### FOR CONGRESS.

The Knox county delegates will present the name of D. L. Bonner, of Vincennes, as a candidate for the nomination of Representative to Congress, to the Republican Congressional convention, for the Second Congressional District. Mr. Bonner is a well known Republican, a business man of fine ability and wide acquaintance, and has the confidence and respect of business men wherever he is known.

We know of no one more likely to secure the support of the merchants and manufacturers, in fact all classes of business men and taxpayers, and those interested in good government than Mr. Bonner.

### Horse Set Higher.

Electric roads and bicycles seriously affected the horse business of the country, and horses, except the very best, fell to low prices. The war has changed all that, and the Government finds that it has to pay double prices for the animals needed for artillery and cavalry. Two months ago the Government was paying from \$60 to \$75 for cavalry horses; last week at East Buffalo the agents of the Government paid as high as \$135 and bought four horses for less than \$120. In order to facilitate the purchase of the needed horses the Government has lowered the standard to which they must conform, so that now any sound horse between the ages of five and eight and standing from 15 1/2 to 17 hands is regarded as suitable for the cavalry service. Even with this concession the Government agents are finding it difficult to get all the horses the Government needs. Color is not considered at all. One thing in the Government regulations is very sensible—no horse whose tail has been docked can be accepted.

Success in naval warfare has nothing of the highfalutin, sensational aspect about it; there is no waving of swords and cheering to the men; no preparation for heading the boards and thus driving the enemy from the ships. It is now a question of higher mathematics, as to how the guns shall be trained to strike the enemy's ship so far distant that the men upon her are indistinguishable even with marine glasses. It is the gray brain tissue highly developed and properly organized which wins the victory.

The United States, for the first time in years, will go into the new wheat crop with scarcely a bushel of the old on hand. Stocks are almost completely exhausted in every large market and there is practically none in the hands of farmers. Good prices induced them to sell, and the export demand has taken about all the surplus wheat out of the country.

The frequent difficulty in balancing account books has been solved, according to the Chicago Post, by the treasurer of a woman's club, who explains her system thus: "I just add up what I have received, and subtract from that what I have paid out, to show what is due the club, and then I make my husband give me a check for the amount." Unfortunately many expatriated cashiers have no husbands.

There was a big basket meeting at Walter Burkhardt's grove, near Ketchum's springs last Sunday. Services were in charge of Rev. J. M. Weddle.

Don't wait till all the bargains are gone, at the Corner clothing store, but go there now. The prices show for themselves. \$6 suits are being sold for \$3—and so in like proportion throughout the stock. Can't understand how they do this, but it is true, nevertheless.

Mrs. Ella Lynn of Yellow Springs, O., is visiting her mother, Mrs. M. A. Adkins, east 6th street.

Mrs. C. F. Marston and Mrs. Charles Cathcart have been visiting their aunt, Mrs. Ross, in the south part of the county.

Miss Jessie Gentry has gone to Terre Haute on a two weeks' visit with her sister, Mrs. A. B. Evans.

Mrs. Wool Coppock, who has been visiting her sister, Mrs. Al Smith, has returned to her home in Victor, Ia.

Mrs. T. E. Lawes of Dunkirk, Ind., came to Bloomington on Wednesday on a visit to friends.

Samuel Ralston of Lebanon, brother-in-law of the Cravens Bros., was nominated by the Democrat for Secretary of State.

## MONON'S NEW ROAD

Will Be Ten and One-Half Miles Long, and Will Have Nineteen Bridges.

[Bloomington Star.]  
The Indiana Stone Railway Co. will be at work on their route in the south part of this county within 20 days. The new road will run west of the Monon, leaving Clear Creek station just north of the church, and coming back to the Monon just north of the bridge at Harrodsburg, making a road about 10 1/2 miles in length.

This road will be used by the Monon for all trains between Clear Creek station and Harrodsburg, thus cutting off Smithville and Sanders from the main line. There will be a switch from the new road to the stone quarries at Sanders, but the nearest station to Smithville will be Ketchum's mill. George Ketchum gave the new road the right of way free with the condition that a station, with switch, be made at the mill. The purpose of this road is not only to reach the undeveloped stone fields, but also to give the Monon a route around the Smithville hill so that heavy freight trains may be pulled north without breaking them up into sections. It will cost a large amount to build the new road as there will be 19 bridges, besides a great deal of filling and cuts. Some of the property holders are claiming heavy damages. Nathan Smith claims \$3,500 as it will cut off 60 acres of his land, but the company offers to pay him only \$500. This will have to be settled in court by a condemnation suit. At the old Woodward farm, now owned by Dr. Davis, the house and all the outbuildings will have to be moved across the road to the grove on the east side. It will even run over the cistern. Several others are claiming damages which will be settled by Judge Martin appointing appraisers. The amount they fix is to be deposited in court by the railway, and they can go ahead with the work. The property holders may appeal the case to court, and whatever the final judgment is the railroad will have to pay. It will be cut off entirely from railroad communication.

Friday morning, at Greencastle, Mrs. Jenkins made a startling discovery while digging in a large flower vase in her front yard. Two watches were unearthed; one was a gold watch and the other was silver. The report of the find soon spread, and the timepieces were found to belong to Rudy Burkett, whose residence a few blocks distant had been robbed a few months ago. There is no trace of the robbers, and the persons who committed the deed are still unknown. People are digging in vases all over town now, hoping to unearth valuables.

Jeffersonville News: Berry Crabtree (colored) is the oddest looking convict that ever came to the State Reformatory. He arrived on wheels from New Albany. Crabtree's legs are off at the trunk. Judge Herter ordered him sent to the Reform School, at Plainfield, but the officials of that institution had heard of his incorrigibility and refused to receive him. He sits on an iron rod, which has a wheel on either end. He uses his hands as propellers and can get around at a lively rate. Superintendent Herter will use him as a messenger.

Two valuable rings belonging to Mrs. Joseph Swain, wife of the president of Indiana University, were stolen at the union station Monday afternoon of last week. Mrs. Swain removed the rings and placed them on a stand while she washed her hands, and when she went to look for them they were gone. There were a number of women in the room at the time and it is supposed one of these stole the rings. They were valued at \$500.—Indianapolis Sentinel.

How Luther Benson Died.  
RUSHVILLE, Ind., June 21.—Mr. Benson last night was the guest of H. Nixon and wife near Raleigh. Sitting on the porch in the evening Mr. Benson complained of temporary blindness. His condition was such that Dr. C. L. Lea of Falmouth, who was prescribing for him since his arrival at Raleigh last Friday, thought it advisable to remain with Mr. Benson all night. Mrs. Nixon lay on a couch near Benson's bedroom in order to give him medicine at regular hours. A few minutes before 2 o'clock she awoke, and hearing no breathing in Mr. Benson's room, entered. He was in his dying struggles then and passed off quietly a few minutes afterward. Dr. Lea pronounced it apoplexy. Undertaker Wyatt of this city prepared the remains for burial and forwarded the body to Indianapolis this evening. The Nixon family live about a mile from Benson's farm, where he was spending his vacation with his brother-in-law, Jasper Miller.

Walter P. Buzzard is at Bedford working for the Metropolitan life insurance company and will have control of the Bedford branch office.

### WAR NEWS.

Twenty-two Americans were killed and seventy wounded in a desperate battle fought near Santiago between 1,000 Americans and 2,000 Spaniards. The loss suffered by the enemy is thought to have been equally severe.

Admiral Sampson sent a message to Admiral Cervera demanding the surrender of Santiago and giving notice that in case of refusal that the American forces would reduce the defenses and capture the city. The Spanish admiral refused to consider the matter of surrender.

Gen. Shafter's army is advancing on Santiago and a combined attack by the American naval and land forces upon the Spanish stronghold is looked for in a few days.

Gen. Miles will accompany a second army to Cuba. This force is to consist of 18,000 men.

It is announced in Washington, seemingly with authority, that if the Spanish Cadiz squadron passes into the Suez canal a powerful American squadron will start at once across the Atlantic, enter the Mediterranean and bombard the Spanish seaports.

Judge Martin came to Bloomington on Wednesday and closed up the business of circuit court.

—Walter Lowder, east Atwater avenue, is quite sick with typhoid fever.

—Henry Nuckolls of Chicago was here on a short visit with his mother and other friends, last week.

—Miss Emma Batman has gone to Seymour on a visit with her aunt, Mrs. Minnie Waldron.

—Harry Howard is here with his six penpals. It is understood that Cron and Howard have dissolved partnership with Mike Mullen.

—Rufus East of Indianapolis spent Sunday in town.

—Four sheep on Wm. Weimer's farm west of town, were killed by dogs one night recently. The loss was not discovered until Friday, when the mangled bodies of the sheep were found. John Brashaber also lost nine the same way and Wilson Adams one.

—Mitchell Commercial: Chas. W. Miller and Thos. B. Harris of Bloomington have pitched their photograph tent on Seventh street near Crawford's elevator. They are good picture makers with lots of experience.

—Mort. Nichols and wife of Indianapolis are here on a visit.

—Mayor Hadley and wife are visiting relations at Mooresville.

—Bate Hanna is dangerously ill.

## Special Master's Sale OF VALUABLE Water Works Plant.

NOTICE IS HEREBY GIVEN, that the undersigned, a special master appointed by the Circuit Court of the United States for the district of Indiana, in the case of Clyde E. Coon and Winifred S. Coon vs. The Bloomington Water Works Company, and others, by virtue of an order of said court entered in said cause on the 23d day of June, 1898, and a further and supplemental order entered on the 23d day of June, 1898, will expose for sale to the highest bidder at the south door of the court house in the city of Bloomington, Monroe county, Indiana, on

Thursday, July 28th, 1898,

between the hours of 9 o'clock A. M. and 4 o'clock P. M. of said day, all the property, both real, personal and mixed, together with all the rights, muniments and privileges, belonging to or appertaining to the said Bloomington Water Works Company. Said real and personal property are described as follows, to-wit:

All that part of Seminary Lot No. 187 which lies north of the Bloomfield Pike, now called the Dinsmore Pike, and described as follows: Beginning at a point 5 feet north of a point in the south line of Seminary lot 186, which last named point is 229 feet east of the south-west corner of said Seminary lot 186, running thence west along the line between Seminary lots 186 and 187 to the south-west corner of said lot 186; thence south along the west line of Seminary lot 187, 123 1/2 feet to the north line of said Bloomfield road; thence along the north line of said road to the place of beginning.

Also the following: Beginning at the southwest corner of Seminary lot 186; thence north along the west line of said Seminary lot 186, 58 1/2 feet, thence east 303 feet to the north line of the Bloomfield road; thence south 49 degrees west along said north line of Bloomfield road 111 feet to the south line of said Seminary lot 186; thence west along south line of said Seminary lot 186, 215 feet to the beginning.

Also, a part of the southwest quarter of section 6, town 8, north range 1 west; beginning at an iron post in the center of the Dinsmore Pike on the east line of said quarter section 1010 feet south of the southeast corner of said quarter section, running thence north on said east line of said quarter section 993 feet to an iron post; thence west 1418 feet to an iron post in the Stone Spring stream; thence south 1820 feet to an iron post 150 feet north of the center line of said quarter section; thence east 47 1/2 feet to the center of the Dinsmore Pike; thence north 50 degrees east with the center of the Dinsmore Pike 1240 feet to the place of beginning, containing one hundred and fifty (150) acres.

Also the following: Beginning at a point 53 1/2 feet north of the southwest corner of Seminary out-lot 186 east 319 feet to the north line of Bloomfield road; thence south 49 degrees east along said north line of Bloomfield road 23 1/2 feet; thence west 303 feet to the place of beginning.

Said tract being bounded on the south by a tract of land belonging to the Bloomington Water Works Company.

Also the system of waterworks now in process of construction in and near the City of Bloomington, in said county and State, occupying in part said real estate as above described and extending from the said real estate as above described into the city of Bloomington and through, in and under certain streets and alleys in said city, and all buildings, reservoirs, dams, pumps, engines, boilers, pipes, machinery, mains, hydrants, plugs, attachments, hose, and each and every article of machinery, fixtures and appliances in or about or pertaining to said Water Works, its real estate, plant, or in any way connected with or comprising the said system of water works, and all property, real personal and mixed, rights, privileges and muniments of the said Bloomington Water Works Company.

Said real estate together with all the property constituting said plant as herein before set out will be sold as an entirety by said master free from all liens and encumbrances except for the balance of the unpaid purchase money as hereinafter set out.

The Master will accept no bid from any person at said sale until such bidder shall have made a deposit with said Master of a certified check in the sum of one thousand dollars in such form as to him shall be satisfactory, and all sums so deposited to qualify persons to bid at said sale shall be returned to the depositories except the one to whom the sale shall be made, and said sum so deposited by such successful bidder shall be by the Master paid into the registry of the court to the credit of the cause, and upon approval and confirmation of the sale by the court the purchaser shall have credit for said sum so deposited upon the amount of his bid. And in case the purchaser fails or refuses to comply with the terms of his bid, or with any order of the court in respect to such sale, then said deposit shall be forfeited as a penalty for such non-compliance, and if the sale be not confirmed by the court, said deposit shall be returned to said bidder.

Upon approval and confirmation of such sale by the court the purchaser shall pay to the Master, or into the registry of the court, as the court may direct, one third of the amount of his bid in cash less the amount of his deposit, and shall pay the remainder of

—It is announced that an expert German gunner named Gott-hell has been given charge of the Morro battery at Santiago. One of these days he can tell the whole story of what happened by merely telegraphing home his name.

A grand new departure of J. H. LaPearl's Great Allied Shows that will exhibit at Bloomington, Thursday, June 30, is the new trained animal exhibit. Animals trained to present the most astonishing displays, from time to time during the progress of the extensive program. The two rings are occupied by trained animal actors of surpassing interest; prominent among them are the performing elephants. They appear simultaneously in two rings. These variable moving mountains of flesh present a most wonderful and unique display; manifesting remarkable precision and understanding in their accomplishments. An exhibition of animal intelligence that gives great credit to their trainers, and is a source of wonder to all beholders.

### NO TEACHER

Should miss the N. E. A. meeting at Washington in July next. A visit to Washington under ordinary circumstances is an education in itself, but on this occasion teachers will have special opportunities to visit the National Library, the Smithsonian institute, National Museum, the departments, Mount Vernon and various other places of interest. The navy yard, it is not unlikely, will offer sights worth a journey across the continent to see.

The Monon Route will sell round trip tickets at a special low rate, good for a sufficient length of time to see all the sights of the national capital and vicinity, particulars of which will be furnished by the Monon ticket agent.

## THE MONROE COUNTY NORMAL.

To the Teachers of Monroe Co. and Others to Whom it May Concern.

Our County Normal will open June 30 and continue six weeks. We are, I think, especially fortunate in that Prof. Jas. K. Beck, well known to us all, will undertake the direction and execution of the work. He will be assisted by Mr. W. D. Dail of the Bloomington High School and by Mr. E. O. Holland of the Anderson High School. It is unnecessary to say anything in reference to the expense or capacity of any one of these instructors or of their ability to make for us the best possible normal. There is a place in the county for every prepared home teacher, and I know that the school will be a valuable aid to every one who avails himself of its advantages.

Our aim is—1st, to supplement as strongly as possible any previous work done as a preparation for teaching; 2nd, to develop and render practical the principles and
