

Republican Progress

SUBSCRIPTION, \$1.50 PER YEAR.
W. A. GARE, Editor and Proprietor.

The Trustees of the city schools held an election for teachers last Thursday night, and the following were chosen. It will be seen that there is but little change:

Supt. of Schools, Z. B. Leonard.
High School—Principal, J. Z. McLaughlin; First Assistant, Miss Kate Wright; Second Assistant, Miss Evangeline Lewis; Third Assistant, Miss Kate Cochran.
Graded Schools—Miss Minnie Farris, Miss Maggie Poreh, Mrs. Hattie Mason, Miss Ella Wilson, Miss Anna McDermond, Mrs. Amelia Rhetts, Miss Elizabeth Hewson, Miss Carrie Kargie, Miss Anna Kelly, Ella Robinson, Flora Spencer, Clara Smith, Laura Hendrix, Cora Davis.

—Marriage licenses have been issued as follows since last report: Wm. Stull and Maude Ferguson, John McGuire and Maude Clements, Wm. H. Peters and Laura A. Fry, James Uland and Elizabeth Robertson, Ollie Smallwood and Mary Skimmerhorn, Frank Hatfield and Harriet Leas, John H. Chambers and Cora I. Carmichael, Jim. Monahan and Lida A. Clark, Jos. H. Zike and Mattie Litz, Jas. H. Cooper and Josephine Cooper, L. R. Sims and Lena Stivers, Geo. H. Crane and Martha Cirgin, Charles Winter and Sallie Smallwood, Wm. C. Johnson and Martha Nash, Isaac J. Wampler and Frances E. Chambers, Wm. H. Hite and Alice Deckard, Berry Langwell and Nancy Carter, Chas. W. Owings and Ida Fish, Henry Swingo and Amanda E. Holder.

—Mrs. Martha Small, one of the oldest and most highly respected of our citizens, died on Friday morning last, in her 84th year. Mrs. Small, while descending the steps at one of the doorways at her home a few days previously, fell and broke one of her hips. This, added to her age and enfeebled condition, had much to do with hastening the end. She was a sister of Mrs. John Blair Small, both of this city. The funeral services were held at the home on north Morton street on Saturday afternoon at 3:30 o'clock, Rev. L. Luccock and Carrier conducting the services. The remains were interred in the Cove-nanter grave yard.

—At the State convention of Populists last week, the Sentinel says: The roll was called for nominations for the general election, but no name was presented to the convention. The chairman asked in a pathetic voice if there was no member of the party smart enough to classify the rocks and a man from the First district, nominated Edward Kinde, who is an instructor in the State University at Bloomington. He was nominated by acclamation.

—The wholesale grocery firms of the west have entered into a compact organization to protect their interests in the trade. All discounts must be paid within ten days and the limit of credit is sixty days, after which time a note is taken with approved security. All collections have been taken from the hands of traveling salesmen and now made by draft. The wholesale grocers say that credit is too cheap, and that, as the business has heretofore been done, a retail grocer could start up in business with two hundred dollars and be a strong, energetic competitor of the man who had capital on which to do business. Credit has been too cheap, they say, and it has been a detriment to the wholesale and retail trade both. It is the intention to do a cash business.

—Wm. Vorhis, the well known quarryman, is confined to his home with an attack of rheumatism.

—Osman Mulky of Chicago is visiting his parents on west 5th street.

—The man Blodgett, who was so seriously injured by a fall one day last week, is but little better.

BRUCK & MCGARY,

WEST SIDE SQUARE, NORTH OF ALLEY.

Nearly one-fifth of the human race die from consumption or some other form of pulmonary disease.

As a rule, one thousand shingles, laid with four inches exposed to the weather, will cover 150 square feet of surface, and five pounds of shingle nails will fasten them on.

The price of butter was the last to go down as a result of hard times, but the drop has come now in almost every part of the United States. At Chicago and New York trade in butter is reported to be dead, and Boston reports the market in worse shape ever known. The lowered prices do not seem to bring about any increase in consumption. It is evident that there are a great many people who cannot afford to use butter even if it is cheap. The price of Elgin butter fell to 22 cents the first week in March. The Elgin Dairy Report finds by looking over the records for 15 years that the lowest price at which it sold at this season before was 25 1/2 cents, while the average price for 15 years was a fraction over 32 cents. The Dairy report believes that the low price this year was caused by general depression.—Rural Northwest.

"During the last year there has been a great falling off in my line of business," said H. T. Jewett, one of the officers of an eastern telephone company, who was at the National last evening. "When the general depression of business struck the country last summer merchants began to economize and curtail expenses as much as possible. A large number of firms who heretofore had always considered a telephone in their office to be an actual necessity, came to regard it as more of a luxury, and in many cases it was one of the first expenses to be cut off. A good many of them would reason this way: 'I can get along without it for awhile, and any time I have occasion to telephone I can use Mr. So and So's next door.' The result is that the offices and stores which still retain their instruments are over-run with an army of telephone borrowers. I do not think that there are more than half the telephones in use now that there were this time last year."

The latest scheme practiced in this city to swindle the people out of their money is the "spectacle racket." Within the last two weeks men have been peddling potatoes from wagons. They went to the homes of Dan Davis, George Clapper, and Dan Lively pretending to be selling potatoes and at each place have exhibited gold spectacles. They tell the lady of the house, "Now, here is a pair of gold spectacles that I found to-day and have no use in the world for them. If you want them you can have them for \$1, \$1.50, etc., etc. The fact is the peddlers and swindlers have bought the glasses at \$2 a dozen for the purpose of working the racket and swindling the people out of their money. The person mentioned in this article bought no spectacles and it is not known who did, but as a warning to unsuspecting persons mention is made of the fact.—Martinsville Republican.

SAM JONES'S PRESCRIPTION.—After the tremendous men's meeting at Waco last night Brother Sam Jones was thoroughly exhausted and he felt sick. Brother Jones is of a bilious temperament, and his sallow complexion tells plainly that while all is well with Brother Jones and his soul, there is war between him and his liver. Brother Jones felt bad at bedtime, and Brother Owens told him, "Go to God with it, brother; he'll straighten you out."

"Take a dose of pills," suggested the reporter. And Brother Jones followed the advice of Owens and the reporter, and as a result when he got up this morning he was all right and much refreshed. He said:

"Prayer was the thing, but I must admit that the pills did much good, and from now on my prescription for biliousness will be one prayer and three pills before bedtime."—Galveston News.

Forty years ago abolitionists and female suffragists received similarly outrageous treatment throughout the north. The recent death of Lucy Stone recalls the fact that a meeting in Connecticut one cold night a pane of glass was removed from a church window and through a hole was suddenly deluged from head to foot with cold water in the midst of her speech, but she wrapped a shawl about her and went on.

A underground railway in the business district of Chicago to make connection with the various "L" roads now built or projected, is the latest rapid transit scheme. The scheme is favored by Marcus Pollasky, attorney and engineer and promoter of a number of successful railway enterprises. It includes a four-horse tunnel 34 feet under ground, thus clearing all sewers, gas and water pipes, electric conduits and building foundations. This quadruple loop would be so placed as to allow connections to be made with the Alley, Lake street, Metropolitan and the North Side "L" roads.

STANNARD HAS FLOWN.

[Bedford Mail.]

On Tuesday the bondsmen of Frank O. Stannard made suspicious that all was not well, and instituted a hurried investigation, which revealed the fact, startling fact that Frank had not been seen since Thursday evening, May 17. On that day he boarded the southbound passenger train at 4:55 and it is thought that he is now safe in Old Mexico, where he is free from pursuit; the offense with which he is charged, conspiracy, not being extraditable. The U. S. Grand Jury meets at Indianapolis next Tuesday, May 29, and Stannard did not consider it wise to trust himself again in the hands of U. S. Marshals.

Col. V. V. Williams, Geo. W. McDaniel, J. E. Boruff and Hon. W. H. Martin are Stannard's bondsmen, and they have endeavored to find property with which to indemnify their loss, but with poor success. The amount for which they are liable is \$4,000; but practically no property is found in Stannard's name which they can seize. He was supposed to be wealthy, but it seems had been borrowing money everywhere possible for years, and has debts ranging from \$100 to \$1,300 which will aggregate nearly \$20,000, it is said. Stannard's flight will not be a surprise to his acquaintances, but the amount of his financial liability will. Besides being on his bond, Messrs. Williams and McDaniel are endorsers on his note for \$1,000; and Mr. Boruff is endorser on a note for \$500, and has an account against him of \$300. It seems to be a very bad piece of business all around.

The Indianapolis Sentinel of Thursday has the following with reference to the principal in this trouble:

Stannard is secretary of the trotting association of that part of the State, and a member of Stannard Bros. who own a valuable stock farm about five miles from Springfield. His bondsmen are among the wealthiest men of Bedford and Lawrence county, and on the day that they signed the bond of Stannard in the office of United States Marshal Hawkins, Stannard made the remark that they could make it \$100,000 if they wanted to, as it would never be called upon to be paid. His bondsmen on that day expressed the utmost confidence in his integrity and Col. V. V. Williams, a banker of Bedford replied that if they felt any doubt they would not be likely to sign it. The other bondsmen are George McDaniel, Wm. H. Martin and Edward Boruff, whose combined wealth exceeds a half million dollars. Stannard has been married but a few years and has a child two years old.

Samuel Wallingford was shaking hands with his numerous Bloomington friends last week. Wallingford looks no older than he did fifteen years ago.

The following dispatch explains itself:

WASHINGTON, May 23.—Rev. George N. Luccock, pastor of the Presbyterian church at Bloomington, Ind., the seat of the Indiana State University, was elected to-night pastor of the metropolitan Presbyterian church on Capitol Hill. Mr. Luccock is a graduate of Wooster and of the Allegheny Theological Seminary, and has been nineteen years in the ministry.

Six cents was the amount of damage awarded by a jury to William Wah, who had sued his cousin, Hermann Wahl, for \$5,000. There had been a fight and Hermann, a huge fellow, took William by the whiskers and tore them out by handfuls, as alleged. They were beautiful, long, golden, sweeping whiskers, raised in Germany and coaxed to still longer growth by the warm breezes of this country. Judge Pryor set aside the verdict on the ground that, if any damage were to be awarded, it should be in excess of six cents.—N. Y. Sun.
