—A Letter From Mrs. Graham. Friendswood, Ind., June 8, 1893.—To the Faris Bros., Druggists.—It has been some seven months since I visited your city and was so fortunate as to have my attention called to the South American Nerve. Had suffered intensely for a number of years with nervous and sick headache, hot hot flashes, was sleepless and became despondent. Some of my Bloomington friends spoke so highly of South American Nerve that I was induced to buy a bottle—that purchase led to a number of others, and now I sleep soundly, feel buoyant, strong and vigorous, and seldom have headache. Those disagreeable "hot flashes" have disappeared, and I would not be back to the same condition I was in when I began to take the medicine for any man you could name. I am respectfully,
—ABELLA S. GRAHAM.

—Nervous Prostration—How Cured. Campbell Bros., Ind., June 1, 1893.—Faris Bros.—I had been suffering from nervous prostration for a year, and at times feared that I would become a raving maniac. While in Bloomington on a visit to relations I was induced to buy a bottle of South American Nerve at your drug store. Of course I feel the infirmities of age, but as far as the disease is concerned I am a new woman.
Yours truly,
