

## Republican Progress

SUBSCRIPTION, \$1.50 PER YEAR.

WM. A. GAGE, Editor and Proprietor.

THE BUSINESS OFFICE OF THE PROGRESS IS NOW IN THE FRAME BUILDING JUST WEST OF THE BURNED BLOCK.

—Wild Tom. Capt. Mathers' 3-year old pa-er is developing great speed.

—Born to Mr. and Mrs. Ed. Anderson of Clear Creek, a son.

—Simon Ades will be married at Louisville this week to Miss Bettie Shapinsky.

—Lincoln McPheters has been elected janitor of the public school building.

—Miss Johns of Martinsville is the guest of Misses Gertie and Fannie Bishop.

—Attorney Wilson is attending court at Bloomfield, and Mrs. Wilson and the children are visiting relatives at Spencer and vicinity.

—A brace of bicyclists rolled in from Paoli last Sunday, on their way to Chicago. They left Paoli at 6 a.m. and arrived here at 5 p.m.

—Rooster. S. W. will be the diet this winter of many people who voted for "Cleveland and reform."

—Chas. Cates and Chas. Beasley and wife have gone to Danville, Ind., to take charge of a hotel.

—Mrs. Raugh of Appleton City, Mo., is visiting her mother, Mrs. Woolley.

—Gradel schools in the old building will begin Sept. 18th. The new building will not be ready before Oct. 1st.

—Isaac Pauley, brother of Coon Pauley of this city, died at Kankakee City, Ill., Sept. 1st, aged 65 years.

—Jos. M. Smith and wife, H. J. Brannock and wife, John Manley, P. B. Smith, Oscar Cravens and Walter Lindley have gone to Chicago.

—So many people have gone to Indianapolis and Chicago this week that it is impossible to enumerate them. At this station 400 tickets were sold Monday.

—The Wilson bill which passed the House in Congress provides for the repeal of that portion of the act of July 14, 1890, which authorizes the purchase of silver bullion by the Secretary of the Treasury; that this act shall not impair, or in any manner affect the legal tender quality of the standard silver dollars heretofore coined, and it is declared that the United States shall maintain the parity of the two metals, gold and silver, at the established ratio or such other ratio as shall be established by law.

—The people of the United States would be perfectly willing to submit the whole silver question to John Sherman as an arbitrator.

—The indications are that there will be a good deal of labor hoarding during the present administration.

—Ex-Speaker Reed will review "The Political Situation" in the September number of the North American Review.

—On Sunday night several passenger trains passed over the Monon from Louisville to Chicago, under the direction of the Catholic people of Louisville and New Albany. The excursion was gotten up in aid of the St. Vincent's Orphan Home of Louisville, and contracts were made by which tickets were sold for \$15 that gave to the purchasers in addition to a round-trip fare, five admissions to the fair, and five days at a hotel. The tickets are good for fifteen days. Some eighteen cars passed this station during the night.

—Mrs. Lucy Shultz and son left Saturday for the fair—Dr. Farr has been in Chicago and at Jackson Park recently—Mac Ketcham of the Clear Creek mill is in Chicago—The scarcity of currency was illustrated last week when some honest soul with more good intentions than money dropped a beer check into the collection basket at the Christian church—Winnie Sutphin is visiting her uncle, C. L. Brown at Seymour—Mrs. Loffer of west 6th street is visiting relations in Orange county—Prof. Beck is doing institute work at Vevay, Switzerland co.—The Bonnell house on west 7th street is now occupied by W. A. Wallingford. John Martin has moved to Prospect Hill—Rev. VanCleave has been quite sick and he was unable to occupy his pulpit on Sunday—Maurice Moore of Vincennes has been visiting friends in Bloomington—One hundred new stalls are being constructed and repaired at the Fair grounds—Geo. Nicholson and wife of New Albany are guests of Jonathan Nicholson, 2d street—Miss Emma Rogers will teach in the Gosport schools—Mrs. Chas. Alexander of Burlington, Iowa, is visiting her sister, Mrs. Emmet Harris—A. J. Shields has bought Chas. McMillan's property on south Grant st.

—Recorder Jackson and family left for Indianapolis on Saturday to remain several days.

—C. R. Perdue was in town Thursday, on a visit to his daughter, Mrs. Ed. Whetsell.

—Ed Whetsell and family left Bloomington for Chicago on Saturday night.

—New stalls are being constructed daily at the fair grounds to accommodate those who are writing and telegraphing for space.

—If you think you have the best bushel of wheat in the county take it to the county fair and get \$10.

—I. Milt. Rogers and J. H. Garrison were 63 years of age on Friday last, and arranged to take dinner together in commemoration of the fact.

—Joe Cron's "Dr. Snider" won a race at Franklin last week in 2:17. He also carried of a purse at Columbus, Ind., in 2:20 a few days previous.

—The National Hotel still holds its position as a desirable place at which to take Sunday dinners. Some of our best citizens make it a point to dine there regularly.

—Harry Swindler has purchased the bakery of Pedigo & Mann, east side of the square, and has sold a half interest to John Kerr. Swindler & Kerr is now the firm.

—Mrs. Ab. Dowden has been confined to her bed with malarial fever during the past four weeks. There has been but little change in her condition since she was first attacked.

—It sounds queer to hear people abusing banks and bankers when you know that had it not been for the banks some of these howlers would long ago have been sold out by the sheriff.

—Let there be a determination to make the Bloomington Fair this fall the best that has ever been held in the county. In order that this may be so prepare to enter your stock.

—Bloomington G. A. R. and S. of V. will turn out in great force this week for the Indianapolis encampment. It is expected that over 300,000 strangers will walk the streets of the capital city.

—Greencastle Democrat: W. F. Kerr has moved to Bloomington, where he will open a photograph gallery. His gallery here has been leased to A. D. Miller, an experienced artist, who will continue the business.

—Go to Cal. Worrall's office and get a fair premium list if you have not already done so. The Fair is going to be the biggest and best ever seen in the county, and everybody will be glad they attended it.

—The latest and greatest of all wonders, a troupe of performing monkeys, are now presented to the public for the first time by Cook & Whitely, with assurance that earth cannot produce their equal. They are a study for the naturalist, a theme of thought for the philosopher, a source of pleasure for the people, a wonder for the children, a subject of surprise for everybody who do all that man can do.

—If people really want another railroad through Monroe county they should give every possible encouragement to the L. B. & B. which is now being worked up by Gen. Wilder and his able corps of assistants. The General has the ability, the experience, and the acquaintance with eastern capitalists that is necessary to make this enterprise a success. He has built a number of railroads in the south, besides has built and carried to successful operation a number of factories, foundries, rolling mills, etc., at Chattanooga.

—At the People's Party picnic last Thursday, Jesse Goss, a man of 90 years, was exhibiting a fire kindler which he is selling throughout the county. The lighter is dipped in gasoline, and in operation it he in some way threw some of the burning fluid on a 4-year old child of Mr. and Mrs. John Parks. The child's clothing was immediately ablaze, and in her efforts to save the child the mother's dress took fire. It was a desperate fight then to extinguish the flames, but before this was done both were seriously burned. Dr. Holland was then secured and he gave the sufferers such attention as they needed. They may both be marked for life as a result of the accident.

—Reduced rates on railroads for passengers and freight for the Big Bloomington Fair. Stables, herds, droves and flocks, containing champion specimens of the pure breeds of live stock, will be at the fair. Best of racing of famous horses every afternoon. Generous premiums offered in each department insure a large exhibit. Splendid music will be provided to give pleasure and enliven the occasion. The floral and domestic hall will abound in rich specimens of woman's handiwork. Grains, grasses, seeds, plants, roots, vegetables, machinery, implements and all the attractions worthy of being displayed at the fair. Send to C. R. Worrall for premium list.

—Level cultivation in corn and late potatoes has proven the best plan this year, and the two past years. But that does not prove it would be equally successful in a rainy season.

—A Hendricks county farmer tells me that one of the best crops of turnips he ever raised was planted on the 11th of September. We sowed about the first of August, but owing to the dry weather only a very few seed sprouted. If rain comes before the middle of September we intend to sow again. —Indiana Farmer.

—Says an Indianapolis paper: People in this city have to pay entirely too much for meat, and it seems to us, when we consider how little the farmer gets for cattle. Fresh meat sells for from 10 to 18 cents per pound, just about the same prices now, when cattle are worth only from \$2 to \$3.50 per cwt. as when they sold for twice as much. The men who handle the beef are getting too much, and the farmers who grow the cattle are getting too little. Cannot some way be devised by which the producers and consumers can be brought nearer together?

—Robert Wood of Stamps Creek, met a horrible death last Friday afternoon. He was stung to death by a bumble bee. The unfortunate man had discovered a bumble bee's nest in the chimney of the log house in which he lived and asked his sister to get a brush with which to beat them while he opened up the nest. Before the sister could return the bees had swarmed out and settled upon his head and face, stinging him so frightfully that in less than three hours he was dead. He was a cripple, all drawn up with rheumatism, and could only move about on crutches. He could not run away from the bees and wasn't able to beat them off. Mr. Wood was an old soldier and a pensioner, and only last March or April came to this county from the National Soldier's Home at Dayton, Ohio. —Paoli News.

—Miss Celia Bogeman is at her home in the country near Shelbyville, Ind.

—Prof. Robert Lyons, now at Weisbaden, Germany, will visit London, Paris, and other points of note during the next two months. He will then take a course in chemistry at Heidelberg, Germany.

—Fifteen of Allen Camp, No. 169, Sons of Veterans, went to Indianapolis as follows: Frank Graham, R. P. Norman, Henry Shields, Alfred Shields, Charlie Graham, Robert Campbell, David Vandye, E. O. Miller, Ezra Vandye, Ed. Fee, Otha Bennett, Alfred Gwin, Ray Hannah, Orie Rawlins, C. M. Norman, Edward Neeld and Charlie Duncan.

—The New Albany Ledger says: "The official board of the M. E. church at Bloomington has unanimously passed a resolution, which is backed by the entire membership, asking the Indiana Conference, that meets in this city Sept. 13, to send Rev. H. J. Talbott to that church as its pastor, and a committee was appointed to attend the Conference and urge his appointment."

Heller are defendants, requiring me to make the sum of Three Hundred and Seventy-Four Dollars and Four Cents (\$374.04), with interest on said debt and costs, to be paid to public sale to the highest bidder on

—We don't believe in keeping alive the animosities engendered by the war and for that reason we think it was bad policy to put so many southern democrats on the pension committee as Speaker Crisp did. —Indianapolis Sun.

—At last the agony is over, and Cory's cow can no longer lower the water works pond. On Wednesday like Sutphin bought the cow and shipped her to Indianapolis with a car-load of cattle.
