Ohio, to wreck the west-bound express train on the Lake Erie and Western. Officials state that they will offer a reward of \$5,000 for the capture of the train wreckers.

Boston's New Postmaster.

The President has appointed Jeremiah Covey, postmaster at Boston, vice T. N. Hart, resigned.

Refused to Comply with the Geary Law.

Revenue Collector Llewellyn, at Sioux City, Iowa, notified all the Chinese in the city of the requirements of the Geary law and gave them blanks to fill out. All refused to do so, saying that they had been so advised by their counsel and minister.

No Divorces in the Old Bay State.

Owing to the law which went into effect Monday, absolute divorce is legally impossible in Massachusetts. Parties desiring separation must go to the Legislature or Supreme Court, and even then the obstacle to be surmounted is immense.

Collapse of the Coffee Corner.

It is announced from London that the Glasgow corner in coffee engineered by M. Kallimback, the Paris operator, has collapsed, implicating thirty firms in Havre and a number of houses in Antwerp, Rotterdam, and Hamburg.

Honored Old Visitor.

A crowd of thousands of persons greeted the arrival of the famous old Liberty Bell at Chicago on Friday night. All along the route from Philadelphia the precious relic was cheered by immense crowds.

Mystery in Indianapolis.

On Smith, a grocer in North Indianapolis, and his 15-year-old son Oliver were found dead, and Mrs. Smith unconscious. The tragedy is mysterious. The Smiths had not lived happily.

OPENED TO THE WORLD

THE COLUMBIAN EXPOSITION IS A REALITY

President Cleveland Touches the Electric Button that Sets the Monstrous Engines Going—Simple but Impressive Ceremonies at the Formal Opening.

Gates Now Ajar.
The Columbian Exposition is a reality. The Col. mban Exposition has touched the button, the world had already done the rest. This greatest of all great fairs is now open to the public in all its splendor and international magnificence. Gorgeous in her festal decorations.

PRESIDENT CLEVELAND

radiant with the life and spirit of her people and the myriad hosts of visitors from many lands. Chicago has graciously welcomed this crowning event of her marvelous history, and in fitting manner received her distinguished guests who graced that notable occasion. The language of the order of exercises conveys no thought of the picturesque grandeur that made the day a notable one in the world's history—a day upon which the nations of earth assembled together in a city, itself one of the wonders of the century, and jointly took account of stock to discover how well they were getting on in the progress of the ages and what have been the moral and material achievements of civilization. But in the quickening activity of her people and their evident delight as the day approached, in the

THE CEREMONIES IN FRONT OF THE ADMINISTRATION BUILDING.

settled purpose of every citizen of Chicago to make the occasion one of appropriate significance and personal interest. The officials of the fair, as unprecedented in its history and pleasure as it will be in its influence upon the future development of the world.

ON THE WAY TO THE FAIR GROUNDS.

his party, reached the Union depot and were escorted to the Auditorium hotel by a troop of cavalry, a battery of artillery, and a regiment of infantry. The battery of artillery then moved to the lake front and fired a salute in honor of the duke.

his party, reached the Union depot and were escorted to the Auditorium hotel by a troop of cavalry, a battery of artillery, and a regiment of infantry. The battery of artillery then moved to the lake front and fired a salute in honor of the duke.

To Jackson Park.

Monday morning bright and early the

THE DUKE OF VERAGUA

movement toward Jackson Park began. Carriages were ordered for the 3000 guests to the Auditorium at 9 o'clock. As early as 8:30, accompanied by the citizens' committee representing the State Department and a proper military escort, the duke party moved south on Michigan boulevard. At the Lexington the duke party joined the Presidential party, and the procession, composed of regiments of troops, the Chicago Hussars, distinguished guests in carriages, members of the national commission and the local board, and a host of citizens and visitors, moved toward Jackson Park.

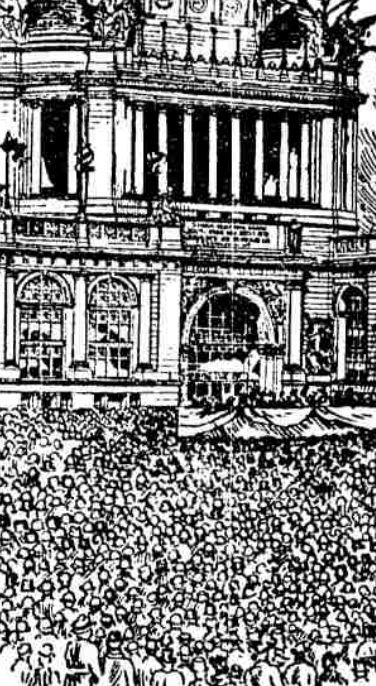

The formal opening exercises took place on a platform erected at the Administration Building, where

together objects of use and beauty, the product of American skill and invention, and we have also made men who rule themselves. It is the noblest sense of the brotherhood of nations, let us hold fast to the meaning that underlies the ceremony and let us not lose sight of the lesson that the world's great exposition is set in motion, and the same instant let us hope and aspirations awake forces which in all time to come shall influence the world.

THE GREAT ENGINE.

Set in motion by President Cleveland.

When all had been seated the orchestra opened the exercises by rendering the "Columbian March." Prayer was then offered by the Rev. W. H. Milburn, chaplain of the United States Senate. Miss Jessie Conthout followed by reading a poem, "The Prophecy," written by W. A. Croft, of Washington. After an orchestral overture Director-General Davis arose to make a brief address. He said the exhibition is not the conception of any single mind; it is the result of many single efforts, but is the grandest conception of the minds and the best obtainable result.

THE CEREMONIES IN FRONT OF THE ADMINISTRATION BUILDING.

of all the efforts put forth by all the people who have in any manner contributed to its creation. In this connection he praised the work of his co-laborers and of the various chiefs of departments. Referring to the expenditure entailed by the various governments he said the government had appropriated about \$5,000,000, the various States a sum in excess of \$6,000,000, and the foreign nations another \$6,000,000. Chicago and its citizens besides contributing \$11,000,000 furnished a loan of \$5,000,000. The total expenditures on account of the fair exceed \$100,000,000. He expressed his obligation to the thousands of exhibitors and to the women of the land, and closing, expressed the hope that the Exposition may inaugurate a new era of normal and material progress and a fervent aspiration that the association of the nations here may secure

THE LIBERTY BELL.

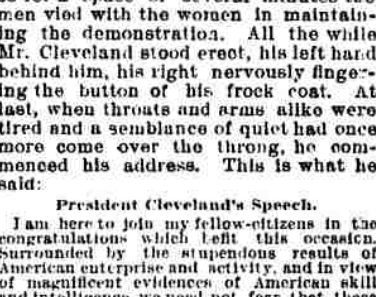

Following the ceremonies in the administration buildings President Cleveland was given a luncheon.

THE GREAT SOUTH AMERICAN, NERVE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nerve Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nerve Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nerve Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nerve Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

Nervousness, Nervous Prostration, Nervous Headache, Sick Headache, Female Weakness, Nervous Chills, Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Dependence, Sleeplessness, St. Vitus' Dance, Nervousness of Females, Nervousness of Old Age, Neuralgia, Pains in the Heart, Pains in the Back, Failing Health, Broken Constitution, Debility of Old Age, Indigestion and Dyspepsia, Heartburn and Sour Stomach, Weight and Tenderness in Stomach, Loss of Appetite, Frightful Dreams, Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles, Scrofulous Swellings and Ulcers, Consumption of the Lungs, Catarrh of the Lungs, Bronchitis and Chronic Cough, Liver Complaint, Chronic Diarrhoea, Delicate and Scrofulous Children, Summer Complaint of Infants.

All these and many other complaints cured by this wonderful Nerve Tonic.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nerve Tonic, which is very pleasant and harmless in all its effects upon the youngest and oldest and most delicate individual. Ninety per cent of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nerve Tonic has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., Aug. 20, '96.
To the Great South American Nerve Tonic Co.,
I have suffered for many years with a very serious disease of the stomach and liver. I have tried every remedy I could hear of, but nothing does me any appreciable good until I was advised to try your Great South American Nerve Tonic. I have taken it for two years, and since using it I feel like a new man. I am now able to do all the work I wish to, and I am sure that I believe it is the best medicine in the world. I consider it the greatest remedy for the cure of all forms of nervous derangement.

J. A. HANSEN, Ex-Treas. Montgomery Co.

A SWORN CURE FOR ST. VITUS' DANCE OR CHOREA.

CRAWFORDVILLE, IND., June 22, 1887.
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nerve Tonic and she is completely restored. I believe it will cure every case of St. Vitus' Dance. We used it in my family for two years, and am sure that I believe it is the best medicine in the world for this universal destroyer. There are no other remedies for St. Vitus' Dance or Chorea, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

JOHN T. MISH.

State of Indiana, Montgomery County, ss: Subscribed and sworn to before me this June 22, 1887.

CHAS. W. WRIGHT, Notary Public.

INDIGESTION AND DYSPEPSIA.

The Great South American Nerve Tonic Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the only and only one great cure in the world for this universal destroyer. There is no cure of indigestion and dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

Price, Large 18 ounce Bottles, \$1.25; Trial Size, 15 Cents.
